### IF MONEY IS YOUR AIM.

Care in spending is as important as diligence in making. Care in spending is best exercised when payments are made by check. You are never so ready to draw one as you are to put your hand into a pocketful of cash.

### DEPOSIT THE CASH IN THE HOME BANK

and it will burn no holes in your pocket. Neither will it be subject to the risk of fire or theft. Think of the money you have spent needlessly just because you had the cash too handy. That ought to make you open an account at once.

## NOW IS THE TIME TO BEGIN!

### Cultivate the habit of Saving.

The following are just a few reasons WHY you should carry a bank account:

- 1st. It provides you with an accurate and consecutive record of all money paid out.
- 2nd. It gives you confidence in your judgment.
- 3rd. Your bank account, however small, will be the start of a reserve fund, which will mean peace plenty and a contentment in old age.
- 4th. Deposit your money with us where it will be in active use and benefit the community in which you live.
