

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## WOULDN'T LET HIM VOTE

Mr. P. I. Rawl Asserts That Books Had Been Changed.

To the Editor of The Dispatch: Not since the days of "John Gilpins" famous ride, when so many niggers were voted by PURE DEMOCRATS to beat Uncle Simon, have I been so goaded to the necessity of again (though reluctantly) entering the newspaper arena to fight the turpitude of political jugglers. But here, let me digress. Boys, if you put it on too thick you may possibly hatch up some trouble for yourselves. Better not send too many dirty, scurrilous post cards through the U. S. mails, Uncle Sam's secret service men might nab you and, for the sake of your poor, distressed mothers, try and stay out of the Albany penitentiary.

I have been voting many years—have often been tried, never denied, and stand ready at any time to be tried again. On the 10th day of September, A. D. 1907, however, I tried to vote in the General Election, but was denied. Last year George A. Rawl, registered number 303, tried to vote and was denied. Therefore, before I started to this election I hunted up and found two registration certificates. Armed with these and last year's tax receipt, am able to read any section of the constitution, it cannot be proved that I practice miscegenation or niggerism, (which, under the new constitution, disfranchises any white-skinned man), am also free-born and of lawful age, and except with members of the court house ring and its tributaries, under the tongue of good report, I thought I had a right to vote. I don't sometimes vote in the General Election, but in this election I wanted to vote against trimming Lexington county to make another court house ring, but there was a greater reason why I wanted to vote and that was I wanted to vote against cutting school districts number 6 and 7 and running them to make a little political school ring, a branch of the court house ring, and fasten an extra tax on my property and posterity. I, with a few hundred others, voted against that very thing in last year's primary and won, but William and Brooks both went back on us.

My registration number is 124, but when Killian Hook, Charlie Livingston and his son-in-law kindly let me examine the registration book behind "William Albert" was written opposite 124. Now, if there ever was a voter in Hollow Creek township by the name of "William Albert," I fail to find any one who ever heard of him, and I have asked many. Registration number 303, George A. Rawl and 304, R. B. Rawl, has heavy red lines run through them, but no others, as I could see, had been stricken out. A note to the right, on the same leaf, explained that 303 and 304 was illegal, or had been entered illegally, or something to that effect, but nobody's name is signed to that explanatory note.

Now, unless it is proved that there is, or ever was, a "William Albert" in Hollow Creek township, I am compelled to write FRAUD. Unless the writer of that explanatory note in registration book comes out like a man and tells the citizens of Lexington county that he wrote it and explains the illegality of 303 and 304, I will again write FRAUD.

If there is or was such a man as "William Albert," why was his name placed opposite 124 and mine left out, even if the book had been transcribed a dozen times? What is a registration ticket for any how if it does not protect the voter in his inalienable right to vote? It appears to me that a registration certificate is the only safeguard against fraud, because the books are in diverse different hands—invariably in the hands of the court house ring—and they can easily alter or change to suit themselves.

I appeal to the people of Lexington county to help me redress the great wrong imposed upon me and mine in being all disfranchised. And if we are to remain disfranchised, because I have the impudence to oppose wrong doing by the court house ring, I want to know it.

Yours for what is right, P. I. RAWL. Lexington, R. F. D. 2, Sept. 23.

J. A. Brogdon, of the National Sign Co., Dayton, O., writes under date of Oct. 12, 1906: "Nosema is the only preparation I have ever used that relieves my affection so speedily and pleasantly. I am getting the first real pleasure out of breathing that I have experienced since I contracted catarrh six years ago. Money would not buy my tube of Nosema if I could not get another. ## New Bank at Leesville.

Leesville, Sept. 17.—The People's Bank, of Leesville, has been organized with a capital stock of \$30,000, all of which has been subscribed and the first installment paid in. The building on Main street is about half completed and all fixtures and supplies have been bought. It is expected that the bank will be opened by the 15th of October in its handsome new quarters.

This bank will be a very valuable addition to the business interests of the town. It is an index to the wonderful growth of the community. A few years ago there was not enough business for one bank; now there is a great demand for two. Almost all the credit for the organization of this bank is due to Hon. E. J. Etheredge, who is a moving spirit in his community. He has launched other enterprises in the town before and is still moving along every line of industry for the betterment and improvement of the community.

The officers of The People's Bank are E. J. Etheredge, president; L. B. Gunter, vice president; W. Aug. Shealy, cashier. Directors: E. J. Etheredge, F. B. Gunter, W. Shealy, L. B. Etheredge, P. S. Shealy, W. E. Bodie, J. L. Etheredge, J. C. Swygert, C. B. Kneec, J. Austin and T. S. Sease.—News and Courier, 18th.

## Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Derrick's Drug Store.

## Annual Picnic.

## Colored Boy Revenant; Wants Pardon.

A petition for pardon has been presented to Gov. Ansel for Shep Taylor, a young colored boy sent to the reformatory for 10 years from this county in 1905 for arson. It will be recalled that the boy was locked up in the guard house at Leesville for fighting and during the night set fire to the building. The boy was then only 12 years old. He tells the Governor he is repentant now and will make a man of himself if he will give him his freedom.

North Carolina, September 1st, 1907, 92; ten year average, 85. South Carolina, September 1st, 1907, 93; ten year average, 79. Virginia, September 1st, 1907, 86; ten year average 88.

## Force of Southern Reduced.

The Southern railway has laid off hundreds of its employees at the various shops throughout the country. There are forty-two off in Columbia. The reduction is made on account of scarcity of work, so it is said.

## Lost and Found.

Lost, between 9:30 p. m., yesterday and noon today, a bilious attack, with nausea and sick headache. This loss was occasioned by finding at Kaufmann Drug Co., and Derrick's Drug Store a box of Dr. King's New Life Pills. Guaranteed for biliousness, malaria and jaundice. 25c.

No agricultural college can turn out ready made farmers, but it can lay the foundation for making best farmers. Consistencies and sore throats in the first stages can be quickly cured by gargling every hour with this: One-half glass of hot water, one-half teaspoonful of baking soda and one teaspoonful of listerine.

Do not pick cotton wet and pack it away in that condition. It will turn blue and the seed will spoil. Running for office costs almost as much as running an automobile.

## A Poor Organ.

Dam(s) the bile. That's what your liver does if it's torpid. Then the bile overflows into the blood—poisons your system, causing sick headache, biliousness, sallow skin, coated tongue, sick stomach, dizziness, fainting spells, etc. Ramon's treatment of Liver Pills and Tonic Pellets strengthens the liver and makes it do its own work. Prevents and cures these troubles. It aids—doesn't force. Entire treatment 25c, Derrick's Drug Store and C. E. Corley.
