

THAW TRIAL AGAIN

Death of a Juror's Wife Was the Cause of Delay

THE ENTIRE COURT SADDENED

Husband Summoned to Bedside When Trial Had Been in Progress Less Than Four Minutes and Death Came Shortly After His Arrival.

New York, Special.—Another tragic chapter in the history of the Thaw-White episode was written Thursday when grim death stepped in to halt the famous trial in its fourth week. The wife of juror No. 11, Mrs. Jos. B. Bolton, passed away soon after her husband reached her bedside. He had been summoned from the court room, where the trial had been in progress less than four minutes. The formal announcement of Mrs. Bolton's death was made in court shortly after the hour set for the afternoon session, and Justice Fitzgerald immediately ordered an adjournment of the case until next Monday morning. The court also ordered, with the consent of counsel, that the other 11 jurymen be given their liberty and no longer be held together. He admonished the jurors to be guided by their honor and their oaths and not to read the newspapers or discuss the Thaw case with anybody.

Doctors to Testify in Court.

The statement in court that counsel for the defense and prosecution had considered the proposition of taking the dispositions of Doctors Bingham and Deemar, the Thaw family physicians, during the enforced recess which was endorsed by Justice Fitzgerald, subsequently modified by statements made after recess.

Mr. Hartridge, of counsel for Thaw, says that the defense has decided that it will be of greater advantage to have the physicians testify in court. Mr. Hartridge said that what they have to say would be of greater advantage if told to jury by word of mouth than if depositions were read.

The death of juror Bolton's wife cast gloom over the criminal courts building and had a particularly depressing effect upon every one connected with the trial. The prisoner seemed to feel the matter quite keenly when he was brought into court to hear the formal announcement of the order for a postponement of his further hearing. The fact that the Thaw jurors have been kept in close confinement since they were selected for trial service and that Mr. Bolton had been allowed to visit his wife's home only three times during his wife's fatal illness, lent a pathetic aspect to the case and the greatest sympathy to the afflicted man was expressed on all sides.

Trial Resumed.

The trial was resumed on Monday. Expert testimony was taken to prove Thaw insane. "I never wanted to shoot the creature. I never wanted to kill him. I knew he was a foul creature, destroying the mothers and daughters of America, but I wanted through legal means to bring him to trial. I wanted to get him into court—to bring him to justice. But Providence took charge of it; it was an act of Providence."

This is Harry K. Thaw's own story of the killing of Stanford White. It was told by him to Dr. Britton D. Evans, the alienist, last August in the Tombs. Dr. Evans repeated the prisoner's words to the jury which is trying Thaw for his life.

District Attorney Jerome fought hard last week against the introduction of this evidence, which the defense believes is conclusive proof that Thaw did not know his act was wrong. Once the testifying physicians had declared that in their opinion Thaw was insane at the time he made the statements to them, however, the rules of evidence permitted the introduction of the prisoner's words.

For a Two and One-Half-Cent Passenger Fare.

Madison, Wis., Special.—The State railway commission ordered that the railways in this State give a flat two and one-half-cent passenger fare, and recommended that family mileage books of 500 miles be issued for \$10. The last Legislature created the railway commission and conferred upon it power to fix rates and regulate service. The decision announced is the result of an extended hearing before the commission.

Under Death Sentence He Attempts Suicide in Cell.

Kansas City, Mr., Special.—Frank Hottoman, under sentence of death, with Mrs. Aggie Myers, for killing Clarence Myers, the woman's husband, attempted to commit suicide in his cell in the county jail. Mrs. Myers is in jail at Liberty, Mo. Her sentence has been appealed to the United States Supreme Court.

DOINGS OF CONGRESS

What Our National Lawmakers Are Doing From Day to Day

Filibuster in the Senate.

The sudden development of a full-fledged filibuster resulted in the Senate when an attempt was made to force the adoption of the conference agreement on the immigration bill. This report carries a provision intended to aid in the settlement of the California-Japanese problem, and speedy action was decided by administration Senators.

Expressing sympathy with this object, yet regarding the report with suspicion on other points, Messrs. Bacon and Tillman first endeavored to have action delayed that they might study the report. When this was refused the filibuster began. Mr. Bacon held the floor for two hours and a half. Mr. Tillman remarked that he was preparing to make a 10-day fight on the floor against the report, because he objected to being run over as with an automobile. Mr. Bacon objected that the report changed existing law in respects which he believed, on hurried examination, would deprive Southern States from obtaining even the meagre labor supply from abroad which was available under the present immigration laws.

