WILSON FAVORS SECOND DISTRICT

THE PRESIDENT ENDORSES HIS PLAN FOR THE STATE OF SOUTH CAROLINA.

IS AGAINST GREAT HASTE

President Wilson Thinks That Duplication of the Officers Should Come Only in Regular Course.—Those Directly Interested in This Change.

Columbia.—A special from Washington states that it became known here recently that President Wilson is quite anxious to have the bill introduced by Representative Aiken a few days ago providing for the creation of another judicial district in South Carolina with additional court officials, or one similar to it, passed at an early date. The matter has gone so far that Representative Clayton, chairman of the House judiciary committee passed the matter over to Attorney General McReynolds and the latter has given his thorough approval to the plan. Mr. McReynolds went deeply into all the bills that have been offered on this subject and digested them carefully, and ascertained from members of congress and others who are in a position to know what the reasons were for the failure of these bills to pass in years gone by. That having been done, according to what was learned here the situation was presented to the President and he thinks that it might be well to have the new district authorized, but he, it is said, is opposed to providing for such authorization in one of the emergency bills, as is often done.

The suggestion was made that the matter be cared for in one of the emergency bills, or as is known here, one of the "deficiency" bills, but this plan did not meet with the president's approval. He thinks that the measure should take its regular course when the next session of congress begins in December, and this is what will likely be done.

The three members of the house who are most directly interested in the result of the proposed action are Representatives Aiken, Johnson and Byrnes.

Attorneys Give Out Statement.

Attorneys here of Bissel Bigham and John Frazer, Jr. arrested on a charge of complicity in the robbery at Parr Shoals September 5, when a paymaster of the J. G. White Construction Company was held up and robbed of \$16,000 gave out a statement saying the two young men were seen and recognized in Chester during the time in which they were alleged to have been at Parr Shoals. The statement opens by saying that it has been deemed advisable to reply in view of the lengthy and inconsistent statements which have appeared from Burns detectives and J. T. McLellan, superintendent of the John G. White Construction company.

G. A. Goodwin, chairman; George H. Koon and Walter F. Hook, comprising the Lexington county dispensary board meeting at the court house decided to begin with six dispensaries, to be located at Lexington, Brookland, Swan sea, Peak, Gilbert and Batesburg. Manly P. George was appointed dispenser at Lexington; Samuel O. Derick, Brookland; John J. Reeder, Swansea; L. Mangus Shealy, Peak; Cline J. Taylor, Gilbert; and August H. Blease, Batesburg.

Exhibit From Richland County.

With a view to giving Richland county a prize-winning exhibit at the state fair, the committee of the Chamber of Commerce appointed to gather all possible manufactured articles met in the office of the secretary of the Chamber of Commerce and mapped out plans for obtaining these articles. The committee will go out and work in covering the city in their efforts to obtain all exhibitable matter.

Arrange For Abbeville Fair.

The Directors of the Abbeville County association met at the court house for the purpose of perfecting plans and to make final arrangements for the fair to be held October 22, 23, and 24. Plans were freely discussed and much enthusiasm shown by those present, especially by the out-of-town members. It was decided to eliminate the professional racing and offer good purses for racing by county owned horses. There are a number of fast horses owned in the county and the races will be high class.

Better Agricultural Conditions.

W. R. Elliott and L. B. Altman are in town getting acquainted and laying plans for a definite and systematic campaign of the county for better agricultural conditions. Mr. Altman is the newly appointed demonstration agent of Jasper county and Mr. Elliott is district manager—both are government men under Clemson college supervision. The object of this work as to demonstration is to help the farmers in any and every way possible and to better their conditions.

It was the pleasure of the Editor to visit the Kirkland Distributing Company's department, or place of business, in Columbia recently. Their dealings have been so pleasant and satisfactory that there are none more popular with the wholesale trade in country towns or city, and we can guarantee that your relations with them will please you. Mr. Kirkland, the manager, is a very pleasant gentleman and his help in the business are all clever and obliging men.

Will G. Richmond, a resident of Inglewood, Cal., will answer any inquiries about Foley's Honey and Tar Compound. He says further "Foley's Honey and Tar Compound has greatly benefited me for bronchial trouble and cough, after I used other remedies that failed. It is more like a food than a medicine." Do not accept a substitute. Harmon Drug Store. adv.
