More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. #### Piney Woods Dots.

The bath of this section is good at this writing.

Crops are looking fairly well, but needing rain.

The annual beef club began on last Saturday. It will run for sixteen weeks.

Mr. Editor, come over and spend a vacation with us.

A telephone line is all the talk in this section. In the near future we will have a line running from Little Mountain down through the Piney Woods section and out to Chapin. This will assist the farmers in many ways. In case of sickness especially. It is hoped that the people generally will take an interest in the matter.

Mr. Shull, from Columbia, a successful well man, has just completed a well for Mr. W. O. Fulmer, and has gone on the south side of Saluda river, where he is boring other wells.

Mr. and Mrs. Jas. Huffstetter are spending a few weeks at the springs.

There will be a Farmers' Union picnic at Amick's ferry on Friday, Aug. 28. There will be speeches by prominent Union men and others. Everybody invited to come and bring well filled baskets. Music will be furnished by a band. Subscriber. August 8.

#### Conundrums and Answers.

When is a newspaper like a delicate child? When it appears weekly.

Why is the Fourth of July like an oyster? Because we cannot enjoy it without crackers.

What tree is of the greatest importance in history? The date.

Why does a man's hair turn gray sooner than his mustache? Because it is about twenty-one years older.

Why is Sunday the strongest day in the week? Because it is the only one not a week day.

What is always behind time? The back of the clock.

What melancholy fact is there about a calendar? There is no time when its days are not numbered.

On what day of the year do women talk least? The shortest day.

Why is music cheaper on Sunday than during the week? Because during the week you get it by the piece, and on Sunday you get it by the choir.

Why is a washerwoman like Saturday? Because she brings in the close (clothes) of the week.

What is that which occurs twice in a moment and not once in a thousand years? The letter "m."

Why is a watchdog larger by night than by day? Because at night he is let out and by day he is taken in.

#### Hay Fever and Summer Colds

Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and heals the inflamed air passages, and even if it should fail to cure you it will give instant relief. The genuine is in a yellow package. Derrick's Drug Store.

#### An Acrostic.

Good water, fine shade and plenty to eat,  
Love-lanes and settees—but these are not neat;  
Enchanting, bewitching little Cupid we see,  
Nestling beneath each great oak tree,  
Naming the dates for you and for me.

Sweet are the days that we spend in this way,  
Pouring out love at the close of the day,  
Reaping a harvest of pleasure and love

In all its fullness, my dear little dove;  
Never regretting a smile or a kiss  
Given to me in a moment of bliss.

Sincerely yours,  
H. W. Derrick.

## PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure. Bruise your finger and doesn't it get red and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain "always" it's simply Common Sense.

We sell at 25 cents, and cheerfully recommend
