

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

"TILLMAN UNJUST TO LYON."

Lyon's Home Paper, Which Supports Tillman and the Dispensary Deprecates His Attack.

Mr. Tillman in his speech in Columbia recently was bitterly personal in his reference to Mr. J. Fraser Lyon. The arrangement of fact, and argument on the same is fair and legitimate as long as parliamentary usages are observed and as long as the civility which usually governs gentlemen is present. The questions at issue should be settled by the showing of facts and not by the use of abusive terms. There is no use for anybody to assail Mr. Lyon's character before an audience which knows him.

The Press and Banner knows his character is good, and nobody believes that he would knowingly make a statement which was not in accord with the facts.

Mr. Tillman is perhaps the greatest man that South Carolina has ever sent to Washington. His hands are clean, and nobody doubts his integrity. The State of South Carolina loves him and honors him.

Mr. Lyon is a young man at the very threshold of a useful and honorable career. The people of his native county honored him with a seat in the house of representatives. The house of representatives honored him by placing him on the investigating committee. In the discharge of unpleasant duties he has no doubt incurred ill will in some instances, and on the other hand, if he is not proud of the words of praise and commendation that have been given to him he is more or less than a man. To be pleased at the evidences of approval that have come to him is natural.

Such pleasure furnishes no ground on the part of any man to seek to destroy him by efforts to ruin his reputation.

An impartial jury would hardly say that the offensive expressions were either deserving or becoming.

Mr. Tillman is a man old enough to be the father of Mr. Lyon. He occupies as high a position with the people as was ever held by any man. As an old man, as a great and well known man, as the distinguished senator at Washington, it would hardly be a commendable act to seek to ruin an honorable young man. This, too, in the absence of the victim of his wrath, when he could not defend himself. The differences in their physical powers and their ages would preclude the possibility of his resenting it.

Surely Mr. Tillman is able to take care of himself without taking advantage of another.

In the cause of justice and fair play we protest against Mr. Tillman's unparliamentary attack upon Mr. Lyon. As the readers of The Press and Banner know we are a friend to Senator Tillman. We are supporting him and defending the dispensary against all comers and against all attacks. Mr. Lyon is our neighbor, and if his views on the dispensary coincided with the views of this editor we would vote for him against all the world. He proposes to interfere with the State dispensary, for this reason alone we are not supporting him in his race. But in all conscience we must protest at the cruel and unbecoming attack which Mr. Tillman made upon him. Mr. Lyon does not deserve the treatment which has been accorded to him by Mr. Tillman. And Mr. Tillman in his better moments will admit his errors.—Abbeville Press and Banner.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St. Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering. Kaufmann Drug Co."

Mill Struck By Lightning.

Greenville, July 19. — Lightning struck the cotton warehouse and the cloth room of the Camperdown mill at 2:30 o'clock this afternoon. Fire broke out in three places immediately after the discharge and though rain was pouring, the damage is estimated at \$10,000, all covered by insurance. C. E. Graham, formerly of North Carolina, is president of the Camperdown mill, next to the oldest textile manufacturing establishment in this city. Five hundred and fifty bales of cotton were stored in the warehouse when it was struck. Some

of the cotton had already been dyed. The Camperdown makes gingham and other goods ready for the counter. Besides cotton the warehouse contained a quantity of domestics baled and ready for shipment. Unable to get at the burning cotton, the firemen were forced to tear down a part of the wall and place their hose inside. The room was badly flooded and much damage was done the colored goods by water.

Fire started in the picker room simultaneously with that in the warehouse, but little damage was done in the former. The picker room is some distance away and the blaze there cannot be accounted for unless there were two separate discharges of lightning.

The mill was shut down for a short time during the fire but resumed operation later in the afternoon. Seventeen years ago the warehouse of the Camperdown mill, occupying almost the same site, was struck by lightning and a quantity of cotton was burned at that time. More than 1,000 bales were in storage and the cotton was dumped into Reedy river in order to save it from the flames.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at Kaufmann Drug Co., drug store. 50c. and \$1.00. Trial bottle free.

White Child to Remain with Negro Nurse.

Judge Kluge in Columbia Friday, rendered his opinion in the habeas corpus proceedings brought to remove the little white child, "Robert Allen," from the custody of the negress who has cared for it during the past eleven months. It is said the child is of well-to-do parents and that its mother placed it with this woman to care for it and that they amply provide for it in every way.

Judge Kluge declined to take the child from the woman and turn it over to the Salvation Army or any other charitable organization. It is understood that the people who have been agitating the matter will seek a writ from the supreme court.

Feeling Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Orphans at Chapin.

Chapin, July 19.—The Methodist church of this place held its annual children's day exercises and picnic here yesterday, which was attended by over 500 people, together with Superintendent W. B. Wharton and 125 children from the Epworth orphanage, of Columbia, S. C.

It was an inspiration to see how this large crowd of fatherless ones enjoyed the outing, which was made possible for them by the kindness of Mr. W. G. Childs, of Columbia, Newberry and Laurens road and the hospitable people of Chapin.

The kind people of Chapin left nothing undone in giving this orphan family and the visiting people a good time, and the day was enjoyed to the fullest by every one.

Republican State Convention.

A call for a State convention of the Republican party of South Carolina has been issued by State chairman E. H. Deas. It is believed in Republican circles that this convention is a most important one and that a State ticket will be placed in the field as well as the usual number of candidates for congress. A State chairman is to be elected by the convention and Deas will probably have opposition, although who will be placed on the ticket by the other side is not yet known. The party in this State is now known as the "Union Republican party," which is a combination of the "lily whites" and the "black and tans" as they were called about ten years ago.

Lexington is entitled to three delegates to the State convention and five delegates to the 7th congressional district convention. The State convention will meet in Columbia on the 8th day of August, 1906, at 12 o'clock. The congressional convention will be held later.
