### A Young Man With No Chances at Home.

We have a letter from a young reader of 20, who has lived on a farm with his parents all his life. But he is thinking of taking a business course and hunting a situation in the city. Here is exactly what he writes us: "Father does not seem to think a young man ought to have any money, or any liberty to go ahead and try to do something. I have read The Practical Farmer ever since I learned my letters. Please advise me what to do." This is a serious matter. I would much rather advise the father what to do. It looks as though he was making a mistake. He seems to forget that the boy is grown up and has wants and desires accordingly. Unless he has other sons he is making a mistake surely, to let this young man, who likes the work, leave home because no chance is given him there. It is a pity to have the brightest boys, those with brains and push, those who are ambitious to do something, leave the farm for want of a chance. Such a young man can study out the best methods and often be able to double the productiveness of the old homestead farm. The question is often discussed why the brightest boys leave the farm and why good help is so hard to get. In this letter you can find a part of the reason. Now my young friend, as you like farming, I should work at it. If you cannot get a fair chance at home, go to work for some really good farmer as soon as your father will let you. There are thousands who would like to get you. Save all the money you can and put it in some good savings bank. You can do this now entirely by mail. Get on a first class farm and study to make yourself so useful that they can hardly do without you. In due time buy a farm of your own. The chances are excellent for a young man who is ambitious and persistent. It will take time and close economy to succeed, but so it will if you go to the city.—T. B. Terry in Practical Farmer.

### The New Pure Food and Drug Law.

We are pleased to announce that Foly's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Derrick's Drug Store.

### A Collard Course.

A North Georgia editor hands out the following regarding a "social function" pulled off in his town: "Mr. C. J. Clark entertained recently with a delightful 'collard course' with side entrees of pot-liquor and buttermilk. "Green was the leading color, each guests being presented with a hemstitched dishrag as a souvenir of the occasion."

### If the Baby is Cutting Teeth.

Be sure and use that old and well tried remedy Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle. Guaranteed under the Food and Drug act, June 30, 1906. Serial number 1908.

An exchange says a Clinton county (N. Y.) baby girl has two tongues. What a time she will have at the sewing circle meetings when she grows up.

## Are You Regular?

If you are not, it is a sign of disease, a sign of some hidden female trouble, that may be undermining and weakening your constitution, and laying up for you much future suffering.

Many thousands of weak, irregular, suffering women have, in the past 50 years, been greatly benefited or cured by the use of that well-known, successful, purely vegetable, female tonic and curative remedy

## WINE OF CARDUI

### WOMAN'S RELIEF

Appie G. Barnes, of Alto, Tex., writes: "I caught cold, which made me irregular and gave me pains in my shoulders and sides. For almost 2 weeks I could not lift a chair. Cardui brought me all right again; I have no more pains and am in very good health."

### Proof is inexhaustible that Lydia E. Pinkham's Vegetable Compound carries women safely through the Change of Life.

Read the letter Mrs. E. Hanson, 304 E. Long St., Columbus, Ohio, writes to Mrs. Pinkham:

"I was passing through the Change of Life, and suffered from nervousness, headaches, and other annoying symptoms. My doctor told me that Lydia E. Pinkham's Vegetable Compound was good for me, and since taking it I feel so much better, and I can again do my own work. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound did for me during this trying period."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

### Democrats Organize.

The Presidents of the Democratic clubs of Lexington county are hereby instructed to call a meeting of their clubs on Saturday, April 25th, for re-organization and to elect delegates to the county convention to be held at the court house on Monday, May 4th. It is important that the club meetings be well attended.

Each club should elect for the next two years, a president, one or more vice-presidents, a recording secretary, a corresponding secretary, a treasurer and a member of County Executive Committee. There should be appointed a committee on registration, one on club enrollment and such others as the club may desire. The club presidents are requested to announce to the club that everybody must be registered this year to vote in general election. Each club is entitled to one delegate to the County Convention for each 25 members or majority fraction thereof and the membership should be determined by the number of votes cast in the first primary of August, 1906.

C. M. Efrid, County Chairman.

### Death Was on Hi. Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at Kaufmann Drug Co., and Derrick's Drug Store. 50c. and \$1.00. Trial bottle free.

### A Delicious Custard.

The recipe for this delicate dessert has been handed down in my family for many generations: Into each individual custard cup put the yolk of one egg; add one heaping teaspoonful of sugar, two grating of nutmeg and five tablespoonfuls of sweet milk. Incorporate thoroughly, and set the cups in a pan of hot water. Bake in a modern oven until firm. When cool, cover with a meringue, using the whites of the eggs for this purpose, and allow one tablespoonful of powdered sugar to the white of each egg. Through the very tip-top of each snowy mound drop a teaspoonful of orange marmalade.—The May Delineator.

The kidneys are delicate and sensitive organs and are very likely at any time to get out of order. DeWitt's Kidney and Bladder Pills are prompt and thorough and will in a very short time strengthen the weakened kidneys and allay troubles arising from inflammation of the bladder. Sold by Kaufmann Drug Co.

The Newberry city council have awarded to Brown and McGee, of Greenville, the contract to lay ten thousand running feet of cement sidewalks, five feet wide, the contract price being 45 cents per lineal foot, making the total contract price about \$45,000. The contractors are required to give bond in the sum of \$1,000, the work being guaranteed for five years. The work begins on April 15th.

Magistrate C. H. Gassaway, of Anderson county, had his leg amputated on Saturday because of a wound received twenty years ago.
