A. S. Trezevant, a Calhoun county farmer has, it is said, already shipped three cars of hogs to the West this season. A mighty good business for a South Carolinian, and other farmers might profit by the experience of this Calhoun farmer.

Every resident of Lexington should see to it that his premises are kept clean during the summer months. It is imperative that it be done. There is an ordinance on the town Statutes pertaining to the keeping of all rubbish, trash, etc., cleaned up. This ordinance should be enforced and will be enforced unless the property owners take it upon themselves and have their premises cleaned up at once.

During Monday there was some talk of the annexation to Richland county by some of those attending the convention from both of the sections proposed to be cut off. We are glad the people, however, are studying the question seriously and are keeping their eyes and ears open. From what could be gathered it seems that the citizens of these two sections fail to appreciate the important fact that Richland county is now receiving something over two hundred thousand dollars annually from the dispensary. They fail to take into consideration, the fact that there is a strong probability of the next legislature making the whole state dry. Should this be the case it would mean that the taxes of Richland would be raised at least ten mills. This would be necessary to meet the expense of running Richland's county government, and to meet her bonded indebtedness. We fail to see where the people of Lexington hope to be benefitted by making the change, and we don't be-

lieve that these people are going to leave Lexington under such uncertain conditions, when they can receive every advantage and improvement in Lexington that they claim can be had by a change, and at even less expense in the end. What we want is some definite action and not so much talk over the matter, at the same time we advise our people not to be unrestful and act too hastily but use better judgment and we think everything will pan out right. We understand that the delegation from Lexington stands ready to meet with the people of Brookland and those of the Fork, the Richland delegation and authorities of the City of Columbia and reason together over the free bridge proposition. We are satisfied that once the people get together and make the proper effort an arrangement can be made whereby the burden will be removed.

Sunday Schools Picnic.

On next Saturday the annual picnic of the Lexington Sunday schools will be held at Mr. Eli L. Corley's spring. This is an event which is always looked forward to with keen pleasure by the children of Lexington and the affair this year promises to be the best ever held. Everybody is most cordially invited to attend and bring the usual wellfilled basket.

Mrs. Sharpe Painfully Burned.

On last Sunday a week ago Mrs. Joel Sharpe of near Pelion was seriously burned. In some manner her clothing caught fire and before it could be extinguished she was horribly burned. She is said to be in a critical condition.

Oak Grove Items.

To the Editor of the Dispatch:
Corn and cotton in this part of the county is now growing rapidly. There is now a fine prospect of a good wheat crop.
The cold did considerable damage to the fruit in and around here.
Mr. Editor, we will all help you in your "Corset Club," as your last printing stated—
(Good enough! Will notify you of next meeting, for you know it is a problem for our inexperienced sex to know just which string to pull to give a "corset" the proper shape—Ed Dispatch.)
Miss Irene Sox entertained a number of her friends on last Thursday night, in honor of Miss Virgie Lybrand of New Brookland.
Dear old New Brookland has almost concluded to leave one of the finest counties in South Carolina. It is hoped by many of us that better judgment will prevail and that this notion of grand things will die out.
Miss Ella Roof and George Buff were happily married at Rev. J. A. Cromer's residence Sunday evening at 7:30 o'clock.
Miss Virgie Lybrand and mother have been visiting relatives around here.
The young boys and girls spend Sunday evening at the Mathias Mineral Spring.
Mrs. W. L. Gregory and children of Cross Hill have been visiting her father, Mr. J. B. Sox.
From a "Puer."

Hoggabaa Swamp.

From various sources we have heard of the condition of the Hoggabaa swamp, or rather the condition of the road. It is conceded that this is one of the hardest pieces of road in the state to keep up, but, at the same time, it can be remedied. A few weeks ago County Supervisor Langford had the chaingang to put this road in firstclass shape, but here, as elsewhere, the people fail to appreciate good roads, and the road has been allowed to go down. The supervisor has assured us that he intends seeing to it that the road is bettered at an early date.

Foxes Bring Fancy Price.

