**Old Age.**

Old age as it comes in the orderly process of nature is a beautiful and majestic thing. It stands for experience, knowledge, wisdom, counsel. That is old age as it should be, but old age as it often is means poor digestion, torpid bowels, a sluggish liver and a general feeling of ill health, despondency and misery. This in almost every instance is wholly unnecessary. One of Chamberlain's Tablets taken immediately after supper will improve the digestion, tone up the liver and regulate the bowels. That feeling of despondency will give way to one of hope and good cheer. For sale by All Dealers.

**The Grand Theatre.**

The people of Columbia, especially those who delight in good singing, music, vaudeville and moving pictures are now certainly tickled at the program at the grand. Beautiful young ladies gorgeously costumed and full of fun and frolic are with their company "The Tourists and the Country Girl," are pleasing the large audiences each and every night. During the carnival and other attractions they took the oaks and we advise our people to go and enjoy a hearty laugh and you will go again.

**Lexington County Fair Association.**

At a meeting of the stockholders of the Lexington County Fair Association held Monday, the secretary made the gratifying report that 150 shares of stock amounting to \$900 had already been subscribed to put the Association on a cash basis. The stockholders desire to raise \$100 more by the sale of twenty shares of stock for the purpose of making some improvements on the grounds and buildings.  
The people of Lexington county have exhibited by their subscriptions a support for the Association which is very gratifying to the management and it also shows that the benefits to the agricultural interests of the county from the Association are much appreciated.

**A Negro Desperado.**

Hampton, April 30—Pursued into a swamp by a hurriedly organized posse of determined men, Richard Henry Austin, a negro, charged with attempted criminal assault upon the wife of a prominent citizen of Luray turned upon the hunters and fired shot after shot from his buckshot loaded gun, two of the loads finding fatal lodgment in the bodies of F. H. Eidenfeld, magistrate of Allendale, and J. Frank Bowers, a farmer of the Luray section. Four other men—Dr. S. C. Moore of Hampton county, McTeer Bowers, George Hanna and an unidentified white man—were wounded. Late this evening the negro broke through the line and made his escape. The negro has been pursued to Georgia where he is surrounded in a swamp by a large posse of men. Blood hounds have been sent and they are probably on the scene by this time. It is rumored that another white man has fallen a victim to his shot gun.  
Dr. S. C. Moore, of Hampton, who was mortally wounded by Austin, has since died in an infirmary in Columbia, where he was taken for treatment. The Governor has offered a reward of \$500 for the arrest of Austin, dead or alive, and four townships a reward of the same amount, making a total of \$2,500.

One of the stories around town concerns a man who caught a heavy cold during the changeable weather and concluded to take a spell in bed. His wife came into the room and said: "Jim, there's a visitor for you."

**NOW PAINT**

Strike when the iron is hot and paint when the property needs it.  
They paint ships a dozen times a year; yes, some of them, every voyage. What for, do you think? To look nice and get business.  
A livery keeps its carriages painted and varnished and washed, to look nice and get business.  
A man, with a house for sale or to let, "does it up," and Devoe is the paint.  
There's more in paint than to keep out water. Paint for looks and you needn't think about water. A fresh coat of paint once a year is about as good for his credit as paying his debts. But the man whose buildings and fences look, new, very likely, has no debts.

DEVOE
