It isn't so difficult to strengthen a weak Stomach if one goes at it correctly. And this is true of the Heart and Kidneys. The old fashioned way of dosing the Stomach or stimulating the Heart or Kidneys is surely wrong! Dr. Shoop first pointed out this error. "Go to the weak or ailing nerves of these organs", said he. Each inside organ has its controlling or "inside nerve". When these nerves fail then those organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell! Sold by Kaufmann Drug Co.

Delmar Locals.

Special to The Dispatch:
Delmar, Nov. 9.—On account of the wet weather the farmers are somewhat behind in sowing their grain.
Cotton has been about all picked and the bulk of the corn crop has been gathered. The yield of these crops are slightly below the average.
Sweet potato digging is on hand and it seems that the yield will be up to the average.
Mr. and Mrs. D. T. Hare, of Summit, spent Saturday night and Sunday with relatives in this section.
Misses Agnes Eargle and Blanche Shealy attended the Woman's Missionary convention at Prosperity last week.
Mr. W. H. Derrick was a delegate from the Union pastorate to the South Carolina Synod, which met in Prosperity last week.
Messrs. A. L. Eargle, J. L. B. Oxner, A. L. Bedenbaugh and F. L. Shealy attended the Georgia-Carolina fair last week.
The Rev. O. C. Peterson and family of Morristown, Tenn., moved into our section last week. Mr. Peterson will have charge of the Union pastorate, and preached his first sermon at Union yesterday. Lloyd.

Paper Made From Cotton Stalks

Time after time, when the resources of other parts of the world in some particular necessity have become dangerously near to exhaustion, has the South come forward with a bounteous supply of what was needed—iron, coal, oil—and now when the supply of pulp wood has practically given out, this section offers an unlimited quantity of raw material for paper manufacturing, in the cotton stalk a heretofore useless by-product of the cotton crop.

For the purpose of manufacturing paper from cotton stalks, the Southern Cotton Stalk Pulp and Paper Company has been organized with a capital stock \$500,000.00. This is all common stock, par value \$100.00. By reason of low cost of raw material and advantages due to location, it can be readily seen that this is destined to become one of the South's most profitable enterprises, as, for instance, a ton of paper which now costs \$60.00 can be manufactured at a cost of \$15.00. As there is such a good demand for paper at present, this will no doubt prove a very profitable investment, especially as the supply of other kinds of pulp is rapidly diminishing.—Cotton Journal.

How to Cure a Cold.

Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. For sale by Kaufmann Drug Co.
