Earthquake Kills

Mexican Soldiers

Mexico City, June 7.—There was a terrific earthquake in this city this morning. One hundred and eighty soldiers were crushed to death by falling walls of barracks. The property loss cannot yet be ascertained, but is tremendous. Great excitement prevailed. Reports from outlying points have not been received, as communication is interfered with. The disturbance lasted nearly two hours.

The number of soldiers killed is 100. Many other buildings have collapsed. Scores of victims are believed to be buried beneath the ruins.

The entire city was rocked as by a vast subterranean upheaval.

The city has turned from a scene of gayety into panic and desolation. Thousands are fleeing in terror, and the churches are filled with frightened people praying for mercy, others ran through the streets screaming "It is the vengeance of God for driving out Diaz, beware, beware."

The sky illuminated by vivid flashes of lightning added further terror to the soldiers. Many ran to the open fields, insurgents army is in a panic, many throwing down their arms, ran to the open country.

A private dispatch from Mexico City this afternoon says many public buildings were wrecked by the earthquake. It is impossible to estimate the loss of life. Wire service is greatly impaired.

There is one medicine that every family should be provided with and especially during the summer months; viz, Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by All Dealers.

Enormous Investments in South Carolina.

Over \$20,000,000 represents the amount that has been invested in new enterprises in South Carolina during the first six months of the year.

The amount is greater than was invested during the year 1910. Statistics prepared by R. M. McCown, the secretary of the state, show that \$23,256.36 as office fees has been turned over to the state treasurer since the first of the year. The total amount of office fees collected for the year 1910 was \$23,123.32.

More money had been invested in South Carolina during the first five months of the year than during 1910. Last year was the most prosperous year in the history of the state.

Whooping cough is not dangerous when the cough is kept loose and expectation easy by giving Chamberlain's Cough Remedy. It has been in many epidemics of this disease with perfect success. For sale by All Dealers.

Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from violent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at All Druggists.

Saved His Wife's Life.

"My wife would have been in her grave to-day," writes O. H. Brown, of Muscadine, Ala., "if it had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time." Infallible for coughs and colds, its the most reliable remedy on earth for desperate lung trouble, hemorrhages, lagrippe, asthma, hay fever, croup and whooping cough. 50c, \$1.00. Trial bottle free. Guaranteed by All Druggists.

SHE GOT WHAT SHE WANTED

This Woman Had to Insist Strongly, but it Paid

Chicago, Ill.—"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pinkham's Vegetable Compound, but the clerk did not want to let me have it—he said it was no good and wanted me to try something else, but knowing all about it I insisted and finally got it, and I am so glad I did, for it has cured me."

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman if that medicine does not help her, there is nothing that will."—Mrs. JANETZKI, 2963 Arch St., Chicago, Ill.

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

The Wedding Ring Finger

New York Times.
Society women in Denver have been looking into the history of the wedding ring and their researches have disclosed that the finger on which the circle is worn was chosen because it is supposed to contain the blood vein which runs directly to the heart. One woman who looked the subject up for her club reported that the old rhyme, As your ring wears, you'll live out your cares, aided her in learning the evolution of the practice that distinguishes married women from the single ones. The wedding ring has undergone many changes from the one of iron to the splendid beveled gold circle that is worn to-day, but the wedding ring finger always has remained the same. The original of the bridal veil is a subject of dispute in women's clubs. The Denver women asserts Mary Tudor wore the first wedding veil in Western Europe.

If We Could But See.

If young men could but see the possibilities of their youth, as clearly as they will see them some day, there would be fewer gloomy mornings of life and fewer gloomy sunsets. But the misery is that so many do not choose at all, but just let things slide, and allow themselves to be moulded by whatever influence happens to be strongest. For one man who goes wrong by deliberate choice, with open eye, there are twenty who simply drift. This world is no place for a man who cannot say "No." If we are like the weeds in a stream, and let it decide which way we shall go, we shall be sure to point downward. It would do much to secure the choice of the good, if there was a clear recognition by all young persons of the fact that they have the choice to make, and are really making it unconsciously. If they could be brought, like Solomon, to put their ruling wish into plain words, many who are ashamed to yield to unworthy desires would be ashamed to speak them out boldly.—Maclaren.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
