"Health Coffee" is really the closest Coffee Imitation ever yet produced. This clever Coffee Substitute was recently produced by Dr. Shoop, of Racine, Wis. Not a grain of real coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—who might drink it for coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by M. D. Harman.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, rundown nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oftentimes weakens the Heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you are using the right remedy. You will easily and surely note the change from day to day. Sold by Kaufmann Drug Co.

**Convicted Man Shoots
 Five Men in Courtroom.**

At Terre Haute, Ind., on Thursday Henry F. McDonald in the circuit court room shot and killed Detective William E. Dwyer, seriously wounded three other officers and a bystander, and was himself seriously wounded. McDonald had been tried for dynamiting stores and a church in Sanford last year.

As soon as the jury reported its verdict of guilty, McDonald jumped up, drew a revolver and fired at Prosecuting Attorney James A. Cooper, Jr., but missed because Cooper tipped his chair over backwards. McDonald continued firing at the officers seated around the counsel table. Detective Dwyer fell dead at the third shot.

Policemen and deputy sheriffs in the court room drew revolvers and opened fire on McDonald, who returned the fire. Before the convicted man fell with half a dozen bullets in his body, he had shot Harvey V. Jones, superintendent of police, in the side, Deputy Sheriff Ira Wellman in the chin, Sylvester Doyle, court hallif, in the leg and a bystander in the side.

Letter to J. B. Wingard,

Lexington, S. C.

Dear Sir: Two cans of paint look alike; two paints look alike; when opened; two jobs look alike, so long as they're new—unless one is scant.

They are far from alike: One is paint and the other is trash.

The gallon price is not far from alike. They don't cost alike. One takes 10 gallons to paint a house; the other takes 20. The cost of one job is \$50; the other \$100—it may be \$90—the job that cost least is the good one; wears twice as long as the other.

There are two ways of telling good paint: By the name; by the number of gallons it takes for a job—least gallons, best paint. By the name Devoe; by least gallons.

Yours truly,

F. W. DEVOE & CO.

P. S. The Kaufmann Drug Co., sells our paint.