Mr. Job Shumpert, of the Sandhills, come to town on Saturday and brought with him five young red fox, which he captured in a den on his plantation three weeks ago. They were bought by Hon. D. F. Eird and Mr. Arthur Dreher, the price being \$11 25.
Mr. Shumpert is the champion fox catcher in the county. In addition to the five reds, he caught about the same time, three greys, but he killed those.

It Is No Longer a Question

as to whether

Dermozone will grow hair absolutely.

The Editor of this paper is a walking testimonial, as well as others too numerous to mention, to the efficacy of

Dermozone to grow hair on a ball head.

Dr. Harding has added an auxiliary, in that of a Toilet Soap, which contains no acids or animal fats, with which to wash the scalp before and occasionally while using Dermozone. A cake of this soap can be had with each bottle of Dermozone.

Dermozone is for sale by your local Druggist.

Dr. Hilton's Life for the Liver and Kidneys Is the Best Family Medicine.

After Doctors Failed.
In a letter to the Life Medicine Company, Mr. J. D. McMillan of Gastonia, N. C., says:
"Dear Sirs—I received my medicine this morning. I believe that it has been the life of my three-year-old boy, as nothing I tried did him any good until I used Dr. Hilton's Life for the Liver and Kidney medicine. He had kidney trouble and his stomach would swell every night and he could not sleep, but since I have used this medicine I have not had any trouble with him. I tried doctors in Columbia, S. C., but they failed to do him any good. I first used your medicine in Columbia, but when I came here I could not get it, so rather than take any other, I wrote you for it."

A Minister's Praise.
"If people only knew of its virtue there is not a family in the land that would be without it."—Rev. H. M. Haynes, Pacolet, S. C.

You should keep it in your home. It is a guaranteed preparation for all diseases of the Liver, Kidneys, Stomach and Bowels. It is a most genial and ready restorative. Being entirely vegetable, it is taken at all times with perfect safety, and without regard to occupation or diet.

If You Are a Dyspeptic, Are Weak and Debilitated, or Nervous Dr. Hilton's Life for the Liver and Kidneys is What You Need.

Dyspepsia, Indigestion, Loss of Appetite, or any derangement of the Liver or Kidneys are all speedily remedied by this preparation. It regulates the entire system, invigorates the body, purifies the blood, making the skin clear and velvety—makes a new man of you. It is ideal for women and children, pleasant to take, mild and certain in its effect.

Endorsed by Renowned Physician.
Dr. J. R. Thompson, writing in the American Journal of Health, New York City, says:
"Dr. Hilton's Life for the Liver and Kidneys has demonstrated to us so conclusively as to leave no room for doubt even on the part of the most skeptical that it is a thorough curative agent in all cases of Dyspepsia, Indigestion, Constipation, Biliousness, Bright's Disease, Dropsy, Gravel, Rheumatism, and all disorders arising from a diseased condition of the Liver, Kidneys, and Urinary organs."

Doctors Gave Her Up.
I bought two bottles of your "Life for the Liver and Kidneys," and gave it to a colored girl, whom her physicians had given up entirely, and said that her case was hopeless. The girl had been bed-fast for two years, but now she is up and about, and makes a splendid house servant. There is no remedy ever reached her case until she took your medicine.—Samuel Jefferies, Union County, S. C.

Always Gives Relief.
Gentlemen—I take pleasure in certifying to the good results of Dr. Hilton's Life for the Liver and Kidneys. I have used it for more than a year, and have never failed to get the desired effect. I have suffered with both my Liver and Kidneys, and this medicine always gives me relief.—E. C. Allen, Spartanburg, S. C., Special Agent Union Central Life Insurance Company.

The above endorsement clearly shows that Life for Liver and Kidneys is what we say it is. That is why you should keep it in your home as a family medicine. It will save many doctor's calls and many doctor's bills.

Begin Taking Today.
If you are a sufferer from acute pains in the back, sides, loins, kidneys or bladder, begin taking this preparation today. There is no other medicine that will do you so much good and in so short a time. Remember, to clean out and tone up the system in the spring. It will prepare you for the hot days which follow.

Your Druggist Has It.
Get a bottle of Dr. Hilton's Life for the Liver and Kidneys from your druggist. He has it in 25c, 50c., and \$1.00 bottles. Directions for taking are simple and given on each bottle. Try it and know its benefits.
