WOULD ABOLISH THE STATE FARM.

Text of Resolution Introduced at Good Roads Convention—Gov. Ansel De- livers Address.

Spartanburg, Aug. 7.—The seventh annual convention of the South Carolina Good Roads association convened in the court house this morning at 11 o'clock with President F. H. Hyatt in the chair. Rev. W. A. Massabeau opened the meeting with prayer. Gov. Ansel appeared on the scene just as the preacher said, "Amen." Mr. Hyatt introduced Gov. Ansel, who then made the opening address before the convention.

Supervisors and county commissioners from all over the State were present, and the court house was filled to overflowing. When the governor finished his address, which was a strong plea for good roads, Hon. J. Wright Nash was introduced and he spoke to some length on the bond issue and gave some practical figures that threw a deal of light on the election which will come off the 20th of this month. Mr. Nash was called on by President E. D. Smith of the State Cotton association.

Mr. Hyatt, president of the Good Roads association, made a short speech as to the purpose and told the supervisors that a great responsibility rested on them, as they held the purse strings of the county and had more to do with the upbuilding of it than any other citizens.

The morning session adjourned at 1:30 o'clock for dinner. After dinner Mr. Hyatt and Mr. Smith went to the big gathering of colored farmers near Glendale and when Richard Carroll had finished his famous address, these gentlemen made rousing good talks that brought lusty cheers from the hundreds of negroes gathered around the speakers' stand.

The county supervisors and others in attendance upon the convention spent the afternoon in watching the practical road work by Col. W. A. Neal, who had a traction engine and several scrapers out on the old Pacolet road just below Jeff Dillard's place. Col. Neal did about one mile of good road work in two hours and a half.

The convention held a very interesting session at the court house tonight, where many matters of importance were discussed. An election of officers was entered into with the following results: F. H. Hyatt was re-elected president and F. C. Black secretary. Mr. Black was formerly county engineer for Spartanburg during 1897-98, but at present his home is in Columbia.

J. B. McBryde moved that it was the sense of the body to ask the legislature to make the term of office of the county supervisors throughout the State four years instead of two. After considerable discussion, the motion was passed, and President Hyatt appointed J. G. Bates, J. B. McBryde and G. H. Nichols as a committee on legislation, to take this matter along with others before that body.

Mr. G. N. Nichols, supervisor of Abbeville county, moved that the legislature be memorialized to abolish the State farm and hire all able-bodied convicts to the different counties at a nominal sum, say from \$5 to \$10 per month, to work on the roads of the counties. Mr. Singletary amended the motion as follows: "That all persons convicted after the enactment of this law except those sentenced to life imprisonment, be sentenced to work in the counties where they are convicted."

Mr. McKinnon moved that it was the sense of the body assembled to ask the legislature to levy a tax of one mill for road improvement in such counties as have no such levy.

H. B. Humbert, supervisor of Laurens, offered the following resolution, which was adopted:

"Resolved, That members of this association be required to confine themselves to the discussion of questions pertaining to roads and road work, and that no member be permitted to speak more than twice, and not longer than 10 minutes the first time and five minutes the second time on any question, except by special permission."

Resolutions of thanks were passed thanking the city papers for their press notices, the speakers, the supervisors in attendance and the officials of the city and county for their kind treatment, after which the convention adjourned.—The State, 8th.

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results as it positively cures all forms of kidney and bladder diseases. Derrick's Drug Store.

Prohibition.

Prohibition will help to prohibit. Public sentiment is increasing in its favor. It is no longer a question with

many people who were in favor of whiskey and barrooms twenty-five years ago. They now believe in stopping the traffic entirely. It is probable that the General Assembly of this State will pass a prohibition law at its next session. The people are ready for it. The following is the way the question now stands in the following States:

Georgia.—Absolute prohibition after January 1, 1908.

South Carolina—Dispensary and local option, with strong prohibition sentiment, and possible passage next year.

North Carolina—Partial prohibition, and strong sentiment for a general state law.

Alabama—Now agitating prohibition in the legislature, with very strong favorable sentiment.

Tennessee—Prohibition agitation, with rapidly increasing victories—Carolina Spartan.

