HORSEWHIPPING CASE SETTLED OUT OF COURT
The case of J. H. Bailey against 21 men and women of Canon, Ga., for \$35,000 damages, on account of being horsewhipped by several ladies of that place last year, settled on Tuesday for \$400, that amount to include settlement of fines of \$25 against each defendant by the town of Canon.
Prof. J. H. Bailey alleged that he was horsewhipped by the ladies on February 7, 1908, and driven from the town.
In answer of the defendants two of them admitted striking him with bnggy whips, and the others deny striking him. All deny driving him from the town. In this answer the ladies set forth that Bailey had stated that there was not a virtuous woman in Canon and that they went to him to see whether or not he had really said so. He admitted that he had said so, except that he did not mean it to apply to one of the ladies present. The ladies had armed themselves with bnggy whips, that is a portion of them had, and they say they did so because Bailey was of a violent temper. When he said to them that he did mean to apply the statement to them, they allege that he drew his hand behind him as if to draw a pistol and that they then struck him with the whips.

EVER HAVE IT?
If You Have, the Statement of This Lexington Citizen Will Interest You.
Ever have a "low-down" pain in the back?
In the "small," right over the hips? That's the home of backache. It's caused by sick kidneys. That's why Doan's Kidney Pills cure it.
Lexington people endorse this. Read a case of it:
C. A. Geiger, Depot St., Lexington, S. C., says: "For several months I suffered from dull pains across the small of my back and as they did not disappear, I came to the conclusion that my kidneys were disordered. At night after lying down my back pained me intensely and I also noticed an irregularity in the passages of the kidney secretions. I was feeling miserable when I procured Doan's Kidney Pills at the Kaufmann Drug Co. I used them as directed and they proved to be the remedy I needed. They have helped me so much already that I feel I will soon be entirely well and it gives me pleasure to recommend Doan's Kidney Pills to other sufferers."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Marriage Prevented.
A special from Spartanburg says: Miss Lanise Barenger, a 17-year-old girl from Gastonia, and W. G. Woodall, who had been connected with a show in that town, came to Spartanburg last week to be married. The marriage was barely prevented by the girl's mother who had Chief of Police Carroll, of Gastonia, wire Chief Hall, to hold the girl there. The mother then telephoned the girl to wait until she got there, which the daughter agreed to do. After Mrs. Barenger arrived it was shown that Woodall had been living with a show girl in Gastonia as his wife. Woodall admitted this but said they were not married. Miss Barenger was persuaded to go back home with her mother. The couple had known each other only three weeks.

The Pain Made Her Faint.
"For almost four years I had a sore on my leg," says Mrs. Olive Hurd of Madison, N. H., "and this spring a doctor healed it up. I felt fine for about a month but had to be on my feet a good deal and above my knee came a swelling as big as my fist. It hung down and was as red as if it had been blistered and so sore that I could hardly get around. The cords of my leg seemed to be stiff and the pain was so bad at times that it made me faint. One of the neighbors told me about Sloan's Liniment so I got a bottle and put some right on. Next morning I could walk ever so much better and I kept right on using the Liniment night and morning. It took down all the swelling, and the redness and soreness have gone too. I shall never be without Sloan's Liniment in the house again and will recommend it to all suffering friends."

Sack of Guano Exploded, Tore Off Negro's Fingers.

Waterloo, May 5.—Yesterday afternoon on the plantation of Mr. S. L. Moore, between Waterloo and Harris Springs, a very unusual accident occurred.
A ten-year-old negro boy while trying to untie a sack of acid had his left hand torn and lacerated by a terrible explosion. No one seems to know the cause of the accident.
The shock and jar were felt by others at work in the field and resembled dynamite. The boy suffered profound shock, sand and dirt being blown in his face and eyes. His thumb and fingers were amputated by Drs. Wilbur and Fennel, who are attending the case.
