OUR GUARANTEE MEANS SOMETHING

A Twenty Year Paint

Would you like to hear of a 20-year paint?

Mr. James A. O'Neil's house, Henderson, N. C., was painted 20 years ago with Devoe and never painted again till last year; it then looked better than common paint in half that time. The reason is: Devoe is all paint and true paint; while the common paints are part true and part false. Don't pay to monkey with paint.

And Devoe costs less than any of 'em; not by the gallon, of course; by the house and year. That's how to reckon it. Go by the name. The Kaufmann Drug Co.

Piedmont and Old Mill cigarette coupons wanted. I will redeem these in cash. Rice B. Harman.

What They Do In

South Carolina

One of South Carolina's loyal sons pays that state the following tribute:

Has it ever occurred to you. Mr. Chairman, that the cotton cloth made in South Carolina annually would make a sheet big enough to cover the entire face of America and Europe and lapover on the toes of Asia? Or, if all the cattle she raises in each year were one cow, she could browse on the tropical vegetation along the equator, while her tail switched icicles off the North Pole, and that her milk could float a shipload of her butter and cheese from Charleston to New York? Or, if all the mules we market each year were one mule it would consume the entire annual crop of North Caro-

lina at one meal, and kick the spots off the sun without swelling its sides or shaking its tail? Or, if the hogs we raise annually were one hog, that animal would dig the Panama Canal in three roots, without grunting, and its squeal would be loud enough to jar the coconuts off the trees along the Canal Zone?—Richmond Evening Journal.
