Brains Needed on the Farm.

Any adverse conditions that apparently work against the interest of a man may often prove a blessing. When there is a special demand made for the active and constant exercise of the mind good will result. The farmers of the State are just now in a transitional stage. Old plans have to go. New ones must be introduced. Never has there been a time when keen, clear, executive ability was as much needed on the farms as they are today. Male labor is growing scarcer. White boys, reaching the age of eighteen, get into mills, offices and stores. They prefer to be counter jumpers rather than clohoppers. Many of the strong, active negroes are leaving for railways and other public works. The old men, women and children remain on the farms. The immense cotton crop this year warns our people that the more cotton they make the poorer they will become. How are these conditions to be met by farmers? Set it down in the first place that it will cost 8 cents a pound to raise cotton this year. Determine to reach that point soon when you will buy no commercial fertilizer. Plant half as many acres in cotton as you did last year. Cultivate it better. Remember every furrow you run that there is enough potash and phosphoric acid in the first foot of clay to make 100 crops. One bushel of peas sown or planted on an acre of land will gather more nitrogen than you can get out of a ton of guano. Study the Alfalfa question. Ten acres well set in Alfalfa on a two-horse farm when well cared for, will make more clear money than 25 acres in cotton. Put your brains to work. Raise corn, sorghum and all sorts of forage. Get mares as work animals and go to raising colts. This scarcity of labor will make many independent, successful farmers if they only use their brains in the right way.—Carolina Spartan.

We Guarantee Satisfaction.

J. A. Brogdon, of the National Sign Co., Dayton, O., writes under date of Oct. 12, 1906: "Nosena is the only preparation I have ever used that relieves my affection so speedily and pleasantly. I am getting the first real pleasure out of breathing that I have experienced since I contracted catarrh six years ago. Money would not buy my tube of Nosena if I could not get another. Buy Nosena from Derrick's Drug Store and C. E. Corley and get your money back if not satisfied. Sample tube and booklet by mail 10 cents. Travis Got Five Years.

T. S. Travis, the young white man who forged two money orders on the Southern Express company in Columbia a few months ago and left with the proceeds, but later captured in Tennessee, was arraigned before Judge Prince in Columbia last week. He plead guilty and asked for mercy, whereupon Judge Prince sentenced him to five years in the State penitentiary.

Prevents Headache.

Force them! No—aid them. Ramon's treatment of Liver Pills and Tonic Pellets strengthens the liver and digestive organs so that they do their own work and fortifies your constitution against future trouble. Entire treatment 25c. Derrick's Drug Store and C. E. Corley.

Four hundred bales of cotton and eight freight cars, involving a loss of \$80,000, were burned at Elberton, Ga., on Sunday morning.

For Rheumatic Sufferers.

The quick relief from pain afforded by applying Chamberlain's Pain Balm makes it a favorite with sufferers from rheumatism, sciatica, lame back, lumbago, and deep seated and muscular pains. For sale by Kaufmann Drug Co.

A trunk containing 25 quarts of liquor was seized by police officers at the union depot in Columbia on Tuesday. The owner is unknown.

FLUE CURING IMPROVES TOBACCO LIKE ROASTING IMPROVES GREEN COFFEE

Flue Curing Develops the Stimulating Aroma and Taste Found in Schnapps that Satisfies Tobacco Hunger

There are three ways used by farmers for curing and preparing their tobacco for the market; namely, sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured. In flue-curing the tobacco is taken from the field and suspended over intensely hot flues in houses especially built to retain the heat, and there kept in the proper temperature until this curing process develops in the tobacco the stimulating taste and fragrant aroma found in Schnapps tobacco, just as green coffee is made fragrant and stimulating by the roasting process. Only choice selections of this ripe, juicy flue cured leaf, grown in the famous Piedmont country, where the best tobacco grows, are used in Schnapps and other Reynolds' brands of high grade, flue cured tobaccos.

Hundreds of imitation brands are on sale that look like Schnapps; the outside of the imitation plugs of tobacco is flue cured, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco; one chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco.

Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other kind, and has a wholesome, stimulating, satisfying effect on chewers. If the kind of tobacco you are chewing don't satisfy, more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco.

Schnapps is like the tobacco chewers formerly bought costing from 75c. to \$1.00 per pound; Schnapps is sold at 50c. per pound in 5c. cuts, strictly 10 and 15 cent plugs.
