Reorganizing the Army.

By delay in pressing his pursuit of Russia's defeated and demoralized army to Tie pass. Field Marshal Oyama has afforded Gen. Kuropatkin time to sort out the disorganized units of his command and restore his forces to at least a semblance of order. So far as known there is no considerable force of Japanese nearer Tie pass than six or eight miles: but in Russian quarters there is a feeling of apprehension that some turning movement of which there is no definite information is in progress. From Japanese sources it is reported that many straggling parties of Russians cut off from their commands in the retreat from Mukden are surrendering upon the appearance of the Japanese troops The council of war summoned by Emperor Nicholas is reported to have decided that the war must be carried forward. The probability as regared in St. Petersburg seems to be that when Ger . Kuropatkin has completed the task of reorganizing what is left of his army he will be permitted to return to Russia and that the command in Manchuria will be entrusted to Gen. Sukhomlime ff, whose war apprenticeship was served under Gen. Dragomiroff, who has been regarded as the foremost of Russia's scientific soldiers. It is possible, however, that the command will go to Grand Duke N.cholas Nicholaievitch.

To Cure a Cut, Sore or Wound apply Ramon's Nerve & Bone Oil promply. It is antiseptic—stops the pain and causes healing by first intention.25 and money back if not satisfied For sale at the Bazaar.

Disappointed.

The King Fisherman of the factory pond had an unusual experience the other day. He went out to fish and after putting a tempting bait upon his book, and spitting upon the same, he made a cast. Directly there was a buge bite and playing his fish for awhile, he began reeling it in. His heart was in his mouth in anticipation of a 28 pound trout, when he got it to the surface he discovered that he had booked a small fry which had sought seclusion in an old barrel. The fish had grown too large to make its exist through the bung hole, and so was held a captive until monkeying with the King Fisher's bait.

Gen. Kuropatkin Disgraced.

St. Petersburg, March 17 - There is a persistent report that railroad communications have been cut behind the Russians army. No official dispatches have been given and no private or press dispatches have been received. News is awaited with intense anxiety.

With the Japanese hanging on the beels and flanks of the remnants of the defeated Russian army, General Kuropatkio, the old idol of the private soldier, has been dismissed and disgraced and Gen. Linevitch, commander of the first army, is appointed to succeed him in command of all the Russian land and sea forces operating against Japan.

The word "disgrace" is written in large letters in the laconic imperial order gezette, which contains not a single word of praise and also disposes of the rumor that Kuropatkin had asked to be relieved. The Russian military annals contain no more bitter imperial rebuke.

It transpires that Emperor Nicholas upon the advice of Gen. Dragomiroff and War Minister Sakharoff determined that the step was necessary when it became apparent yesterday morning that Kuropatkin, while concentrating for a stand at Tie pass, seemed unaware that the Japanese had worked around westward again and practically allowed himself to be surprised Old reports brought by Gen Gripenberg regarding Kuropatkin's failing mentality also had its influence. Under the circumstances, therefore, it was considered imperative in view of the exceedingly perilous position of the 18-26, 1905. Rate one first class fare army to turn over its command to plus \$2.00 for the round trip. Tickets | Linevitch, who alone hed been able to bring off his army to order after the battle of Mukden. His record during the Chinese war had also demonstrated his capacity as a commander. Kuropatkin will return to St Petersburg forthwith. The task confided to Kinevitch of withdrawing what is left of the great army of 350,000 men to Harbin is a desperate one. He is hemmed in on all sides, and a consummation of the Mukden

> disaster is feared. But even in the face of the possibility of the complete loss of the army and the admitted fact that Vladivostok is already possibly lost the emperor stills shows no signs of yielding. Preparations for continuing the war on a larger scale than ever are proceeding. The dic-tum has gone forth that another army of 450,000 men is to be dispatched to the far east and in order to avoid delay it has been decided instead of sending only reserve men to form new armies largely of regular units, leaving the reserves to replace the regulars in garrison duty at home. A division of the imperial guard will be sent to the front. Separate armies are to be organized under Gens. Grodekoff, Gripenberg

> and Kamaroff The war council, it is also understood, has definitely decided that Vice Admiral Rojestvensky shall continue his voyage and give battle to the Japanese in the forlorn hope of wresting control of the sea from Admiral Togo.

Champion Liniment for Rheumatism. Chas. Drake, a mail carrier at Chapin-

ville, Conn., say: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of any one suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by The Kaufmann Drug

I consider them the best medicine on earth and thank God who gave you the knowl-ledge to make them."
