Beast Butler spoke in New York recently, from the stens of the City Hall. Horace Greeley, who is running for Congress in the lower district, started a meeting and invited the Beast to speak for him. The inhabitants of that portion of the city are rather rough Democrats, and when they don't like things, generally make it known in a very summary manper. No sooner had the Beast appeared than the people set up the most demoniac relling and hooting. H attempted to address them and they shouted back such epithets as "spoon," "beast," "cockeye." The uproar was so great that he was obliged to desist. He pulled out a tooth pick and began to pick his teeth in pretended contempt, when somebody flung a rotten apple and struck him in the stomach. He was livid with rage. but true to his mean instincts picked up the apple and eat it. The cries of "spoons" continued from a thousand throats, and finding that he could not get a hearing, he turned to the reporters and made his speech to them. It was a curious production, and will probably lose him his ears before he leaves the city. - Cor. News.

On Wednesday, December 5, the surviving members of the old brigade commanded during the war by Generals Bonham, Kershaw, Conner and Kennedy, will meet together, in Columbia. All who belonged to this command are cordially invited to attend. The object of the meeting is to organize a benevolent Buzzard individually, are required to render association, which may aid in supporting the destitute families of the dead fore the first day of February next. members of the brigade, and try to secure to their children education privileges. It is thought that a central crganization of this sort, to which other associations, organized in various parts of the State, shall be auxiliary, will be the most effectual agency for attaining the desired end. A deep interest in this enterprise is felt among the survivors, and it is hoped there will be a very full attendance on this occasion .- Abbeville

INTERESTING TO LAWYERS .- Judge Clayton, of Mississippi, says an exchange, recently held that legal tender notes were such and a valid tender, stopping interest, when made. That the Act of Congress making such notes a legal tender was constitutional, and that the power to issue such notes notes is derived from the war powers of the Government. He also held that the suspension of the statute of limitations during the war was constitutional and valid, and that no suit can be maintained to recover on a note the consideration for which was Gonfederate money. Nor can any suit be maintained to recover on a note given as compensation for the hire for a substitute in the Confederate

-400+-SHOCKING. We have had related to us a case which shocks all the finer feelings of our nature. In an adjoining District, a beautiful young lady, seventeen years of age, well educated, and very respectably connected, took a fancy to a young colored man. It having been talked about in the neighborhood, caused unpleasant feelings. Finally, the woman cloped with the negro. They were pursued to within a short distance of sept 12th tf this place. Traced to a negro's house, where she was found laughing and talking with her paramour's family. On being discovered, she attempted to escape, but was arrested and returned to her parents .- Pickens Conrier.

-460+-The negroes who killed Mrs. Gravin and daughter, on Friday last, about ten miles from Orangeburg, were hung on Saturday by the citizens of the vicinity in which the outrage was committed. The freedmen of the neighborhood were so incensed against the perpetrators that they were with difficulty prevented by the active interference of the citizens from burning them at the stake.

The last novelty in the gay world is a new dance called the Kiss-Cotillion. The name comes from the kiss which every dancer gives (and receives, we suppose) every time he turns his partner. We have not heard where this novelty is danced. After diligent investigation we are prepared to say they don't dance it in Columbia .- Yorkville Enqui-

what is drawn and its value. The American Jewelers' Association calls your attention to the fact of its being the largest and most popular Jewelry Associa-tion in the United States. The business is and always has been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee of the appreciation of our patrons for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German War and recent disastrous financial crisis in England, has caused the failure of a large number of Jews elry Houses in London and Paris, obliging them to sell their goods at a great sacrifice, in some instances less than one third the cost of manufacturing. We have lately purchased very largely of these Bankrupt Goods, at such extremely low prices, that we can afford to send away Finer Goods, and give better chances to draw the most valuable prizes than any other establishment doing a simi-lar business. Our aim is to please, and we respectfully solicit your patronage, as we are confident of giving the utmost satisfaction. During the past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who patronize us will receive the full value of their money, as no article on our list is worth less than One Dollar, retail, and there are no blanks. Parties dealing with us may depend on having prompt returns, and the articles drawn will be immediately sent to any address by return mail or express.
