PENCIL AND SCISSORS.

Wayside Notes Gathered Here and There by a Dispatch Man.

Valentines at the Bazaar. The guano season has set in. Taxes are not near all collected. The health of Lexington was never better. The Dispatch stands for progress and improvement. Too many quarrels are picked before they are ripe. Buy your garden seed at the Bazaar. All fresh seed. Paying your debts is one kind of a paying business. A poor man may be a crank, but a rich one is eccentric. City soil is said to be superior to country soil for wild oats. See the ad. of Kinard, the druggist of Leesville, in this issue. The individual who keeps his mouth shut seldom lives to regret it. Mr. Preston Freshley, of Leaphart, has enrolled at the Institute. Monday week the Court of Sessions for this county will convene. You can find one of the prettiest or the ugliest valentine at the Bazaar. It is not good for man to be alone; that is why woman refuses to let him alone. Prof. W. P. Steele will close his singing class at Six next Sunday at 4 p. m. Eggs are scarce and are bringing high prices. The people are holding them for court. Mr. John W. Wise, a progressive citizen of the Macedon section, was on our streets yesterday. Mr. Berley Shealy, who attended Irmo High school for a short time, is now back at the Institute. Messrs. Quincy and Wilbur Hendrix, of Peters, have returned to the Institute after a short absence. Miss Anna Lou Harman, who has been visiting her sister, Mrs. Lena Hubbard, in Columbia, has returned home. Misses Mission and Nettie Lowman, of Selwood, have resumed their studies at the Palmetto Collegiate Institute. You should remember that Sam Searskunk runs a first class meat market and you can find fresh meat at all times at his market. The citizens of Little Mountain have petitioned the Board of control of Newberry county to open a dispensary in that place. Miss Bertha Seay, of Providence, who has been attending school at home for the winter, has returned to the Institute. Mr. J. D. Shealy, who has been residing at Gilbert for sometime has moved and now gets his mail on R. F. D. No. 3. out from Leesville. Mr. E. S. Hallman, who receives the Dispatch on R. F. D. No. 1, out from Leesville, was in town Monday attending to business. The thing that is mostly needed in Lexington is for the business men to get together and give the grand old town a push. Mr. John Wilson, of Irene, was in town Monday and called in to see us and lift his cart wheel on our desk for which he has our thanks. A prominent firm of shoe dealers in Columbia say that chocolate slippers and hosiery will be the fashionable color the coming summer. There are eight prisoners in jail, seven of whom are colored and one white. All of whom are held for trial at the February term. Misses Mary Wingard, Maude Wingard and Mamie Corley, who attended Midway school for a few weeks, have returned to the Institute. The appealed case of The State respondent vs. D. J. Knotts, of Swamps, appellant, has been decided against Mr. Knotts by the Supreme Court. Many of the wells and water courses in the Fork are dry and there is a great scarcity of this "fluid of life" everywhere in that section of the county. We are glad to be able to inform the many patrons and friends of Mr. John Fitzmaurice, in this county, that he will resume business in the Martin old stand, corner Main and Blanding streets, Columbia, where he will be pleased to see his friends.

Mr. Gregory Spires, of Gaston, who last year pursued studies in the South Carolina Co-educational Institute, has matriculated at the Palmetto Collegiate Institute.

Mr. Willie E. Harman, who holds a responsible position with the Augusta Lumber company, paid his parents, Col. and Mrs. M. D. Harman, of this place, a short visit Thursday.

Judge Aldrich, who was to have presided at the coming term of our court, is in a hospital in the North and Hon. J. E. McDonald, of the Winstboro Bar, has been appointed to preside.

Uncle Sam has concluded to stop the manufacture of "cart wheels" and this is to give notice to our subscribers that a \$1 Greenback note will be just acceptable to us in the payment of their subscription.

The County Auditor will be at Irene on February 11th, Crout's Store on the 13th and the balance of the time up to the 20th of February, at Lexington C. H. So, assess your property and save the penalty.

Our people should bear in mind that one of the most reliable dry goods, notions and military houses in Columbia, is that of Wm. Platt, where everything in these lines are of first class quality and at reasonable prices.

Congressman A. Frank Lever will deliver the alumni address of Newberry College on Tuesday morning of Commencement and Hon. John Sharp Williams, of Mississippi, the minority leader of the National House of Representatives, the literary address in the evening of that day.

Former County Superintendent of Education John S. Derrick, has moved from the Mounts' residence in the Northern suburbs, into the cottage next door to Treasurer Shealy's, on Lower Main street. We understand that the newly elected pastor of Providence and St. John charges of the Evangelical Lutheran church will occupy the Mounts' residence.

A Narrow Escape.

The Spring Hill school house caught fire last Wednesday morning by the scholars making a too large fire. It caught between the mantle piece and the chimney and had made considerable headway when assistance came to the assistance of the children who had gave up all hope of saving the building and were making heroic efforts to save the furniture. Thomas Koon, cut the ceiling and knocked down the mantle piece, Mr. Sites, who lives near by, extinguished the flames with a few buckets of water. Had it not been for the timely arrival of these gentlemen, the building would have undoubtedly burned down. A Miss Davidson of Richland, is the teacher and has a quite flourishing and interesting school there.

Negro Arrested.

One day last week Sheriff Corley went to Leesville to arrest John Carter, colored, who is charged with having committed an assault and battery upon the person of Mack Hill, also colored, about three years ago. The sheriff located his man in the store of the Crosson Drug Co., and in making the arrest Carter made for the front door but not having time to open it he made a leap through the glass with the Sheriff after him, and was captured before he could make many steps. He is now in jail.

Smallpox Situation.

A committee of the Board of health of Columbia, together with three eminent physicians, have investigated the smallpox situation in that city and report that after a diligent search and thorough investigation, they found only twenty cases ten of which were in the pest house and ten within the city limits. They assure the people that the most stringent quarantine orders are enforced, the physicians have the disease well in hand and that there is no danger whatever of it spreading.

A weak woman can put up a strong bluff.

SYLVAN BROS., JEWELERS, 1524 MAIN ST., COLUMBIA, S. C.

Salesday.

Last Monday was salesday in February, but there being no legal sales and no other business of importance to transact to bring the people from their cheerful and comfortable fire sides to take a long and unpleasant drive through the sleet to come to the Court House, hence there were not many people in town that day. The County Board of Commissioners and the board of Control held meetings and transacted routine business.

For some time after a girl wears her hair on top of her head she wears nothing inside of it.

Empress, are well worth seeing, for they are the best looking, best fitting and best feeling shoe a lady ever put her foot into. They are made of the softest, smoothest and finest patent and glazed kid that ever went into a \$3.50 ladies' shoe. Welba, our \$3.00 beauty, is as far ahead of other \$3.00 shoes as an automobile is and ox cart. There is a heap of satisfaction in feeling well shod, and when we fit you that is just the way you feel.
