

Baxter Dots.

To the Editor of the Dispatch:
We have been having almost all kinds of weather. Today we have summer showers and March winds. The recent cold has hurt the fruit crop some, yet, there is still enough left.
The grain is looking fine. Our farmers are well up with their work, many have their land all broke. The martins and robins are all here, but we are looking for more cold.
Three small colored children was left alone in a house on Mr. J. P. Copeland's place, by some means one caught on fire and was burned to death.
The health of our section is good, colds excepted.
Our school at Hulon is out.
Master Pet. Adams has entered Leesville college.
From the amount of fertilizers and mules bought in our section it seems like farming must be a paying business.
Its essay got now, but lookout next fall.
We notice in the State that the fire is being put around the political pot. The primary elections are being mapped out—and, Oh! those candidates—they are coming, and so is the baseball games. I don't know which one will do the least good. And then there is the State dispensary and bad roads. Both to be shunned and abused and then used.
Well, the legislature met and closed and what it done but few knows.
Summer is coming and so are the flies.
Our mouth's watering for strawberry pies.
Mrs. A. is earlier gardening, but says she does not expect anything for it.
Did you hear that dove cooing?

Catarrh Cannot be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Chinese Smuggling Arms.
San Francisco, March 8—A story that Chinese crews of the Pacific Steamship company's steamer, are engaged in smuggling arms and ammunition to China. It is stated that twenty-two boxes of modern rifles purchased in this city were found concealed in the quarters of the Chinese on the steamer Manchuria. Ten thousand rounds of ammunition were also found. It is possible many more rifles were concealed as there was no time to search the vessel which was fully loaded before the first find was made. The rifles were bought by the Chinese member of engineer force, but how he got them aboard without being detected is a mystery.
This alleged discovery has caused some anxiety among officials of the company who have no means of knowing how long smuggling has been going on.

A Scientific Wonder.
The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of piles. It heals the worst burns, sores, boils, ulcers, cuts, wounds, chiblainis and salt rheum. Only 25c. at The Kaufmann Drug Co's. drug store.

The Board of Trustees of the South Carolina University have elected Prof. W. H. Hand, of Chester, S. C., associate professor of pedagogy to Prof. Patterson Wardlaw.
It is not difficult to relieve blind, bleeding, itching or protruding piles with Manzan, the great pile remedy. It is put up in collapsible tubes with nozzle, and may be introduced and applied at the seat of the trouble. Stops pain instantly. Sold by Kaufmann Drug Co.

A Few of Their Kind.

Did you ever see a lot of nine-spot men who had it in for a business man and didn't know why? Ever hear the gang curse and berate a home man who had made a success of what he undertook while they have been chewing and spitting and lushing at the same old job they monkeyed with fifteen years ago? Ever see a man who gloried in another's success and take a straggler by the hand and say: "I'm glad to see you succeed?" Ever see any of these things? Of course you have. You see them every day. Then there are dozens of reptilians who will greet you with a smile and stab you in the back because you attend to your business and succeed. Whether they can do as well or not, there are always plenty of the venomous knockers who are so filled with envy and jealousy that they can't be decent when some one else wins. They fight you, lie about you, for no other reason than to tear you down. In short no one has described them any better than Shakespeare has when he said: "You have enemies who know not why they are, but like the village cur bark because their fellows do."—County Messenger.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by Kaufmann Drug Co.

Death of Eli Bowers.

Eli Bowers, colored, though trusted and honest, and a long resident of near Chapin, died in February, 1906, at his home in the 78th year of his age. Eli was always true to the Democratic party, and to show the esteem for him, a number of white people attended his funeral. His wife and large family of boys and girls, grand children and friends to mourn his loss.

Do Not be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. For sale by Kaufmann Drug Co.

Francis, a young son of Robert Mabry, of Abbeville, shot himself through the lung on Tuesday with a parlor rifle while hunting robins and his condition is critical.

Colleton Murderer Must Hang.

R. A. Adams, the Colleton county farmer who killed his kinsman, Henry Jacques, whom he shot down in the field after looking him up with a shot gun for that purpose, is finally to hang for his crime, the Supreme Court, last Thursday, having reversed the action of Judge Townsend in granting Adams a new trial on after discovered evidence.

Adams has had some novel experiences since his trial and conviction. In the first place he was allowed to escape from jail, and he continued not only to live in the county, but he carried on farming operations, hiding out as circumstances required. He sent word that it would be dangerous for any one to attempt to take him. Finally a well armed sheriff's party surprised him and captured him.

The tar that is contained in Bee's Laxative Honey and Tar is harmless. It is not coal tar, but is obtained from the pine trees of our own native forests. Bee's Laxative Honey and Tar is the best remedy for colds because it acts on the bowels—thus expelling all colds from the system. Bee's is the original Laxative Honey and Tar, and is best for coughs, colds, croup, whooping cough, lung and bronchial affections. Sold by Kaufmann Drug Co.

Colbert Clinkscale was shot through the lung at Belton on Sunday night—both colored.

G. B. Burhans testifies After Four Years.

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." PERMANENT MEADOWS should have

an annual dressing of 500 pounds per acre of a fertilizer containing eleven per cent. POTASH and ten per cent. available phosphoric acid.

This will gradually force out sour grasses and mosses from the meadows, and bring good grasses and clovers; thus increasing the quality as well as the quantity of the hay.

Our practical book, "Farmer's Guide," gives valuable facts for every sort of crop-raising. It is one of a number of books on successful fertilization which we send on request, free of any cost or obligation, to any farmer who will write us for them.
