We feel sorry for some men who are compelled to listen to their own talk.

From the winner's viewpoint there was nothing the matter with the game as played.

If every man was taken at his own valuation there wouldn't be half enough halos to go around.

The largest and best collection of good mare mules ever shown under one roof in South Carolina now in our barns. More good mated teams than we were ever so fortunate to get before.

We are told by the feeders that the supply of good mules with quality will be shorter this year than ever. Be quick and buy NOW. You will pay the same prices later and not get the quality.

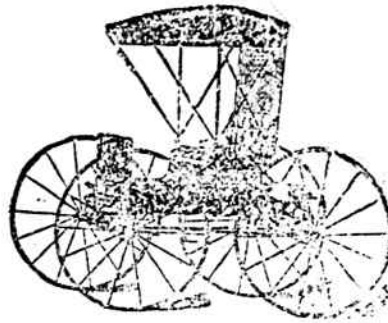

Customers living out of our immediate vicinity can very well afford to take a little more time and come to Columbia to get their mules where they can get more quality at a little less price than they could possibly expect of the smaller dealers who handle only a few loads in a whole season. We are selling mules 100 miles away and our trade is increasing every day. Responsible parties entitled to credit can get as good accommodation here as they can at home.
