**Roof's Millinery Opening.**

On the front page of this issue Mr. W. P. Roof announces that his grand spring opening of fancy millinery and pattern hats will be held tomorrow and next day. Never before in the history of this great store has there been such a wonderful showing of exquisite merchandise.

Miss Anna Brown is again the popular and very attractive head of the millinery department, and the hats designed by her are characterized by a dainty charm that most women find irresistible. Many of the color combinations are exceptionally unique and give an air of originality to each creation that is particularly gratifying to the women who object to having their hats resemble those worn by anybody else. This being pre-eminently a flower season Miss Brown has no difficulty in creating an endless variety of creations, each one of which is quite as pleasing in its sweetness and loveliness as its neighbor. When you buy a hat designed by Miss Brown and bearing the name of W. P. Roof is synonymous with that having the hallmark of the most approved Fifth avenue designer.

Call at Roof's millinery parlors for your Easter hats. Miss Brown will take pleasure in acquainting you with the different styles whether you wish to buy or not.