A truce was declared at the suggestion of Senator Spooner, and the report will again come up for consideration. Administration Senators interested in the adoption of the report were alarmed by apparent Democratic hostility.

Disclaim Party Policy.

All of the Democratic leaders when questioned as to their attitude disclaimed the adoption of a party policy in regard to the report and the Senators making the objection insisted that they were actuated wholly by resentment of what they thought was an attempt to force immediate action. They said that their statements that they had not had an opportunity to examine the report were sincere, and that there were no ulterior motives involved. Senator Blackburn, chairman of the Democratic steering committee, was in the Brownsville hearing when the report was called up. He said there had been no discussion of the report and that he felt sure that there was no disposition to filibuster against it beyond carrying it over.

Senators Bacon and Tillman made similar statements. They agreed that the restriction of immigration provided in what is familiarly known as the "Japanese coolie clause," is of great importance. They would not say what their attitude would be, nor whether they favored a party conference concerning it. It was made plain however, that they would consider the report over night and then, if the question proved to be one on which it was advisable to hold a conference the party will be called to gether.

The Smoot Case Again.

The session was begun with an extended address by Senator Knox, of Pennsylvania in defense of the right of Reed Smoot to his seat as Senator from Utah. Mr. Knox received from his colleagues many congratulations on his speech.

The agricultural appropriation bill was taken up for consideration. The credentials of Robert L. Taylor elected to the Senate from Tennessee, were presented by Senator Carmack, whom he succeeds.

Naval Bill in the House.

The naval appropriation bill occupied the entire time of the House. The single remaining section is that increasing the naval establishment. It was allowed to go over, when it is expected an effort will be made to reduce the number of battleships provided for in the bill.

In connection with the restrictions put upon the power of the Secretary of the Navy to order repairs upon a vessel, a provision was inserted requiring that none of the restrictions shall be constructed to interfere with the repairs of vessels damaged in foreign waters or on the high seas when necessary to enable them to get home. The bill was still under consideration when the House adjourned.

Increase of the Navy.

The proceedings of the House on the naval appropriation bill were devoted largely to the consideration of the question of the increase of the navy, with especial reference to the necessity of two battleships of the Dreadnaught type. The effort to reduce the number was defeated after a long debate. The proceedings were opened by a motion made by Mr. Burton, of Ohio, to eliminate one of the big vessels, and he made a speech in support of his motion in which he took occasion to contrast the American navy with the Japanese navy to the detriment of the latter, showing that with ships now under construction the navy of the United States than that of Japan and was at present a half larger. He referred to the number of ships under construction,

some of which would not be completed until 1912, or even later, and maintained that there was no immediate occasion for further construction even of the one battleship now contemplated.

Finally he said that the United States of all nations of the world should take the lead in the move for a limitation or armaments, looking hopefully forward to the time when peace and amity should exist among the whole human race.

A FEARFUL WRECK

Numerous Lives Snuffed Out By Railway Accident

OTHERS SERIOUSLY WOUNDED

Heavily Loaded Electric Train Jumped the Track at Sharp Curve Near Woodlawn Road, in the Bronx.

New York, Special.—The White Plains and Brewster express, a six-car electric train on the Harlem division of the New York Central and Hudson River railroad, jumped the track at a curve near Woodlawn Road, in the Bronx.

Death List Grows.

New York, Special.—Twenty dead, two fatally hurt, and 145 others more or less seriously injured, is the result of the wreck of an electric express train on the New York Central Railroad at Two Hundred and Fifth street and Webster avenue Saturday night. Of the large number of injured, 50, according to the hospital and police reports, are seriously hurt, and the death list may be increased within the next 24 hours.

Most of the others are suffering from lacerations or shock, and will recover.

From Chicago to Savannah.

Chicago, Special.—A proposition to establish a State-owned railroad from Chicago to Savannah, Ga., was suggested to Corporation Counsel Lewis by Governor Hoke Smith, of Georgia, in a letter. Gov. Smith declared that such a line would reduce freight rates and would have a great influence on trade relations with the South. The letter says:

"I am much interested in the railroad rates from the lakes to Georgia. Our State owns a railroad from Atlanta to Chattanooga and there is a strong sentiment in favor of extending it to Savannah. If Cincinnati could reclaim control of the line built by its citizens from Cincinnati to Chicago, and Cincinnati and Chicago would join a movement for the construction of a line from Chicago to Savannah, there might be a through trunk line from Chicago to Savannah, operated solely for the purpose of paying expenses and interests of the actual cost of construction without the burdens of watered stocks and bonds. Such a line would prove beneficial not only to the great cities through which it passed but to a broad territory adjacent to the line. It would reduce freight rates more than 25 per cent. It would have a most marked influence on our trade relations."

