"What Booze Done For Me."

The Georgetown Times says: "We print the following 'poem' which was handed us by a prohibitionist:"

Good bye, booze,
For evermore,
My boozing days
Are almost o'er.
I've had a good time,
You will agree,
When you see what booze
Has done for me—
It caused me to weep;
It caused me to moan,
It caused me to leave
My happy home.

Colds that hang on weaken the constitution and develop into consumption. Foley's Honey and Tar cures persistent coughs that refuse to yield to other treatment. Do not experiment with untried remedies as delay may result in your cold settling on your lungs. Sold by all Druggists of Lexington and Henry Drug Store, Chapin, S. C.

Sold His Wife.

The circuit court sitting in Portland, Ore., will hear arguments this week in the strangest case that has ever appeared on its docket. John Broganza, a German, after selling his wife to H. Ruddart for \$150, has entered suit against her purchaser on charge of alienating her affections. Attorneys fail to see how Broganza can have been damaged as he claims since he sold, exchanged and bartered his wife.

We do not know of any other pill that is as good as DeWitt's Little Early Risers, the family little liver pills—small, gentle, pleasant and sure pills with a reputation. Sold by Kaufmann Drug Co.

Lookout For Them.

Swindlers and smooth-tongued agents, of one sort and another, seem to be particularly active among farmers this spring. Director Waters, of the Missouri Experimental Station, has just issued a warning to Missouri farmers, cautioning them against permitting themselves to be deceived by parties who are traveling through southeast Missouri, claiming to represent the Horticultural Department of the Agricultural College, and selling to farmers a liquid preparation for the destruction of insects on fruit trees. These parties claim that the college has been using this preparation for five years, and that as a result they have discontinued spraying the trees, but use this liquid instead. They claim, further, that the cost of the liquid is \$10 a gallon, but that as the college is bearing a part of the expense with the farmers of the State, the agent can sell it at \$4 a gallon to farmers only. Director Waters says that these agents are frauds, and cautions the farmers against allowing themselves to be deceived.—Farmers Union Sun.

Bottle drinks of all kinds and flavors will be found at the Bazaar Fountain. On ice in season.

Negro Lynched For Murder.

News reached Valentia, Ga., on Wednesday night of the lynching at Talbotten, Ga., of William Caroker, a negro, who was placed in the Talbot county jail Tuesday, charged with the murder of William Leonard, a prominent young white man, on Saturday night previous.
The mob met with practically no resistance when it appeared at the jail. The negro was strung up to a nearby tree, where his body was found next morning.

Panics and One-Crop Farmers.

Unless a man is a one-crop farmer panics can affect him but little. There is always a demand for every product of the farm, and the man who diversifies is certain of a surplus revenue after all of his expenses have been paid. A town man must pay rent, and this the farmer saves. The farmer also raises—or should, and could if he will—all the necessaries of life, along with canned fruits and fresh, pure preserves that are luxuries in the city. While he sleeps his live stock and his crops keep on growing and enhancing in value. He may rest without losing pay, while in the factories and shops when a man stops work, for even a fraction of a day, his wage is correspondingly cut down.—Journal of Agriculture.

Rich Men's Gifts Are Poor

besides this: "I want to go on record as saying that I regard Electric Bitters as one of the greatest gifts that God has made to woman," writes Mrs. O. Rhinevaunt, of Vestal Center, N. Y., "I can never forget what it has done for me." This generous medicine gives a woman buoyant spirits, vigor of body and jubilant health. It quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells; soon builds up the weak, ailing and sickly. Try them. 50c at Kaufmann Drug Co.; Derrick's Drug Store; Sandel Drug Store.

Teach Them to Shoot.

The terrible news from Georgetown calls to mind a suggestion made by The Times many years ago, when fiendish crimes were of almost daily occurrence. Our suggestion, at that time, was that girls shall be taught in the public schools the use of the pistol, and that the law against carrying concealed weapons be amended so as to not apply to women.

Every woman ought to know how to handle a pistol, and be allowed to go armed is convincing to us, and if such was the case there would be far less of these horrifying crimes committed, because of the fact of the probability of being armed would deter these cowardly brutes from attempting to carry out their fiendish desires.

Take the Georgetown case: if that unfortunate lady had been taught the use of a pistol and had one in the vehicle she was driving in, the scoundrel would have been shot down before he could have placed his unholy hands upon her. The statesmanship of this country must do something to insure safety to our women, and we cannot think of a better thing at this time than to teach them how, and provide them with the means of self-defense.—Manning Times.

Eat What

You want of the food you need
Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it.

Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength.

You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay.

We will pay the druggist the price of the bottle purchased by you.

This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you. It would bankrupt us.

The dollar bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.
