

100 Million Dollars Worth of Shoes

These are stupendous figures, yet this is the yearly amount that the South spends for shoes. As a curiosity these figures may attract you for a minute, but the most curious thing about them is that three quarters of this money is regularly sent away from the South and the South is that much poorer for it.

You trade at a Southern shoe store. You give the dealer your money. You probably buy a western or northern made shoe. When the dealer pays his bill, this money, less a small per cent to the dealer, goes north or west and the South is that much poorer.

Keep your money at home. Let it work for better times, better wages, more factories, more work for Southern people.

Ask your dealer for The Craddock Shoe. Made in the South, by white labor, for Southern gentlemen. The best shoe value offered by any maker in the land for \$3.50 and \$4.00. Money spent for Craddock Shoes stays in the South, and pays Southern labor, Southern grocers, bakers and butchers.

It builds Southern factories, homes and schools. We can support more and better industries. Let's each do his part.

QUALITY SHOES!

You have probably bought many things that look good, that cost a good price, but under the rugged test of service soon proved themselves worthless. It might have been shoes that soon run over at the sides, caps broke down, heels gave way, sewing gave out and soles were plated.

To guard against these things, especially in foot-wear, and be confident of getting the best quality foot wear your money can buy, take advantage of the large and choice stock constantly available for making pleasing selections at our store.

In Memoriam.

"What tidings?" We answer sad tidings. The Grim Reaper Death with his unerring scythe, with one fell stroke has cut down one of our precious jewels.

James Edward Harman is dead! Alas, my brother! On the 29th day of November, 1910, at his earthly home near Gilbert, S. C., the soul of our beloved brother passed into the Great Beyond and is at the present time basking in the sunshine of God's eternal presence. "His work was not done, yet his column is broken." With his bereaved loved ones and friends who are heart stricken at the loss, we deeply, sincerely and most affectionately sympathize. Firmly believing in the Fatherhood of God, we would remind them that "He who tempers the wind to the shorn lamb" looks down with infinite compassion upon them in the hour of their sorest trial, and that if they will put their trust in Him, he will fold the arms of His great love and protecting care around them, as well as all of us who trust and confide in Him.

The grand architect of the universe in His wisdom having seen fit to remove our brother from the cares and trials of a transitory existence and transplant his soul to a state of eternal duration and thereby weaken the chain by which we as Ancient Free Masons are bound. May we, the members of Gilbert Lodge No. 176 A. F. M., anticipate our approaching fate. May the cement of brotherly love and affection, which has bound the craft for so many centuries in the past, continue to bind us during our short sojourn on earth, and may we wisely and usefully employ the balance of our precious time in doing good to all mankind, but more especially to those of our own household who are bound together by an indissoluble chain of sincere affection.

Into the grave we have consigned the body of our deceased brother, there to remain until the general resurrection in hopeful expectation that his immortal soul may partake of the joys which have been prepared for those who love the Lord.

"We cherish his memory in our hearts, We commend his soul to God who gave it"

and have consigned his body to the earth from whence it came.

"Friend and brother we bid thee a last, a long farewell. Thou art at rest from thy labors. May you rest in peace. So mote it be."

HELPFUL WORDS

From a Lexington Citizen.
Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region?

These symptoms indicate weak kidneys. There is danger in delay. Weak kidneys fast get weaker. Give your trouble prompt attention. Doan's Kidney Pills act quickly. They strengthen weak kidneys. Read this testimony.

George B. Lee of Lexington, S. C., says: "I suffered from attacks of kidney trouble for a good many years and during that time tried a number of remedies. I received the best of results from Doan's Kidney Pills, procured at the Kaufmann Drug Co. It always gives me pleasure to recommend this remedy to other kidney sufferers." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

How Editors Get Rich.

It is not good policy to give business secrets away, but as many people wonder how editors get rich so quick we give out the following information, hoping that every one of our readers will not take advantage of this and engage in the newspaper business:

A fellow terming himself, "Gandebone's Forecast," located at St. Louis, offers to furnish us a lot of poetry and other silly stuff if we will only run an advertisement in the Register each week.

A fellow out west wants to run \$19 worth of advertising and then send him \$10 in exchange for a shotgun. Such a gun would retail at about \$6. For running \$17 worth of locals we can get a \$4 magazine telling us how to do dressmaking at home. By running \$50 worth of advertising and sending \$25 to an Atlantic City firm we will be given a deed to a lot. When the tide is in the lot stands six feet under water.

If we can run a column write-up of a doings to be held in North Dakota this fall, amounting to about \$7, we will be sent two \$1 tickets. Our railroad fare up there and back, for two, would be about \$60. We can have almost any Chicago daily paper sent us free. The subscription is only \$4, but all we have to do is to run \$36 worth of locals.

For \$40 worth of advertising and \$25 in cash we can own a bicycle. The wheel sells at just \$12.—About one dozen firms are wanting to give us shares in gold mines for advertising. A nursery firm will send us a 25-cent rosebush for only \$5 worth of advertising. For running a six-inch advertisement for one year we get a gross of pills.—Exchange.

These women are only a few of thousands of living witnesses of the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. Not one of these women ever received compensation in any form for the use of their names in this advertisement—but are willing that we should refer to them because of the good they may do other suffering women to prove that Lydia E. Pinkham's Vegetable Compound is a reliable and honest medicine, and that the statements made in our advertisements regarding its merit are the truth and nothing but the truth.
