GRAND NATIONAL ENTERTAINMENT

FOR THE BENEFIT OF THE LADIES' SOCIETY

Suffering Poor and Destitute of the South.

Will take place in Washington, D. C., August 1, 1867.

The Ladies' Society in Aid of the Suffering and Destitute Poor of the South" would respectfully and earnestly call the attention of the generous Northern public to the great distress and fearful suffering now prevailing in the Southern States. Letters are daily received from the South, from the Generals commanding, Governors, Ministers, and em-inent Citizens, furnishing the most heartrending details of the actual want, famine and starvation in their immediate neighborhood. The following few extracts from the very many letters received by the Secretary and Managers of the Society are respectfully. referred to:

HEAD ORS., FIRST MIL. DIVISION, Richmond, Va., May 11, 1867.

MRS. HARLOWE MATHER: My Dear Madam—I shall be too glad if anything I can say will aid the Society in its noble work. A large proportion of the peo-ple of the South have suffered, and many are still suffering almost to the limit of en-durance from the devastation of war and subsequent failure of crops. They are making every possible exertion to revive their various branches of industry and become self-supporting. The liberal assistance which the Northern people are well able to give, will relieve a great amount of distress, and will no doubt be sufficient to place the poor of the South beyond further suffering for food. The recent manifestations of an almost universal desire throughout the South most universal desire throughout the South, for a really fraternal reunion with the North, may well serve to stimulate the generous sympathies of the Northern people, while nothing could do more to foster and encourage the growth of a healthy sentiment in the South than the generous aid which it is the mission of your Society to invoke.

I sincerely hope the noble efforts of the Society may result in the most abundant success. I am, dear Madam, very respectfully, your obedient servant,

J. M. SCHOFIFLD, Major General.

Headquarters, 2d Mil. Div., Charleston, S. C., May 13th, '67.

The excellent purpose you have in view cannot be too much commended. The liberality of the Government of the United States, and the munificent contributions aboready made for the relief of the wide-spread destitution in the States, leaves great num-bers unprovided with food and clothing. And until an abundant harvest enables the peountil an abundant harvest enables the people here to do more for themseives, I trust the ever generous and prosperous committees of the North will continue their noble gifts to this afflicted and impoverished population. With my best wishes for the success of your undertaking, I remain, Madam, very respectfully,

DANIEL E. SICKLES,

Command. Second Mil. District.

Columbia, S. C., May 10, '87. Permit me not only to give you the assurance of my poor help in this your generous endeavor to relieve our impoverished and un-happy people, but to express to you, in their behalf, that gratitude which is so eminently pour due for the generous symbathy mani-fested by your organization for those among us in distress. Wishing you God speed in your noble work, I am, Madam, very re-

Governor South CarolinaGreensboro, May 14th, '67.

Have just returned from a tour through the section made memorable by "Sherman's march to the seaboard." Poverty, suffering and destitution of the people can scarcely be redized—living in huts, inder constructed of charred boards, of rails boughs and mud, you are met by hollow-eyed, emachated forms, whose first words are "bread"—for something to stiffe the cravings of hunger. In one place I witnessed the body of a child borne to its last rest, on a board, in the same rags in which it died. In another, four females existed for a week on two pounds of corn, together with some roots. On the road I met another who had walked twelve miles to beg some food for her children. Many other instances can be given of sad suffering from actual want of food. Very truly,

FREDERICK WATTS, M. D.

The public have already responded nobly Governor South Carolina

FREDERICK WATTS. M. D.

The public have already responded nobly to the call, but not to the extent required to keep starvation from making victims of many. Additional funds must be raised at once; the case is urgent. The Lady Managers, after mainte deliberation, have decided to bring it before the generous people of the North, by giving a Grand National Entertainment; trusting to their active co-operation, and sympathizing aid, for the immediate supply of means to enable them to purchase and forward food to starving thousands. The Grand National Entertainment will be given at Washington, D. C., August 1, 1867. Three hundred thousand tickets will be offered for sale, at \$2 each. Every ticket be offered for sale, at \$2 each. Every ticket will be entitled to an award, which will take place at the same time. Half of the amounts will be in valuable awards to the holders, and the balance will be devoted at once by
