HEAVY FIGHTING

Mexico City in the Throes of Rebellion.

HAS RESIGNED. MEDORO

Movement of Troops Observed on Both Sides-Government Forces Strongly Reinforced-Heavy Guns of Federals Prepared For Action-Administration Officials at Washington Apprehensive Over Killing of Americans.

Mexico City, Feb. 13.—Fighting was resumed in the Mexican capital at 8 o'clock this morning when the federal battery opened the attack. The rebels offered a grim resistance. The heavy firing can be heard in different parts of the city.

The struggling federals who arrived at the American embassy at noon declared that a detachment of government troops was shot to pieces in the western edge of the city early this morning, indicating that Diaz has a mobile force outside of his lines in the central district.

Two non-combatants were killed in front of the American club today by bursting shells.

RESUMPTION OF FIGHTING HAD BEEN EXPECTED.

Mexico City, Feb. 13.—Heavy fighting is expected early today between the rebels and federals. The movements of the troops were observed on both sides about 6 o'clock this morn-

The government forces were strongly reinforced during the night. The federal commander declared this morning that he had 7,000 men against 3,000 rebels.

The heavy guns brought up by the federals are prepared for action. The federal csmmander declared that he would win the battle decisively in a short time.

ASSAULT UPON NAVAL OFFICERS.

Washington, D. C., Feb. 13 .-- The anti-American feeling at Acapulco, Mexico, culminated in an assualt on two officers of the cruiser Denver, before the cruiser departed yesterday for Acajutla, Honduras. The officers who were passing through the streets were uninjured.

Mexico City, Feb. 14.—The tragic events of the last day of the Madero-Diaz struggle, ending in the resignation of the president of the republic, might be summed up in the statement that today was very largely a repetition of yesterday's occurrences, with the reb 1strength, apparent even at the beginning of the outbreak, growing rapidly. The resignation of President Madero followed a course of failures on the part of the federals to make head against the Diaz forces.

Affairs in Mexico City, the theatre for almost a week of an innovation in modera warefare, took a senational turn tonight, when it was authoritatively stated that President Madero had agreed to resign if the Mexican senate so wished. The senate was called into session at 8 o'clock tonight to take action on this important situation. it is believed the resignation of Madero is now in the hands of the Mexican congress.

At the British legation, where Senor de la Barra took refuge Thursday, it is stated that Madero's resignation practically had been arranged for, and that de la Barra likely would succeed him in the presidency.

A woman would be more inclined to gossip that ever if she had to wait S. C. her turn in a barber shop.

What

a great improvement would be made in the condition of horses and other animals if just the proper remedy were used when they became ill or injured. If your horse could talk he would ask you not to use any external remedy containing alcohol because it stings and tortures his flesh terribly. Some liniments have alcohol and other fiery ingredients which only inflame the skin and tissue without striking down to where the pain lies. Beware of such liniments. The great humane, quick-action remedy is MEXICAN MUSTANG LINIMENT. Made of oils, without a drop of alcohol or other torturing element, it soaks straight to the bone and muscle. It soothes the wounded parts and is comforting while the healing work is progressing. Mexican Mustang Liniment is what you want because it