Five Business Houses Burn.

Pittsburg, Pa., Special.—A fire which threatened the destruction of several city blocks in Allegheny, across the Allegheny river from Pittsburg, destroyed five business buildings and three dwelling houses, causing an aggregate loss of \$200,000. Four fire companies were sent to Allegheny from this city to fight the flames, and a number of firemen had narrow escapes from falling walls. The fire originated from an explosion in the basement of Kenyon's dry goods store and Meeting Hall, a five-story structure and quickly spread to other buildings. What caused the explosion is not known.

A \$60,000 Cotton Fire at Elberton, Ga.

Elberton, Ga., Special.—Fire early Sunday destroyed the Southern Railway depot, 400 bales of cotton, eight freight cars and contents, and a passenger train. The loss is about \$60,000. Sparks from a passing train are said to have ignited the cotton.

Swainsboro, Ga., Has \$75,000 Fire.

Swainsboro, Ga., Special.—Fire here caused a loss of \$75,000. A total of but \$20,000 insurance was carried. The origin is supposed to have been incendiary. The first started Jos. Ehrlich's dry goods store and that, the McLeod building, the Mason & Clark skating rink were destroyed.

News in Brief.

Seventy-one bodies of those who perished by the sinking of the steamer Larchmont off Block Island were recovered, and but 19 persons are known to have survived.

An interruption to the Thaw case, or even a mistrial, was threatened by the illness of the wife of a juror.

Several buildings of the Cramp Shipbuilding company, including the pattern shop, were burned.

One of the causes why Raymond F. Ayres got a Dakota divorce was that his wife was too fond of ice-cream.

William F. Walker, treasurer of the Savings Bank of New Britain, Conn., is accused of embezzling over half a million dollars' worth of bonds from the institution.

A New Jersey posse is searching for a negro who attempted an assault on Miss Mary Wells, near Camden.

Proceedings were begun in Philadelphia to prevent the extradition to New York of Dr. Richard C. Flowers, accused of swindling.

The Alaska Packers Association are about to introduce the Argo Red Salmon in this market. They are the largest Salmon canners in the world, employing an army of 7500 men, with a fleet of over sixty vessels, and the Argo is the choicest Red Salmon packed. It is caught in the icy waters of Bering Sea. The flesh is very firm, of a beautiful red color and delicious flavor. It is much below the price that good qualities of Salmon have sold for in the past.

Argo Red Salmon is cheaper than beefsteak at 10 cts. per pound, because it contains more nourishment.

Only the chosen few can coin their credulity into hard cash.—Dallas News. So. 8-'07.

Example for Old Gentlemen.

Franklin Farrel, seventy-eight years old, a millionaire several times over, head of the Farrel foundry and machine company, was working hard in his dirty mill today as usual.

Mr. Farrel sets an example to old gentlemen who have accumulated a fortune and are inclined to be luxurious. His theory is that as long as a man works hard he is young and keeps free from the ills that follow senility and too great ease. He "retired" once and rheumatism attacked him; he went to work again, got well, and keeps well.

His face and hands grimy, Mr. Farrel was helping his men to move machinery in his new foundry today. When the noon whistle blew he went to his fine home for luncheon, but he was at the mill again at five minutes before 1. He thinks it almost effeminate to open letters and dictate them and leaves all that to his stenographer.—Ansors' (Conn.) Dispatch to the New York World.

To Be Fat: Drink Chocolate.

In an obscure but picturesque little village of far off Germany there is a place called the "Chocolate Cure," where thin people go to become stout. The patients eat and drink cocoa and chocolate all the time while they rest, admire the scenery, gossip and grow fatter every day. The true secret of the great success of the treatment is the happy way chocolate has of fattening just the right places, setting in the hands, the arms, the neck and the shoulders, making the fair patient prettier and plumper all the time. The really effective part of this cure may be tried at home by any persevering woman, and the medicine is so palatable and the method so simple that there is actually, it seems, no reason why all should not be of just the desired weight.

The senate passed the Criminal Appeal bill but added the Rayner amendment.

BABY TORTURED BY ITCHING.

Rash Covered Face and Feet—Would Cry Until Tired Out—Speedy Cure by Cuticura.

