THE GREATEST OF STATE FAIRS

EVERYONE WILL BE IN COLUMBIA NOV. 1 TO 6.

Big Events Planned—All Sorts of Pleasures—Cheap Rates.

The first annual state fair, to be held in Columbia Nov. 1 to 6, promises to be the best in the history of the South Carolina Agricultural and Mechanical Society. Not only are the pleasures offered here better than ever before, but the officers of the organization have arranged a program that will bring hundreds of visitors from near by states.

On Saturday, November 6, the feature of the closing day will be the visit of President Taft. He will make an address at the Fair grounds to several thousand people and afterward will be taken through the city and shown the principal points of interest.

The program that has been some time ago offered for the best display of farm products. This was one of the features last year in which there was heavy competition, and farmers throughout the state are writing Secretary Love for information as to the conditions for entrance.

Another feature last year was the bench show. There were so many entries in this department that the society has decided to increase the prizes and classes to be admitted and a special space has been set aside for the dogs.

The racing, of course, will be up to the high standard. Since the society has joined the Virginia-Carolina-Georgia racing circuit, the horses sent South are some of the speediest in the country, and an examination of some of the records now being made on the Virginia tracks will show that royal sport is promised those who care for the events. President Mobley will see that the racing is kept absolutely clean.

A special committee is at work on the educational department. It is planned to have Tuesday set aside for the schools and colleges, and with a view to encouraging pride in school and college work considerable space will be given for the exhibits. Silver and bronze medals are awarded as prizes. The students and pupils must get their admission cards from the officers of the respective institutions one week before the fair.

Military day at the fair also promises to be largely attended. Prizes have been offered, and thru President Mobley, after a conference with a number of officers of the South Carolina Guard association, active work is being done among the various members in order to insure a large attendance. Further announcements concerning the conditions will be made later.

Aside from the fair proper there will be hundreds of attractions, including a large midway, and the main street of the city will be lined with shows under the control of the officers of the Fair society. And don't forget the Carolina-Clemson football game on Thursday. Of course all the railroads will sell specially reduced tickets for all visitors to the state fair. The attendance promises to be the largest on record.

BIG CIRCUS AT COLUMBIA

Barnum and Bailey to Exhibit There on Saturday Oct. 30.

Never since the beginning of time has an amusement enterprise so tremendous in size been organized as this one. Its magnitude is almost beyond belief. All America, together with every foreign country, has been scoured from end to end by agents of this big show in search of novelties and the result is a performance brim full of sensational acts new to the circus world. In the big Barnum & Bailey show are nearly 400 arenic stars, most of whom are seen now for the first time. A new sensation will be seen at every performance in "JUPITER, the balloon horse." This remarkable animal with its fearless rider ascends, to the dome of the circus tent in a balloon and descends to the ground in a shower of fireworks. Nearly 1000 animal wonders are to be found in the big 108 cage menagerie. 8 herds of elephants, including one herd that actually plays upon musical instruments in time and tune. A group of giant giraffes, monster trained hippopotamus, only living bi-horned rhinoceros and hundreds of other strange beasts. Barnum & Bailey's big, new, free street parade is the most gorgeous procession display ever attempted in the history of circus business. Its tremendous size and wonderful length can only be believed in the actual seeing. It is natural to expect this big circus to lead all others in quality and quantity of its street spectacle as well as in other departments of the big show, yet never in its splendid history of nearly half a century has it displayed such extravagance as is shown this year.
