Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or dis-

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the

child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wet-ting, depend upon it, the cause of the diffculty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great ranger.

Mills to Shut Down July 1. Spartanburg, April 30.—President R. Z. Oates of the Arkwright mills has handed to the press the following

statement: "At a representative meeting of cotton manufacturers held this day in the chamber of commerce it was re-solved that they will accept no fur-ther orders for cloth at present prices;

that they will shut down their mills indefinitely not later than July 1, 1908." In reply to many inquiries on the part of reporters the only answer was that the above was all there was to be given out as to the meeting of the manufacturers,

and when the mill men were approached they declared with one accord that they had nothing to give out. It is understood that this meeting represented the cotton cloth manufacturers of South Carolina, Georgia and North Carolina, those not represented by officials being represented by proxy.

Though there has been much dis-

cussion of a possible shutdown the impression here has been that the blow would not fall—that in some way it would be avoided—but the resolution has had a disquieting effect in all circles. There are 37 mills in this county and fully \$15,000,000 invested in them. The proposed shutdown is the result of the demoralized condition in the cotton cloth market .- The State.

Young White Woman Found Dead in Room.

Mary Mayes, a young white woman, aged 20 years, was found dead in her room at Enoree a few nights ago. Her mother said she heard a struggle in the girl's room and when she entered the room found her daughter dead. The next morning black marks were noticed about the throat and there was suspicion that her death was caused by violence. Coroner Turner held an inquest, but there was no evidence to bear out the foul play theory. The physician stated that death was from natural causes and that the dark spots on the neck was caused by the bursting of a blood ves-

The Republicans held their State convention in Columbia last Tuesday, at which the usual row took place. John G. Capers threw the negro off the platform, who was attempting to preside over the meeting, and a number of negroes threatened Capers, some attempting to draw pistols. However, the tumult subsided and Capers and his friends controlled the convention. A mixed delegation to the National Republican convention was chosen, consisting of whites and

Corn and Cash.

Corn in the crib is just like cash in the bank.

Most farmers who have corn at this season also have cash. There are very few farmers who

have cash and no corn. The man who buys corn at this time has to send out of the country cash that would be very acceptable at

If York county should raise all the corn she needs, there would be a great deal more cash than there is because approximately speaking, every bushel of corn that comes here from the West pinches one dollar off of the local circulation.

All good business men have more or less appreciation of the extent to which corn is a money crop. It is only those who have less business capacity who hold that there is no money in corn.

It is very rarely the case that a farmer who makes enough corn to run him until the next crop gets into fi-nancial difficulty and it is almost as rare when a farmer who fails to make sufficient corn to run his place, gets to the next crop without troubles.—Yorkville Enquirer.

Whooping Cough.

"In February our daughter had the whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. An Interesting Decision.

The supreme court has affirmed the decision of the circuit court in the suit brought by John Goodwin against the Columbia Mills company. This was a damage case in which Goodwin, a minor, who was injured by some machinery, was awarded \$2,500 by the lower court. The appeal by the company was dismissed, all exceptions being overruled.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative.
