## SYMPTOMS OF CONSUMPTION

### Yield to Vinol.

The medical profession do not believe that consumption is inherited, but a person may inherit a weakness or tendency to that disease.

A prominent citizen of Evansville, Ind., writes: "I was ill for five months with pulmonary trouble, and had the best of doctors; I had hemorrhages and was in a very bad way. Through the advice of a friend I tried Vinol, and I feel that it saved my life. It is all you recommend it to be. I believe it is the greatest medicine on earth. I have advised others to try Vinol, and they have had the same results." (Name furnished on request.)

Vinol soothes and heals the inflamed surfaces and allays the cough. Vinol creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary diseases.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

### Battle of Herrea.

Laredo, March 13.—Mexican federals and Carranzistas fought at Herrea, Mexico, between Montarey and Mantamoras today and five of the combatants were killed and a number wounded, according to information received here tonight. The dispatch, however, did not say how the battle terminated or give any other details.

### Chronic Stomach Trouble Cured.

There is nothing more discouraging than a chronic disorder of the stomach, and it is not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle. "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." Sold by all Dealers. Adv.

Judging by the quality of the product it is no wonder we get so much free advice.

### Disastrous Cyclones.

Indications from late reports are that more than ninety people were killed, scores severely injured and great property loss sustained in the disastrous electrical tornado which swept parts of Georgia, Tennessee, Alabama, Louisiana, Mississippi and Texas Thursday afternoon and night. Eighty odd deaths have been reported and the total loss of life will probably be increased when wire communication is restored in remote sections devastated by the cyclone. The damage to property cannot be estimated but probably will have to be computed in millions.

Twenty-nine persons are reported to have perished in Georgia and damage to property is roughly estimated at \$1,000,000. Calhoun, Gordon county Georgia, and vicinity bore the brunt of the storm in this State, where 11 persons are reported to have been killed. The other fatalities in Georgia were nine at Tucker, four at Eagleville, three at Clarkstown and two at Columbus.

Late reports from Tennessee have increased the death toll in that State to twenty-three persons. Many sections swept by the storm have not been heard from.

The loss of life in Alabama is estimated at thirteen, although several persons are still reported missing. Five negroes were killed at New Decatur, three persons perished at Calera and two each at Stokes Bluff, Gaysville and Duke.

The greatest damage to property was the destruction of buildings and houses in the sections of the States where deaths were reported. Telephone and telegraphic communication has been restored to most of the larger towns and all of the cities in the storm-swept territory.

### High Prices, Meat Shortage.

Chicago.—Arthur G. Leonard, president of the Union Stock Yards Co., sent the following reply yesterday to a telegraphic inquiry from Mrs. Julian Heath, president of the National Housewives' League, as to the cause for the increase in the price of meats throughout the country.

"For the period since January 1st., as compared with the same period of 1912, there has been a total decrease in the receipts at Chicago of 646,600 meat animals of every type, amounting to an aggregate of 200,000,000 pounds."

Mr. Leonard said that the high prices are due to the shortage and the shortage is due to the wiping out of a large amount of the range country and its division into smaller farms. He said the shortage had been increasing for the past seven years and that it would take a similar period to build up the cattle raising industry so that any material reduction in prices would be possible.

During the last year the decreased supply has amounted to one pound of meat per capita each month, he said.

### NOT SATISFACTORY.

New York.—The National Housewives' League does not accept as satisfactory the reply it received from President Leonard of the Union Stock Yards Co. in Chicago, naming the shortage of cattle as an explanation of high prices.

"All the wholesalers and retailers," said Mrs. Julian Heath, president of the league, "declare that even if there were a great shortage in cattle the retail demand for meat at the present time is so small that the decrease in supply would not raise the prices to their present height."

### A Cold, La Grippe, Then Pneumonia

Is too often the fatal sequence. La Grippe coughs hang on, weaken the system, and lower the vital resistance. R. G. Collins, Postmaster, Barnegat, N. J., says: "I was troubled with a severe La Grippe cough which completely exhausted me. Foley's Honey and Tar Compound soon stopped the coughing spells entirely. It can't be beat."

From the day I began taking Foley Kidney Pills I began to regain my strength, and I am better now than I have been for twenty years." Try them.

### BLISS GIVEN FULL POWERS.

To Use His Own Discretion in Case American Lives Are Endangered.

Washington March 13.—War department officials are in close touch with the situation near Nogales and instructions today were issued to Brig. Gen. Bliss which give him discretionary authority to deal with the situation in case American lives or property are endangered. It was said at the department that the American officers on the border have been charged to distinctly warn the Mexican leaders they must not seek engagements in places which would result in danger on the American side. Assistant Secretary Oliver tonight said that nothing had yet occurred at Nogales to warrant the department in changing its attitude.

### Information Wanted.

M. D. Harman, Commander, Camp Steadman, No. 68, U. C. V.

The Executive Committee of the Chattanooga Reunion Association desires to ascertain how many visiting members of Camps need to be provided with free accommodations during the Reunion in Chattanooga on May 27-28-29th, next. Of course, the Committee desires to provide for such members of the various Camps as need to be cared for free, but in order to guard against being imposed upon, the Committee is forced to find out in some way who should be provided with free accommodations, therefore, I am asking your Camp to furnish such of its members as desire to be provided with free accommodations during the Reunion at Chattanooga with a letter addressed to Camp Headquarters at Chattanooga Tenn., stating that they are entitled to be housed and fed without charge during the Reunion. Please give this matter your special prompt attention, as we want to take care of all members who are entitled to free accommodation. Also let us know as soon as possible the names of the members of your Camp that need to be provided for by the Committee during their stay in Chattanooga.

# What

a great improvement would be made in the condition of horses and other animals if just the proper remedy were used when they became ill or injured. If your horse could talk he would ask you not to use any external remedy containing alcohol because it stings and tortures his flesh terribly. Some liniments have alcohol and other fiery ingredients which only inflame the skin and tissue without striking down to where the pain lies. Beware of such liniments. The great humane, quick-action remedy is MEXICAN MUSTANG LINIMENT. Made of oils, without a drop of alcohol or other torturing element, it soaks straight to the bone and muscle. It soothes the wounded parts and is comforting while the healing work is progressing. Mexican Mustang Liniment is what you want because it

your work lighter, saves your livestock from suffering and keeps them in good trim for work. For all forms of Lameness, Strains, Bruises, Cuts, Burns, Galls and Harness Sores in animals, it is safe and prompt and does not promise what it cannot perform. Mustang Liniment has been doing its wonderful healing work for 65 years. The amount of money it has saved livestock owners is incalculable. One man writes that he was about to kill his valuable horse because badly injured but Mustang Liniment made him well again. A Veterinary tells us he has used Mustang Liniment fifteen years and found it best liniment for cuts, strains, etc. And many others are enthusiastic friends of this tried and true remedy. Now you know just what makes

When Burton Holmes recently gave his celebrated travelogue on 'Panama' at Orchestra Hall, Chicago, he was seriously interrupted by continual coughing of the audience. No one annoys willingly and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey and Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance. When you meet a woman who is indifferent as to the size of her feet, it's a sign she is merely waiting for her turn to ride in the undertaker's wagon.

W. S. Skelton, a merchant at Stanley, Ind., says he would not take \$100,000 for the relief a single box of Foley Kidney Pills gave him. "I had a severe attack of kidney trouble with sharp pains through my back and could hardly straighten up. A single box of Foley Kidney Pills entirely relieved me." Harmon Drug Co.
