

Wishing.

Do you wish the world were better? Let me tell you what to do—Set a watch upon your actions; Keep them always straight and true; Rid your mind of selfish motives; Let your thoughts be clean and high; You can make a little Eden Of the sphere you occupy.

Indigestion.

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people.

Things You Ought to Know.

Did you know that in the various orphan institutions in South Carolina, about seven hundred orphans are gathered for educational purposes?

Did you know that it cost an average of at least five dollars a month to provide for each one of these?

Did you know that the summer time, when other people are living in plenty, is usually the hardest time of the year with our orphans, and in every case the institution, treasuries are empty?

Did you know that contributions of flour, rice, meal, molasses, bacon, and other groceries are as acceptable as cash?

Did you know that all of these orphan children are the children of your deceased brothers and sisters?

Did you know that if you failed to help them, they will surely suffer?

The Connie Maxwell (Baptist) Orphanage is located at Greenwood, the Epworth (Methodist) Orphanage, at Columbia.

The Thornwell Orphanage, which now cares for and educates a family of 230, is at Clinton, South Carolina. At this latter institution, though under the care of Presbyterians, over half of the children are of Methodist, Baptist, Lutheran, Episcopalian or other parentage. Send your gifts to Rev. Wm. P. Jacobs, President.

Mr. Koon Out of the Race.

To the Editor of the Dispatch:

I regret very much to ask you to drop my name from the list of candidates and doubly regret my inability to respond to the call of my many friends who announced me as well as those who have solicited me from almost every section of the county to enter the race for Supervisor. I can only answer them with many thanks and appreciation of the trust and confidence they have reposed in me. I had made up my mind not to be in politics at all, for I have my business so arranged that it is impossible to make the race. I am sorry that I was unable to decline earlier, but being pressed with my work and having a case of typhoid fever in my family I could not do so earlier. Allow me again to thank my many friends and the good people of the county for favors shown me in the past and expressing the hope that I may be of some service to them in the near future, I remain, respectfully, George H. Koon.

Scholarships Examinations.

That our people are beginning to appreciate the value of the free scholarships offered by the State col-

leges is shown from the large number of young people who took part in the examinations held in the court house on Friday the 8th inst. The examinations were conducted by County Superintendent of Education John S. Derrick, assisted by the two members of the County Board—Prof. O. D. Seay and Jas. V. Smith.

There were three vacancies for Winthrop College and thirteen young ladies took the examination. Twelve young men stood for the three vacancies at Clemson College, and four for the one vacancy at South Carolina College. There was one vacancy for the College of Charleston, but there was no applicant.

All papers, except for Clemson College, were immediately forwarded to the faculties of the several colleges and no doubt the result of the examinations will soon be made known to the successful applicants. The County Board, acting under the statute, has made its recommendation to the State Board and the result will soon be made known.

Sheehan Praised Tillman.

The following dispatch is published in the New York Herald:

From the lips of William F. Sheehan Judge Parker this evening learned of the reception his message on the gold standard received in St. Louis. Mr. Sheehan talked with Judge Parker for an hour, going into the fullest details, and lauding the work of Senator Tillman, whose labors in behalf of Parker at the critical moment Mr. Sheehan described as being "a perfect bulwark against the oppositionists."

Mr. Sheehan told Judge Parker further that all his friends would hereafter swear by Tillman. He praised the final summing up of John Sharp Williams, which closed the discussion of the dispatch. Mr. Sheehan very frankly told Judge Parker that not one of the politicians at the convention would ever have recommended Judge Parker's action in sending the now famous dispatch. He said that the dispatch was received by him when he was already fagged out, and came as a thunderbolt from a clear sky, and further increased the troubles he then had on his hands.

Mr. Sheehan has issued a statement bearing his signature in which he denies that Judge Parker at any time telegraphed a message of any kind to David B. Hill during the latter's stay in St. Louis.

Key to Pronunciation.

Senator Stone of Missouri tells a story illustrating the difference of pronunciation in different parts of the country. "It is related," says the Senator, "that when the first tide of New England settlers began to drift to Kansas, Missourians tied a cow at each crossing of the Missouri river. If the emigrant said 'cow' he was permitted to cross, but if he said 'keow' he was told to return to the east, because the natives were satisfied that he was an evil minded abolitionist. The Kansas people evened up by tying a bear on their side of the river and if the emigrant said 'bear' he got the right hand of fellowship, but if he pronounced it 'bar' he got an hour to get back to Missouri, because he was an advocate of slavery."

A Serious Question.

Mr. Sampson (passionately)—I love you devotedly, Miss Chumley, but my pecuniary affairs have prevented my making a declaration until now. But I have put enough away now to feel justified in asking you to become my wife. Miss Chumley (hesitating, but sweetly)—I confess that I am not wholly indifferent to you, but—"But what, dear?" "Would you mind telling me how much you have put away?"

Those Terrible Losses.

Ta Tehe Kiao, Thursday, July 14. (Delayed in transmission)—The latest reports regarding the storming of Port Arthur, July 10, place the Japanese losses in killed or wounded at 25,000 and those of the Russians 5,500. The Japanese retired and the Russians occupied the position.