Card of Thanks.

To the Editor of The Dispatch: Please allow me space in your valuable paper to express my thanks to the dear people of Lexington and surrounding country for the many kindnesses bestowed upon me during the illness and death of my beloved wife. Never before in my life have I had so many favors shown me. May God's richest blessings rest upon each and every one of you!

Newspapers Should Stop Giving Free Advertising.

It is high time for the newspapers to stop giving free advertising to politicians, especially the class who appeal to the prejudices of the ignorant by referring to newspapers as "dirty newspapers." Senators Tillman and Latimer have gotten more free advertising from the newspapers than any other men in the State, and both of them whenever a newspaper happens to differ from them at any time, make it a point to not only speak disparagingly of that newspaper, but they try to teach the ignorant that newspapers are the enemies of mankind, but the nery part of the business is that after trying to poison the "graynecks" against newspapers, they have the unadulterated gall to send a mass of bushwa to the abused newspapers for publication free of charge. This newspaper has made up its mind to cut out free advertising for politicians, if they think the space in our paper is a good advertising medium to advance their political interests, they can accompany their matter they wish published with the material that even makes newspaper men respectable. If the newspapers had not been so liberal with their space, there are politicians now enjoying high life who would in all probability be selling eggs in Augusta, or hoeing corn at Belton.—Manning Times.

CATARRH and Catarrhal Headaches

are quickly relieved by Nosena. It soothes the congested membranes, allays inflammations and thoroughly heals and cleanses. It keeps moist all the passages whose tendency is to thicken and become dry. Cures colds, throat troubles, hoarseness, hay fever, "stopped-up" nose, breathing through mouth while sleeping, offensive breath, etc. It is antiseptic and contains no chemicals or drugs having a narcotic effect, or that can cause the "drug habit." CAUSE OF ASSAULTS.

Nude Pictures of Women Exposed to View in Liquor Saloons Appeals to Passion of Black Brutes.

Lincoln, Neb.—Suggestive pictures on the walls of the southern saloons are the main cause of fearful assaults made upon southern women by negroes, according to Mrs. Nannie Curtis, of Texas, national organizer of the Women's Christian Temperance Union. In a public address at the Epworth assembly, Lincoln, Neb., last week she said:

"The saloons have robbed us white women of our clothes and have hung us up on the walls of saloons to inflame the passions of drunken black brutes."

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Sample free. Kaufmann Drug Co.

Killed the Father of His Sweet- heart.

New York, Aug. 8.—Losing his temper because his efforts as a peace-maker did not succeed, Edward Mulvaney, a young man, knocked down and killed his prospective father-in-law, Robert Sealander, a contractor, on Pacific street, Brooklyn, today. The killing was the outcome of a quarrel between Sealander and his son. Mulvaney, who was calling on Miss Sealander, feared that the disputants would harm each other, and intervened. His plea for peace was not heard and the contractor turned upon him. Argument developed and Mulvaney and Sealander adjourned to the street to settle their quarrel. Mulvaney struck Sealander a powerful blow on the head, knocking him down. The contractor died shortly afterward. Mulvaney was taken into custody.

Men Past Sixty in Danger

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Four Killed in Head On Col- lision.

Dalton, Ga., Aug. 8.—Four persons are dead and three seriously injured as the result of a head on collision between a southbound local freight and an extra freight train on the Western and Atlantic railroad, one mile north of this place at five o'clock this afternoon.

Fireman Suddeth, of the extra train, who escaped by jumping, said that the collision was caused by the failure of his train's crew to read their orders.

What a New Jersey Editor Says

M. T. Lynch, Editor of the Phillipsburg, N. J., Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." Derrick's Drug Store.

Governor Smith Loses \$60,000.

When Governor Hoke Smith affixed his signature to the Georgia prohibition bill he deprived himself of \$60,000. It is said that the governor will lose that sum because under prohibition the bar of the Piedmont hotel, the finest in Atlanta, will be closed. The lease calls for a lowering in rent if prohibition closes the bar. Governor Smith owns one-third of the Piedmont hotel and as the total reduction because of prohibition will be \$180,000, the governor signed away just \$60,000.
