

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmner's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmner, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmner's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmner & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmner's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CARD FROM EDITOR JACKSON.

Explains His Statement in Regard to "a State of Unrest" Among the Negroes of Columbia.

To the Editor of the State:

In this morning's issue of your valuable paper, you editorially referred to a statement taken from our paper, The Sun, in which you asked, "Why a state of unrest?"

In view of the recent regrettable affair in Atlanta, which must move us all to concern, who love our fair Southern homes and are working for peace, harmony and prosperity; and in view of the letters from the Revs. Carroll and Adams to your paper, the one predicting a like occurrence to follow in Columbia and stating that but a few days previous, he predicted the Atlanta tragedy; while the other would have the city authorities disturb those few negroes engaged in business (though it be the humble choice of restaurant keeping) the good negroes are enquiring how long before such wild predictions and such unwarranted meddling will disturb the excellent relations here between the races?

In consideration of the general good behavior of the negroes hereabouts, which has maintained this relation, we join with you in the expression that: "If there is a community in this country, South or North, in which the negroes have less cause for unrest than those of Columbia we do not know it." And upon that faith, long since expressed, we invited the dissatisfied, good negroes of Springfield, Ohio, to come to South Carolina's capital and our country for protection and industrial opportunity.

A few of us protested to Rev. Carroll because of his misrepresentation of our community and for aiding in bringing about this unwarranted unrest, but when he informed us that he was a prophet and was not surprised at our being unable to see things as he saw them, we were compelled to leave him and all others who think as does he, to brood over the idol of their own fertile imaginations.

That we are approaching a time when conditions here will assume the shape they took in Atlanta, is a fact neither the black nor the white population have indicated a viciousness and weakness to conform to. At least the negroes do not so believe. But the good negroes are working, praying and hoping for the best, believing that in such efforts they are enlisted side by side with the best white people, and they have sworn eternal vengeance against the criminal and criminally inclined of their race, and expect to expose the idle and vicious wherever found.

How to Save Boys.

Those who have sons to rear, and dread the demoralizing influences of bad associations, ought to understand the nature of young manhood. It is excessively restless. It is disturbed by vain ambition, by thirst for action, for irrepressible desires touch life in manifold ways. If you, mothers, rear your sons so that your homes are associated with the repression of natural

instincts you will be sure to throw them into society that in some measure can supply the end of their hearts. They go to the public house at first for the animated and hilarious companionship they find there which they find does so much to repress the disturbing restlessness in their breast.

See to it, then, that their homes compete with public places in their attractiveness. Open your blinds by day and light bright fires by night. Illumine your rooms. Hang pictures upon the wall. Put books and newspapers upon your tables. Have music and entertaining games. Banish demons of dullness and apathy that have so long ruled in your household, and bring in mirth and good cheer. Invent occupations for your sons. Stimulate their ambitions in worthy directions. While you make home their delight, fill them with higher purposes than mere pleasure. Whether they shall pass happy boyhood and enter upon manhood with refined tastes and noble ambitions depends upon you.—Ram's Horn.

Our Duty to Cuba.

Now, as we should not think of acquiring Danish, or British, or French territory in the West Indies without the consent of the present sovereignty, why think of acquiring Cuban territory on any other terms? Cuba could not resist us should force inspire us, but if we employed force for annexation purposes the case would be one of bad faith and cowardice. The authority for our presence in Cuba is the Platt amendment; but that has no word about annexation. Our power under that is only to restore order, and when that has been accomplished we must retire. Only the request of the Cuban people, made without pressure from outside sources—and especially sources pointing to the Sugar Trust, the Tobacco Trust, and a would-be Lottery Trust—should move us to consider for a moment the question of Cuban annexation.

It is nothing to the point, as urged, that, in our place, Great Britain, or France, or Germany, or Russia, would take a different course, unless we consider, as we may, that some of the very people most anxious for Cuban annexation have been loud in the denunciation of those countries as robbers and land pirates. Apparently they would be glad to see the United States incur the odium they have so freely poured over trans-Atlantic powers.—Washington Star.

True Bill Found.

Sheriff M. M. Limehouse, of Dorchester county, has been indicted by the grand jury for malfeasance in office in that he allowed a mob to take from him Will Spain, a negro, who was afterwards lynched. The lynching occurred last August near St. Georges. The killing was done by a dozen men in broad daylight after the negro had been taken into the county jail.

The negro was attempting to enter the residence of Mr. S. L. Connor, at Badham, in which the 11-year-old daughter of Mr. Connor was alone, but was frightened and ran away by Mr. Connor's coming up. He was afterwards caught and turned over to the sheriff, but was taken away from that official and shot to death.

The sheriff will be suspended by the governor during his trial and the case will be tried in some other county in the circuit.

The Hasty Case.

The case of George Hasty, who was convicted of killing two theatrical men at Gaffney and recommended to the mercy of the court, which was appealed, will be heard before the supreme court in December. The brief in the case has been printed and it contains 221 pages.

The public is familiar with the killing of the theatrical men of the "Nothing But Money" company in Gaffney last year by Hasty and the sensational trial that followed. After the verdict had been rendered the attorneys for Hasty appealed from the decision of the lower court. In the event the supreme court grants a new trial the case will be heard at the spring term of the court of sessions of Cherokee county.

Served Him Right.

A rumor has reached Florence to the effect that a well known citizen residing in the lower part of the county was visited by white-cappers one night last week and severely whipped. Report is to the effect that he was not what he should have been to his family and a party of neighbors went to his home, called for him and as soon as he appeared ordered him to march ahead of the crowd to a patch of woods nearby. There, the story runs, he was given a sound thrashing, coupled with the admonition that if his conduct was repeated at his home he would receive further attentions at the hands of his neighbors. The man is said to be in a serious condition as a result of the drubbing he received.
