The vote on yesterday was light, the fair weather inducing the farmers to till the soil rather than the field of politics. On the face of it, it would appear that the dispensary has been defeated, and yet it would be well for those who wish to know the real situation to look deeper into it than may appear from the election returns.

There is a degree of unrest among the people, which is puzzling to the student, who sees around him so much of prosperity and well being. The situation will require the diagnosis of a statesman, rather than the work of a politician.

It is all over, however, for the present, and we are all glad. Let us now shake hands and unite our hearts and minds for the moral and material up-building of South Carolina. The officers elected are all good men, and true, and will give the State a clean administration of its affairs.

E. H. Aull, of The Herald and News, was elected to the House of Representatives from Newberry yesterday. Here goes a shake, old man.

**Marriage of Dr. Julius D. Dreher.**

Dr. Julius D. Dreher, of the Selwood section of this county, was married in Scranton, Pa., last week to Miss Emeline Kirtland Richmond. The event attracted a great deal of attention in society circles, and was attended by many distinguished educators and thinkers who wished to show their friendship to the distinguished couple.

The bride is a well known philanthropic worker, and has devoted her life and wealth to the doing of this kind of work. Her circle of acquaintance includes the most noted people of the country, whose devotion to her was evidenced by their presence and in other ways.

Dr. Dreher is a distinguished educator and was for many years president of Roanoke college in Virginia. Recently he was appointed United States consul to the Society Island, where he will take his bride after they have visited their friends and the parent of Dr. Dreher in this county. We extend to this great son of Lexington our sincerest congratulations.

**Death of Mr. D. H. Wheeler.**

We have just learned of the death of Mr. D. H. Wheeler, who lived near Piney Woods church, which occurred Monday. He was about eighty years old, and was one of our oldest and wealthiest citizens; a good, clever man, who loved his church and was always liberal in its support. Though true to his convictions he had a good heart and was reasonable in all things, but his work has ceased here and he will mingle with those who preceded him to that better land where troubles are not known and peace has no end. His remains were buried at Piney Woods church yesterday.

**The Prices Always Right.**

We want to remind the people on the Edisto, from Hollow creek, Priceville section, and along up the railroad far out in the country, around Leesville and Batesburg, over the Saluda river, that whenever they need anything in Mr. M. E. Rutland's line to give him a call, and he will please everyone. His stock is first-class and up-to-date. The prices always right. See his advertisement.

**If a Cow gave Butter**

mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.

**Scott's Emulsion**

combines the best oil with the valuable hypophosphites so that it is easy to digest and does far more good than the oil alone could. That makes Scott's Emulsion the most strengthening, nourishing food—medicine in the world.

**Death of Pickens B. Harman.**

Pickens B. Harman, after a few days sickness, died at his home about four miles above here in the 69th year of his age, Sunday morning 9th of September, at 8 o'clock. His remains were interred at Horeb Monday. He was a quiet citizen and a good man, as was evidenced by the large attendance of relatives, neighbors and friends at his funeral. Particularly could be noticed a number of his war comrades, members of Co. K., 20th Regt. S. C. V. But he has answered the last roll call here and will rally with those gone before around the great white throne above.

Rev. J. W. Nease, his pastor, delivered a very appropriate sermon, and was assisted in the service by Revs. A. S. Leslie and W. D. Quick.

**Pond Drawing.**

On the 28th day of September I will draw my pond. It has not been run down for ten or twelve years. Shares one dollar each. It will be a fine chance for fish. If you want trout, bream, suckers or cats you can get them, and enjoy the sport of catching them. There is a limit as to number of shares and I wish all to come early, say by 9 o'clock. Send in your name at once. On this occasion I will also furnish a small barbecue with refreshments and the day will be pleasantly spent by all.
