### Dr. Hilton's Life for the Liver and Kidneys

"We do not hesitate to bestow words of commendation on such specifics as have shown on actual trial before our hygienic staff that they are remedies of undoubted therapeutic virtue. A medicine which fulfilled our most exacting demands in this respect and one which therefore we feel justified in recommending to our readers, is 'Life for the Liver and Kidneys.' It has demonstrated to us so conclusively as to leave no room for doubt, even on the part of the most skeptical that it is a thorough curative agent in all cases of Dyspepsia, Indigestion, Constipation, Billiousness, Bright's Disease, Dropsy, Gravel, Rheumatism and all Disorders arising from a diseased condition of the Liver, Kidneys and Urinary Organs. A representative was sent from our office to collect testimony in regard to 'Life for the Liver and Kidneys.,' those who had used the remedy for the maladies in which it claims to bring relief were interrogated in regard to the effect it had exercised in their own cases. Every person who was visited and questioned with respect to 'Dr. Hilton's Life for the Liver and Kidneys,' replied that he had found in it a most efficacious cure. This fact was ascertained to be true not only in cases of ordinary severity, but even in those instances which had successfully withstood the skill of physicians as well as the curative powers of other proprietary remedies."

"Dr. Hilton's Life for the Liver and Kidneys" is a vegetable compound, which for over 30 years has been recognized and recommended as the most valuable remedy of its kind. If you are a sufferer from any of the above mentioned ills, begin taking it at once. You'll soon be on the royal road to health.

Sold Everywhere in 25c, 50c and \$1.00 Bottles.

### Mr. Frank Clarke.

Ware Shoals correspondence in The Greenwood Index.

Mr. Frank Clark who has been assistant superintendent of our mill for the last six years has resigned to accept a similar position with the Anderson mills. Mr. Clark was a good citizen and was very well liked by all the workers and people generally. He will be missed in our community where he was always willing to do everything in his power for the good of the town. Mr. Clark possesses a generous nature and the poor and needy lose in his removal one of their best friends. Mr. and Mrs. Clark carry with them the esteem and good will of all the operatives in the mill, as well as the rest of our people. We hope they will enjoy their new home, and that the prosperity they deserve may be theirs.

### Ducks.

(Composition written by a 12-year-old school boy.)

The duck is a low, heavy set bird composed mostly of meat, bill and feathers. His head sets on one end, he sets on the other.

There ain't no between to his toes and he carries a toy balloon in his stomach to keep him from sinking.

The ducks has only two legs and they are set so far back on his running gear they come durn near missing his body.

Some ducks when they git big are called drakes. Drakes don't have to set to hatch, just loaf, go swimming and eat. If I was to be a duck I'd rather be a drake every time.

Duck does not give milk but eggs, but as for me give me liberty or give me death.
