Not Yet.
A Missouri clergyman had in his pastoral flock a member who was reluctant about meeting the contribution basket. The pastor had thrown out many broad hints, but all to no avail.
One day the member fell ill and was taken to the Ensworth hospital. When the clergyman arrived the man was delirious. While the pastor was sitting beside his bed a wild yell of "Fire! Fire!" came from across the street.
The sick man drew himself upon his elbows. "Where—where am I?" he asked excitedly.
"Calm yourself, brother," soothed the pastor, with just the faintest twinkle in his eye. "You are still at the Ensworth hospital!"—Lippincott's.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
