Cotton 20c. Pound.

Cotton sold in New York on Monday for 20c a pound, the highest price since the civil war. This does not affect the price on the local market at all.

Nothing but words of praise for Spartanburg and its hospitable people have we heard from any of the old soldiers who visited the reunion in that city last week. It is said that such a reception has never been given the men who wore the grey since these reunions have been in vogue. Spartanburg is a great city, and no better advertisement could it have than the fact that every old soldier who attended the 1910 reunion left singing her praises.

It was the editor's privilege to visit the new pavillion at Ridgewood, in Columbia, a few days ago. This is one of the most up-to-date places of amusement in the city, and is attracting large crowds of people. Boat-riding, bathing, skating, dancing, etc. The pavillion is not yet completed, but will be in a few days. This is an ideal place to spend a few hours in recreation. The car ride to Ridgewood is also an enjoyable feature.

Attend The Fairs.

Now is the time to begin planning to attend the fairs this fall. A trip to the State Fair, or to some other large fair nearer home, is usually well worth the expense of time and money. If the farmer goes for education or to learn he will never fail to feel repaid, but if he goes merely for entertainment or amusement the time and money will be largely wasted. Better amusements can be found nearer home at less expense. But the fair properly studied should be a source of instruction. Too frequently the managers of our Southern fairs lose sight of the educational features and go to extremes in supplying, in many cases, none too clean amusements. More of an educational feature should be made of the judging of agricultural exhibits and the live stock. A good judge may make his work highly instructive by stating his reasons for his awards. By all means arrange to go to some good fair this fall and use it as a means of obtaining more information.

Notice, School Patrons.

As usual The Bazaar will be headquarters for school books. Parents are reminded that we handle these books strictly FOR CASH, as they are sent us for distribution. In no instance will books be sold except for the cash. Old books bought and sold, and exchanged for new books.

Mimnaugh Buying Goods.

Mr. John L. Mimnaugh, the well known Columbia Department Store merchant, is on his semi-annual buying trip to the great bargain centres of the north. Mr. Mimnaugh always buys his own goods and with his unlimited amount of ready cash, he scoops in every bargain that is offered. He is one of the closest buyers in the United States and his store is one of the largest in the south.

The new goods are already arriving at the Mimnaugh store and, as usual, Mimnaugh's will be in the lead. At the same time, don't fail to buy some goods he is offering at extraordinarily low prices in order to have room.

An Easy Business

The easiest business in this world is dry-goods; the reason is: customers want the stuff as much as they want to sell it; they come in; look at the goods and buy. That's the whole business. Devoe comes next. It saves money, and people like money. They like somebody else's more than their own; they like to make it more than to save it; they like to keep it perhaps as well as to make it. Buildings run-down fast, without paint; poor paint is the same. Devoe is the means of stopping that leak; a big one. All we've got to do, to sell Devoe, is to show that a man saves money by using it. E. D. Jewell, Corry, Pa. painted his house 5 years ago with a mixed paint; 14 gallons. Last spring he painted Devoe; 10 gallons. Saved \$15 to \$20. The Kaufmann Drug Co. 17
