And whereas the boundaries of the proposed new county, the number of inhabitants, the taxable property, as shown by the last tax returns, and that the proposed lines do not run nearer than eight miles to any court-house now established, are also set forth in said petition

And whereas the report of the commission appointed by me to ascertain the facts as provided for in the Acts of 1905 as to whether the requirements of the constitution as to area, distance, wealth, population, et cetera, have been complied with, has been filed, stating

that the law had been fully complied with, and the number of square miles in the proposed new county (commonly known as Calhoun County) is a little over four hundred and twenty-six (426) square miles, leaving to the county of Orangeburg more than five hundred (500) square miles and to the county of Lexington more than five hundred (500) square miles.

Now therefore, I, M. F. Ansel, as Governor of the State of South Carolina, by virtue of the power conferred upon me by the Constitution and Laws of this State, do hereby order

1. That an election be held in the territory embraced within the proposed new county on the 17th day of December A. D. 1907, upon the question of creating the said new county, and that, at such election, the qualified electors within the proposed area shall be allowed to vote upon said question, those favoring the proposed new county to vote "Yes" and those opposed, to vote "No".

2. That the Commissioners of State and County Elections of the Counties of Orangeburg and Lexington respectively shall make all necessary arrangements for holding said election, shall appoint managers and do all other things necessary for the holding of said election; that the County Supervisors of the said counties respectively shall have prepared printed tickets and furnish same to the Commissioners of Election to be sent out to the Managers of Election for the use of the voters.

3. That at the said election the question of a name and a county seat for such county shall also be submitted to the said qualified electors.

4. That said election shall be held under the same rules and regulations as are provided by law for regular county elections; that the managers shall be sworn before entering upon the discharge of their duties and shall open the polls at seven o'clock in the morning and keep the same open until four o'clock in the afternoon, when the polls shall be closed, the votes counted, a return of the number of votes polled for and against, signed and certified to by the Managers of Election which together with the ballot box, ballots and poll list shall be turned over to the Commissioners of Election, as required by law; that the Commissioners of Election shall then, as now required by law, tabulate the vote and make return thereof to the Governor of the State and to the Secretary of State and file a copy of same in the Clerk of Common Pleas for each of said Counties of Orangeburg and Lexington.

In testimony whereof I have hereunto set my hand and caused the great seal of the State to be affixed at Columbia this twenty-eighth day of October, in the [L.S.] year of our Lord one thousand nine hundred and seven, and of the Independence of the United States of America the one hundred and thirty-second.
