

At Home and Abroad.

Business is brisk. Teddy is getting scared. Cotton is coming every day. It is too dry to hunt possums. Eggs are high and are in demand. Now for the State Fair and the circus.

Our merchants are carrying some lovely goods. Go to the polls on the 8th of November and vote.

Dr. Hendrix is preparing to build the annex to his drug store.

Lawsy! How good and warm and comfortable quilts and blankets feel these cool nights.

If the Democrats will do their duty on the 8th of November Lever will not be unseated.

Many a political candidate stands on his record for the purpose of keeping others from getting at it.

The attempt to organize a Camp of the Woodmen of the World at this place was a failure. More's the pity.

"Elijah" John Alexander Dowie, of Zion City, has ordered his followers to vote the Republican ticket. Well, misery loves company.

Mrs. R. Hilton, who has been spending some weeks among relatives in Brookland, has returned to her home at Saxe-Gotha.

The Weekly Crop Report Bulletin, Published at Clemson, is hibernating—that is, it has suspended publication for the winter.

The Summer Girl has passed away. Only fond recollections of her short, but beautiful butterfly life remains to tell us that she has been.

John Sharp Williams, the Democratic leader of the House, counts New York and West Virginia as safe for the Democrats. So mote it be.

The safest plan is to vote "no" on all the proposed amendments to the Constitution. It is better to endure the evils that we know of than to flee to those we know not of.

The Attorney General is of the opinion that there must be separate boxes for voting on each proposed Constitutional amendment. There are four proposed amendments to the Constitution hence there will be four additional boxes.

The 24th of November is Thanksgiving Day. If Mr. Roosevelt would only be defeated what songs of rejoicing would go up all over this fair Southland from thousands of grateful hearts to Almighty God for his inestimable blessing. We ourselves would go to church and help to swell the grand old Long Meatre doxology.

The band is playing, the horses prancing, the cows lowing, hogs squealing, the roosters crowing, hens cackling, ducks quacking, the girls are flirting, the boys courting, the matrons gossiping and the lords of creation are buying peanuts and popcorn on the grounds of the County Fair today.

The State Board of Dispensary Directors has received a petition from the people of Ellorose asking that the dispensary be removed from that town. Under the provisions of the amended Brice bill can this be done without the people of Ellorose first voting a tax upon themselves to pay the expenses of enforcing a prohibitory law?

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for particulars and testimonials. Address: F. J. Cheney & Co., Toledo, Ohio.

Sold by druggists, 75 cents. Take Hall's Family Pills for constipation.

Broad River Water.

Columbia Evening Record. The experts have decided to give us Broad River water. I have decided ever since I was a boy to drink this water. My father once ran boats on this river and he thought there was no water better. A mountain and hilly country with the best of springs flowing in to make the river. He said his dogs had more sense than some people. When he went hunting on Saluda river and Congaree creek his dogs would almost perish for water. They would not drink until they got back to Broad river. Mr. Jenkins, at the post office, and

others, asked me why was it their horses would not drink cold well water, and come and drink hot spout water. Its hard to fool dumb beasts about water.

I am told Glenn Springs was found to be a water of great value. It was discovered by the wild beasts of the forest.

I think Columbia is blessed with good water. We have the Boiling springs, a good, pure spring water, brought to your house for 3 cents a gallon. I don't know much about distillery water. They say rye and corn is all O. K. I do know Boiling spring water is good and pure, and everything is kept nice and clean at the spring. P. J. Rucker.

[Mr. P. J. Rucker, a scion of Lexington stock, but who has been residing in Columbia for a number of years, has decided to continue the use of Broad river soup, when he can't get "Boiling springs water for 3 cents a gallon deliver at the door," for domestic purposes, because his father's bounds preferred soup to water in the distant past. If we remember correctly, and we think we do as it has not been so long ago, Mr. Rucker discovered a well of pure water upon his premises in the suburbs of the city, which was extensively advertised as a fountain of perpetual youth, whose waters would turn the most homely girl into a blushing maiden of sweet sixteen, and the introduction of which into the system would make all the microbes to which flesh is heir come out faster than the devils did the maniac in the Holy Land. He has sold that well now, because he hungered and thirsted after Broad river.]

Cures Blood Poison, Cancers, Ulcers

If you have offensive pimples or eruptions, ulcers on any part of the body, aching bones or joints, falling hair, mucous patches, swollen glands, skin itches and burns, sore lips or gums, eating, festering sores, sharp gnawing pains then you suffer from serious blood poison or the beginning of deadly cancer. You may be permanently cured by taking Botanic Blood Balm (B. B. B.) made especially to cure the worst blood and skin diseases. Heals every sore or ulcer, even deadly cancer, stops all aches and pains and reduces all swellings. Botanic Blood Balm cures all malignant blood troubles, such as eczema, scabs and scales, pimples, running sores, carbuncles, scrofula. Druggist, \$1.00. To prove it cures, samples of Blood Balm sent free and prepaid by writing Blood Balm Co., Atlanta, Ga. Describe trouble and free medical advice sent in sealed letter.

We cannot understand, try as hard as we may, why some Columbia folks become so enthused at the mere mention of the proposition to connect Columbia and Newberry by a trolley line, and are so careless and indifferent in regard to a far more important project, when it comes to the consideration of the proposition to build one from that place, via Lexington, up the Saluda valley to Saluda Court House, and from thence to intersect the Seaboard Air Line at McComick or Greenwood.

The line talked of to Newberry offers no inducements to the business interests of Columbia, or at least, sufficiently large to warrant the business men of that city to aid in its construction, because that territory is already amply supplied with transportation facilities and its trade covered by two railroad, whereas, the territory between Columbia and Saluda is totally unprovided with transportation facilities. It is an extensive territory reaching from the Augusta Division of the Southern Railway to the Saluda river and from Columbia to the Savannah river, practically having no outlet to market their produce without a great deal of inconvenience and considerable loss in time, money and patience. The lands are fertile and very productive and the people are well-to-do and thrifty and have the means and inclination to materially assist in the construction of such an electric road through it. They are anxious for an outlet to market and it will certainly be to the interest of Columbia people to seek after the trade of the people residing within this territory, as they would naturally go to Columbia to transact business if the transportation facilities were such as to permit them to do so and the proper inducements were given, both of which could be accomplished by building the trolley line.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by The Kaufmann Drug Co.

Senator J. T. Hay, of Kershaw County, has announced his candidacy for Judge of the Fifth Circuit, now presided over by Judge Ernest Gary.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Littledoses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it.

In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

Send for free sample. SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York. Soc. and \$1.00; all druggists.
