Will Open Next Fall.

The Lutheran College for Women at Summerland will be ready for the accommodation of seventy-five students this year.

The trustees are preparing for the fall term and young ladies who expect to enroll for this term will do well to make application to the board of trustees at once as only seventy-five can be accommodated at this term and the first applicants will be enrolled as their applications are received.

For full particulars as to terms, routes, etc., write to the secretary of the board of trustees of the Lutheran College for Women, Leesville, S. C. From the above it will be seen that early application is necessary if you desire to enter at this first term.—Leesville News-Advocate.

Citizens of Lexington County:

I am offering you the first opportunity to buy Columbia suburban property in Lexington County.
 "GREEN'S HILL" overlooks Columbia, only two miles from State House on Augusta and Lexington Highway.
 Now that the Bridge has been made free, Columbia and Lexington County are much nearer together than ever before, and, too, the early construction of the Aiken and Augusta Trolley Line that is now a certainty, and at an early date you will be riding its cars to and from Columbia, and passing right through and over beautiful Green's Hill, and the property that you can buy now so cheap and on such easy terms.
 The S. A. L. Railway are now busy building their large Round-House and Shops at Cayce, one mile from Green's Hill. It means that hundreds of their employees will have to move from Columbia across the River so as to be convenient to their work.
 There are also hundreds more of Columbians who cannot and will not pay the prices that are now being asked for property in Columbia and suburbs, and these, too, will flock across the River just as soon as the Trolley Line is completed, and to Green's Hill their eyes will naturally turn first for they will follow the Trolley Line.
 There is no property in Columbia or suburbs within the same distance that Green's Hill is that can be bought for less than from \$3,000 to \$5,000 per acre. (this applies to Richland County). While you can buy from us at Green's Hill for a mere fraction of that figure. We are going to sell seventy (70) acres on Green's Hill, divided into fourths, halves and whole acre lots, at a price far below its true value, and on terms that you can't resist. A small cash payment, and then a few dollars a month without interest, notes or mortgages, will soon make you the owner of one or more of these beautiful and valuable LOTS.
 Why put your hard earned MONEY in a bank and be promised 4 per cent. yearly for it, and in a great many instances never get your money or the promised interest back again?
 Better buy Green's Hill Lots, they can't run away, only in increased value, nobody can take them from you without paying you a handsome profit on what you pay for them now. The property with all its future is there for you, will you hesitate and see the other fellow buy it up and make all the profits, better get your share?
 Write, call on us, or phone and we will take pleasure in showing you this property, and tell you all about the low price and easy terms you can get these lots on.
