Work on the brick store of Kaminer & Company is progressing rapidly. The walls are nearing completion and the carpenters are now at work. When completed it will be among the handsomest buildings in town.

A lady remarked to us the other day that in advocating a civil league in Lexington the Dispatch was on the right line. "Be not weary in well doing," she added encouragingly, "but keep hammering away at it until the people are impressed with its importance."

GOWANS

Preparation, King of Externals, bearing proudly the seal of public approval, tested to the limit, and never found wanting; destroying inflammation and congestion when externally applied, and wherever introduced being unqualifiedly endorsed—it is not too much to say that GOWAN'S has astounded physicians when applied in cases of PNEUMONIA, PLEURIS, CROUP and COLDS. A bottle of GOWAN'S PREPARATION in the house means security for the loved ones and peace of mind for the entire household. The marvelous and increasing growth of the Gowan Medical Company—manufacturing this remedy and the King of all Externals, is evidence sufficient that there is nothing "just as good." Buy TODAY—your druggist has it—take nothing else, demand and insist on having GOWAN'S—it does all that is claimed for it—or your money cheerfully refunded.—Three Sizes; \$1.00, 50c, 25c.

Gowan's Preparation was used on my child when it was desperately ill with pneumonia. Immediately after the second application my pediatric called and finding so great an improvement ordered its continuance. The child made rapid recovery in a few days.
