Mr. John Reeder with his family moved back to his home down near the Orangeburg line yesterday. John is a good clever man and has an interesting family, and we are sorry to lose them.

Treasurer Frank W. Shealy was the busiest man Monday you ever saw serving tax payers. Don't see how he could possibly give the children at home a good word or even hand candy around to please them.

Reader, remember that we want every subscriber far in arrears, to settle up past indebtedness. We prefer to work for few in number of prompt paying subscribers than to carry a large list of uncertainties.

Messrs. Heber and Henry, sons of Mr. W. W. Barre of this place, are at their home during the holidays. The former holds a position as electrician of the Olympian Mills, of Columbia, and the latter is pursuing studies at Clemson College.

Mr. Willie E. Harman, formerly of this place, but now manager of the mechanical department of the Augusta Lumber Co., of Augusta, Ga., spent his Christmas with his parents, Mr. and Mrs. M. D. Harman, in this place.

Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
