Reward for His Good Work.

Lexington Pastorate, S. C. — A year's service in the Lexington pastorate has marked substantial progress. A few months after March 29, 1905, the date when Rev. J. W. Nease took charge of the work, it was decided to secure a parsonage in a desirable location, the sum of \$500 being in the treasury as a nucleus. A suitable lot was secured in the town of Lexington, and the parsonage has been erected, together with outbuildings and fencing, in a substantial manner, and all paid for. Last September, without any suggestion from Pastor Nease, the salary was materially increased, and has been more than paid; besides, at Christmas, Providence and Nazareth congregations presented, each, a well-filled purse, and Pisgah congregation a nice sum to the pastor, with St. John's remembering him with a number of gifts, and each of them many gifts in kind. Adding to these acts of kindness, the people of Lexington and Barr assembled at the parsonage on the evening of March 15th and gave the pastor and his family a genuine surprise, and the usual "pounding" was greatly in evidence, as well as joy and gladness. With the valuable assistance of Miss Ellen Hendrix, assistant secretary of the Children's Missionary Society of the South Carolina Synod, the reorganization of the missionary societies is being carried forward, and the pastor is entering upon his second year with encouraging prospects. — Lutheran Visitor, April 5, 1906.

The pastor gratefully appreciates the generosity of his members and friends as indicated in the above article, and also would express his hearty thanks to all donors, who have since so continuously lavished their kindness upon him and his family.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. Kaufmann Drug Co.

STOOD CROWD OFF AND SHOT CAPTIVE.

Texas Mob Overpowered Officers and Held Suspect Until Arrival of Girl's Father.

Dallas, Tex., April 24 — A special to The News from Grosbeck, Texas, says:

While being conveyed to jail in the custody of two officers a negro who, it is alleged, assaulted the daughter of J. A. Eastland, a farmer of Delta, at an early hour this morning, was taken from the officers by a posse of citizens and held until the arrival of the girl's father.

When Eastland rode up he ordered the crowd to stand back and emptied both barrels of his shotgun, loaded with buckshot, into the negro, killing him instantly. There is no excitement.

The gums and resins obtained from pine trees have long been recognized as highly beneficial in the treatment of backache, kidney and bladder troubles. Pine-ules is the name of a new medicine, the principle ingredients of which come from the pine forests of our own native land. Sold by Kaufman Drug Co.

Dots from Near Chapin.

To the Editor of the Dispatch:

The farmers of this section have been badly behind with their work, but the past two weeks of nice weather they have put in full time. Some have corn up and cotton coming. It won't be long before we can

bear the ring of the hoe cutting cotton to a stand. Some say they are going to decrease the cotton acreage and put in corn. That is right, raise your hog and hominy at home and what cotton you raise you can put the money in your pocket. Some are still holding their cotton for higher prices, while some slip off a bale now and then at 11 1/2 cents.

D. I. Cumalander has been confined to his room for the past week with measles, but am glad to report he is getting along fine.

Several new cases of measles in Chapin.

We will have a fair crop of fruit in this section.

Rev. Hite preached a very interesting sermon to a large congregation at St. Jacob's (Watered) last Sunday at 11 o'clock, and also at Chapin in the afternoon. I think all will be pleased with Rev. Hite as their pastor.

With best wishes to the dear old Dispatch and her many readers, I am

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25 cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by The Kaufmann Drug Co.

MRS. JAMINE RAMSEY IN JAIL.

Held in Connection With the Mysterious Murder of Mrs. Mollie Glover of Bristol.

Bristol, Tenn., April 26 — The second day's investigation of the murder of Mrs. Mollie Glover, who was found dead in her bed with her head split open and almost chopped from the body on Tuesday night, resulted in the arrest of Mrs. Jamine Ramsey, who admitted before the coroner's jury that her relations with Sylvester Luttrell, in whose house the murder was committed, and who was arrested on suspicion of the crime, were for several years of an intimate nature, but had been severed. Witnesses testified that Mrs. Ramsey had just previously declared her intention of murdering Mrs. Glover, through jealousy for Luttrell, and upon this evidence she was arrested and is now in jail.

The coroner's jury is still in session and hearing testimony of various witnesses, and as yet no direct light has been shed on the bloodiest murder in Bristol's history. The police lean strongly to the opinion that the murder was committed by a woman, through jealousy. Luttrell is still held also.

Buy a Farm Young Man.

No matter how small it may be, buy a farm and prepare it so that your land will provide you a living. Twenty years from now the man who owns his farm will be independent and will have at his command the means of a livelihood. The expansion of manufactures cannot go on forever, and there will come a day in this country, as there has in others, when the supply will exceed the demand, and the only absolutely sure occupation will be farming. Buy a farm while one may be had — Anderson Intelligencer.

Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's

Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructer ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties. My oldest daughter found it very beneficial for a female trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength."

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular periods, bloating (or flatulency), weakness of organs, displacements, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound. If advice is needed write to Mrs. Pinkham, at Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. No other living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.
