

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Irmo Items.

To the Editor of the Dispatch:
My long absence from your columns has not been due to my demise, as you may have supposed, and this will inform you that I still live and move and am ever at my post of duty—and I move in the full sense of the word. Lack of time to scribble for you, is the cause of my delay.

Irmo is at the same old place, and the people are just the same—they eat and drink all they can get and wish for more, and are happy.
Mr. J. M. Shealy has sold his mill-iron outfit, lot and building in this town to Mr. H. E. McEntire. Mr. McEntire recently bought the J. S. Meetze property in our town, and has built a neat cottage, a large barn and tenant houses and made other improvements; he also owns and operates a saw and shingle mill here.

Mr. H. A. Lorick has added much to his dwelling by building thereto a large two-story piazza, a cook room and other improvements, and had it all nicely painted.

Mr. Ollie Bouknight has lumber on the ground and will soon erect a residence on Depot street.

Supt. O. B. Martin has bought the Lowry homestead of six hundred acres adjoining our town and is opening one hundred acres of fresh land, and will make other improvements. He and others are looking after other homesteads and lands around Irmo and may make other purchases. We are glad to have these gentlemen cast their interests among us, and we hope to have some of them make their homes here. Nothing else does so much to remove stagnation from a community as new people with money, brains and new ideas. It takes only these three to accomplish great things, and we are beginning to dream of what new people may do for our community.

We have a fine school now under the management of that very successful teacher, Miss Mamie E. Crooks. She has had long experience, is a hard student and has kept up with the times.

Mr. Ed. Smith has bought the Num-maker house and lot here and will continue to make this his home. Mr. Smith is one of the oldest men in section service on the C. N. & L. R. R., having been one of the first to serve this company.

Mrs. Jesse Derrick's little child has been seriously ill. A few days ago the child ran a rusty pin in its foot; blood poison set in and grave doubts were entertained for its recovery, but at this writing the child is better.

The tent people are preparing for a revival here about Nov. 15th, to continue as long as good can be done. Religion, like clothes, has to be of many kinds so as to fit all kinds of people.

Cupid is trying to hide around here, but we see signs of some of his maneuvers, and it will not be long 'till he will emerge fully with his orange blossoms and honeymoons. Cupid is a shy, cunning little fellow, and whippersweetest notes into the ears of his followers, but sometimes he deceives them, and it turns out about like it did with the fellow who said the first month after he was married he loved his wife well enough to eat her, and six months after he wished to God he had eaten her, or, like the couple I heard of who had somewhat tired of carresses and were quarrelling one cold morning when the man got up to make fire while his wife was still in bed quarrelling and accusing him of fooling her, and she said: "You old thing, I wish I had never seen you", to which he replied, "yes, by God, you may lay dere and wish, I dun git you now." It is the best of all.

More Corn Produced.
Washington, Nov. 10.—The preliminary returns on the production of corn in 1906 indicate a total yield of about 2,881,096,000 bushels, or an average of 30.2 bushels per acre, as compared with an average yield of 28.8 bushels as finally estimated in 1905; 26.8 bushels in 1904, and a ten-year average of 25.2 bushels.

Chapped Hands.
Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve just before going to bed, and a speedy cure is certain. This is also unequalled for skin diseases. For sale by Kaufmann Drug Co.

E. R. Godshal, a Union butcher, was seriously gored on Monday by a bull that he was trying to kill.

Aaron Prioleau, colored candidate for congress from the 5th district, has just completed his term of four months in jail for tampering with the mail, and makes affidavit that he cannot pay the \$50 fine.

Bee's Laxative Honey and Tar the original laxative cough syrup acts as a cathartic on the bowels. It is made from the tar gathered from the pine trees of our own country, therefore is the best for children. It is good for coughs, colds, croup, whooping cough, etc. Try our free offer. Negro Preacher Arrested.

Wilmington, N. C., Nov. 14.—While in the midst of an earnest exhortation to his flock gathered at Mount Zion African M. E. Church, Pastor Shells was rudely interrupted by a summons from Deputy Sheriff Smith. Hastily leaving the pulpit the negro divine was taken into custody by the deputy. The senior deacon continued the service.

Shells is charged with robbing one of his deaconesses of a small fortune of miscellaneous articles, which she had spent 20 years accumulating.

Got the Cash.

Newton, Kas., Nov. 13.—The Midland bank, of Newton, was held up this afternoon by one man and robbed of \$1,000 in currency. The robber presented a letter to Herman Suderman, the cashier, stating who he was and what he wanted, also advising the clerks and bystanders that they would all die together should any effort be made to detain him. Six or seven persons were in the bank and all were ordered into the vault and locked in. The robber then secured what currency was in sight and escaped.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly receive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
Sold by druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

Bees Follow Dead Master to Grave.

Wall Lake, Iowa, Nov. 15.—Oliver J. Senn, a pioneer bee man, died suddenly. He had been his custom to move among his bees without covering his hands and face. The bees followed him about the house and yard. In the winter when their supplies ran low he fed them with sugar syrup and rye flour. He covered their hives with blankets to keep out the cold. He never lost an opportunity to minister to their wants, and he believed the insects had a real attachment for him.

From the day of Senn's death there was unrest in the colony of bees. On the day of his funeral they swarmed about the hearse, and thousands followed it to the cemetery. The following day it was discovered that the hives were deserted. Several swarms of bees were found in the trees near the grave of their former owner. The others had mysteriously disappeared.—Ex.
