GROWING OLD.

A little tired at close of day,
A little less anxious to have our way,
A little less ready to scold and blame,
A little more care for a brother's name.
And so we are nearing the journey's end,
Where and eternity meet and blend,
A little less care for bonds and gold,
A little more zest in the times of old;
A broader view and saner mind,
A little more love for all mankind;
And so we are faring a-down the way.
A little more love for the friends of youth,
A little less zeal for established truth;
A little more charity in our views,
A little less thirst for the daily news;
And so we are folding our tents away
And passing in silence at close of day.
A little more leisure to sit and dream
A little more real the things unseen.
A little nearer to those ahead,
With visions of those long-loved and dead;
And so we are going where all must go,
To the place the living may never know.
A little more laughter, a little more tears,
And we shall have told of increasing years;
The book is closed and the prayers are said,
And we are a part of the countless dead.
Thrice happy, then, if some soul say:
"I live because he has passed my way."

Jeffries Made \$117,000;
Johnson Secured \$12,600.

Jack Johnson was \$120,600 richer when Jim Jeffries went down for the last time in Monday's fight. He took 60 per cent of the \$101,000 purse which amounted to \$60,600, a bonus of \$10,000 and he sold his picture interests for \$50,000.

Jeffries took a fortune out of the defeat at Johnson's hands. He received 40 per cent of the purse, amounting to \$40,000, the bonus of \$10,000 and he sold his picture interests for \$66,666, making a total of \$117,000. The owners of the picture films are calculating on a million dollar's profit.

Greenwood Farmer Uses a \$1,700 Plow.

Quite a number of business men of Greenwood went to Mr. Percy Lumley's place, which is near Coronaca, last week to see his new plow, which is driven by a gasoline engine of 20-horse power. The plow will pull from three to six discs. When Mr. Lumley was operating the plow last week it was pulling three discs, plowing up a space of about three feet.

It is estimated that the machine will do the work of from six to eight plows. The cost of the plow is \$1,700. Mr. Lumley, who is a progressive farmer, is highly pleased with the work which is being done with the plow.—Greenwood Journal.
