Expectation on the Farm.

(From New York Journal.)
Now, Mr. Roosevelt's undertaking to tell us grangers how we ought to feed the pigs and chicks and operate the cow; to sow and reap, and plough and plant, the way we should do, done, But couldn't do till we was told by gents in Washington.

When Silas' hog gets in the creek we won't dare haul him out, Because about the proper way there'll be considerable doubt; But we'll just stand along the bank and holler out to him Until we hear from Washington, "Old Grunts, ye'll have to swim."

An' if Hi's horses run away we won't jump in like fools, An' try to head the critters off by foolish farmer rules; We'll send along a telegram: "Hi Hankin's team has flew; Please send an expert right up here to tell us what to do."

When hens get set on the idea that they was meant to set, An' sets an' sets on anything they happens for to get, Some scientist 'll come along an' after some few days' Persuadin' will convince 'em of the error of their ways.

We're downright glad that Roosevelt's took an interest in the farm; The fellars that he sends down here can't really do much harm; An' if they'll trade us horses to invest in pasture lots, We'll find the new arrangement's wuth some cash to us—in spots!

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Derrick's Drug Store.

There was a slump in the cotton market on Friday. October futures dropped two dollars and fifty cents per bale. It is said that Livermore, the young broker who cornered the market, lost a cold million.

Lexington merchants are doing a good business and the usual cry of "hard times" is seldom heard in this locality—except when a man goes to pay for his paper.

A pleasing, good, high grade, truly flavored, amber colored cup of coffee can be had—and without the real Coffee danger, or damage to health—by simply using Dr. Shoop's new substitute, called "Health Coffee". Pure, wholesome, toasted cereals, malt, nuts, etc. make Dr. Shoop's Health Coffee both healthful and satisfying. No 20 to 30 minutes tedious boiling. "Made in a minute", says Dr. Shoop. If served as coffee, it's taste will even trick an expert. Test it and see. M. D. Harman.

They Take the Kinks Out.

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without fuss or friction," says N. H. Brown, of Pittsfield, Vt. Guaranteed satisfactory at Kaufmann Drug Co., and Derrick's Drug Store. 25c.

The engine of the saw mill plant at Walnut Grove, Spartsburg county, exploded from some cause last Thursday. Francis Harrison, 18 years old, was killed, and Harley Crew was perhaps fatally injured.

Plant Turnips Now.

Several times lately we have been asked as to the best time for the planting of turnips. We answer now, if the ground is seasonable. But remember there is no possibility of making turnips on ground that is not in apple pie order. On account of the seed being very small, it requires that there be plenty of moisture when they are planted. It is best to plant in the drill. For table use the purple top and the yellow Aberdeen hold the first places, and for a salad turnip there is hardly anything so good for this section as the old seventop. If your ground is not now in readiness, get it ready to plant at the next rain. Any of these varieties can be planted all right till the middle of September.

For stock some of the white varieties might be planted. And with corn at a dollar a bushel, it is well worth the attention of the thrifty farmer to devise some means for fattening his hogs on something else than corn. Turnips will come in to help out the situation very much and every farmer should try to plant a good spot in turnips. Remember, also that stable manure is essential to a good crop of turnips.—Ex.

Many people suffer a great deal from Kidney and Bladder troubles. During the past few years much of this complaint has been made unnecessary by the use of DeWitt's Kidney and Bladder Pills. They are antiseptic and are highly recommended for weak back, backache, rheumatic pains, inflammation of the bladder and all other annoyances due to weak kidneys. They are sold by Kaufmann Drug Co.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the onset stage—they break, or head off these early colds. That's surely better. That's why they are called Preventics. Preventics are little Candy Gold Cures. No Quinine, no phlegm, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night fever. Herein probably lies Preventics' greatest efficiency. Sold in 50 boxes for the pocket, also in 250 boxes of 48 Preventics. Insist on your druggists giving you