"My baby was about nine months old when she had rash on her face and feet. Her feet seemed to irritate her most, especially nights. They would cause her to be broken of her rest, and sometimes she would cry until she was tired out. I had always used Cuticura Soap myself, and had heard of so many cures by the Cuticura Remedies that I thought I would give them a trial. The improvement was noticeable in a few hours, and before I had used one box of the Cuticura Ointment her feet were well and have never troubled her since. I also used it to remove what is known as 'cradle cap' from her head, and it worked like a charm, as it cleansed and healed the scalp at the same time. Now I keep Cuticura Ointment on hand in case of any little rash or insect bites, as it takes out the inflammation at once. Perhaps this may be the means of helping other suffering babies. Mrs. Hattie Currier, Thomaston, Me., June 9, 1906."

Candidates for congress might possess their souls with patience until Judge Hull has taken the oath of office.—Galatin News.

Mrs. Winslow's Soothing Syrup for Children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 25c a bottle.

Victory gives no account of her actions.—Curtis the Batavian.

1817-1907.

Sixty years ago Alcock's Plasters were first introduced to the public. They are today the world's standard plaster. This invention has been one of the greatest blessings imaginable and affords the quickest, cheapest and best means of healing and relief for certain ailments, that has ever been discovered.

Alcock's are the original and genuine porous plasters and are sold by druggists in every part of the civilized world.

With the Wits.

"You say you were in the saloon at the time of the assault referred to in the complaint?" questioned the lawyer.

"I was, sor," replied the witness.

"Did you take cognizance of the bar-keeper at the time?"

"I don't know what he called it, sor, but I took what the rest did,"—Milwaukee Sentinel.

If you live in Virginia, North or South Carolina, and are unable to obtain Argo Red Salmon from your dealer, send money order for two dollars (\$2) to-day, to the advertising department of Alaska Packers' Association, Richmond, Va., or Atlanta, Ga., and we will deliver to your nearest railroad depot, freight prepaid, a box containing one dozen cans of Argo Red Salmon, a can opener and a cook book, with beautiful colored illustrations, giving thirty-nine different recipes for preparing the delicious, nutritious and appetizing Argo Red Salmon. Get your money order to-day, "To-morrow never comes."

DON'T DESPAIR.

Read the Experience of a Minnesota Woman and Take Heart.

If your back aches, and you feel sick, languid, weak and miserable day after day—don't worry. Doan's Kidney Pills have cured thousands of women in the same condition. Mrs. A. Heiman, of Stillwater, Minn., says: "But for Doan's Kidney Pills I would not be living now. They cured me in 1899 and I've been well since. I used to have such pain in my back that once I fainted. The kidney secretions were much disordered, and I was so far gone that I was thought to be at death's door. Since Doan's Kidney Pills cured me I feel as if I had been pulled back from the tomb."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

No thoroughly occupied man was ever miserable.—Italian.

Itch cured in 30 minutes by Woolford's Sanitary Lotion; never fails. Sold by Druggists. Mail orders promptly filled by Dr. E. Detchemed. Co., Crawfordsville, Ind. \$1.

I am now prepared to fill orders for my Celebrated CABBAGE PLANTS in any quantity desired.
EARLY JERSEY WAKEFIELD—Earliest and best sure header, small type.
CHARLESTON WAKEFIELD—About ten days later than Early Jersey's, also a sure header of fine size.
Prices 1 c. o. b. here, packed in light boxes: 500 for \$1.00, 1,000 to 5,000 at \$1.50 per M., 5,000 to 10,000 at \$1.75 per M. Special prices on larger quantities. All orders shipped C. O. D. when not accompanied by remittance.
CHAS. M. GIBSON, Young's Island, S. C.

A Straight Path
From the cotton field to prosperity, and a large, constantly growing bank account awaits you if you plant, fertilize and cultivate your crop with system. The most important thing is to apply to your soil, about ten days before seeding, a plant food in the shape of 400 to 1000 pounds of high grade **Virginia-Carolina Fertilizers** per acre on fewer acres. If you follow this advice, your cotton will be waist high by the time many of your "extensive culture" neighbors are hoeing over their crop the first time. Then too they may have used a poor grade fertilizer. Insist upon having only **VIRGINIA-CAROLINA FERTILIZERS**—accept no substitute. Ask your dealer for a copy of our handsome new almanac, or write us for one—it is free.

Virginia-Carolina Chemical Co., "Increase Your Yields Per Acre"
