

NEWBERRY, S. C.

Wednesday Morning, Dec. 25, 1867.

A new Post Office has been established in Laurens District, at Goodgeon's Factory, David Beatty, Postmaster.

Mr. A. K. Riser, G. B. Santa Claus' Adjutant General, has on hand for immediate disposal, at cheap cash prices, a choice variety of toys, confectionery, can fruits, oranges, apples, lemons, &c.

An unfortunate difficulty occurred lately in the lower part of Laurens district about ten days since, between Mr. R. B. Lyles and his father-in-law, which resulted in the death of the latter. We do not know any of the particulars.

A party of emigrants passed through here last week, on their way to Laurens, having been employed by a planter of that district, whose name we could not learn. Success attend the efforts of both, and may the example be speedily followed.

Mr. Andrew Wicker respectfully announces that he has a full and excellent supply of fine goods as are needed for this season of holiday and enjoyment, and will dispense them for a trifling consideration in money, to one and all, large and small, old and young, deaf and dumb. Call on him.

Dear Friend H. M.—We advise our friends, and the little folks especially, most affectionately to remember their old friend Dr. T. Gouin, while in search of something to make their Christmas fancy. He loves the little folks, and the big ones too, and has many things which will please them. Write to him, and he will send you a list of his goods, and accept our thanks as usual for the Doctor's.

Some of the soldiers of this post deserted on Friday night last, between the hours of ten and eleven o'clock, taking with them some of the best horses belonging to the post. To prevent immediate pursuit, they were nearly all the bridge reins and straps, and the harness in the stable in which the horses were kept. Patrols were made however to find them, but up to this time nothing has been seen or heard of them.

Dear Friends—Messrs. Wren & Wheeler, whose handsome artistry in front of us, tired of traveling, have determined to accept a splendid gallery which offers in a conspicuous place, but that doesn't matter. If you really wish to see the best, artistic and beautiful, and with its light shadows and perspective, now is the time. Do not delay. The opportunity may not be presented again, after they leave us of securing the services of their equals.

Col. McGowan, Esq. has with him several copies of the Laurensville Standard, a position he has filled with credit, and to the Press of the State, for the last two years. In the conclusion of his editorial Mr. McGowan says: "To the patrons and Proprietors of the Standard, and to the Press of the State, I am under great obligations for the kindness, confidence and consideration extended to me by their aid. Of the Press of my country, I feel that I have been the recipient of a high honor, and one which I shall ever prize as highly as I can."

Christmas—Today Christendom celebrates the birth of the Son of God, the Prince of Peace has come, and the forces of heaven and earth proclaim His name in the highest, on earth, peace and good will toward men.

Insurance your Lives. In the Equitable Life Assurance Society, of which an advertisement appears in our columns this week. It is one of the most responsible and fair dealing companies, we believe in existence, and has gained for itself the character as renders it worthy of the highest regard. This Society works on the Mutual Friend principle, and we do not care to consider well before oblige us to enter into an investment so certain.

Confessions. The Methodist conference closed its session on the 14th inst., after a harmonious and interesting meeting. Want of space this week precludes the publishing any account of the work done, or more of the appointments than for the Cokesbury District. In our next we will give an abstract, together with full list.

Cokesbury District—W. H. Fleming, P. E. Cokesbury Station—W. E. Capers; S. B. Jones, superintendent; Cokesbury Circuit—S. Kilgo. Greenwood Colored Circuit—to be supplied. Abbeville—W. P. Moulton. Abbeville Colored Circuit—to be supplied. Ninety-six Circuit—T. G. Herbert. Ninety-six Colored Circuit—to be supplied. Saluda River Mission—W. H. Lawton, superintendent. Mapleton—Joseph B. Traywick. Edgewood—Peter S. Heruman. Savannah River Mission—J. S. Daniell. Belton—W. C. Clark. Newberry—W. S. Black. Newberry Circuit—J. H. Zimmerman and B. W. Harrison. Laurens—J. W. Kelly; one to be supplied. Clinton—J. R. Atherny. Reedy River Mission—F. Auld. Or. Home Mission—Thomas H. Edwards.

Democratic Advice to the South.

A Washington correspondent of the Baltimore Gazette says:

The Democratic members of the Reconstruction Committee have attended the meetings regularly, not with a view of participating in the business of the committee, but to keep posted as to the purpose and designs of the Radical leaders. These Democratic members express themselves in strong opposition to the Southern people taking any part in elections or other proceedings under the reconstruction laws, and they urge that the Southern whites shall simply protect against the whole proceeding and withhold any assent to anything which is done, as they predict that the time is not far distant when Congress will pronounce all these elections null and void, and will restore to the States their old constitutions. Such is the firm impression of the leading Democratic statesmen here, and they are anxiously looking for the address to be issued by a committee appointed by the late Conservative Convention of Virginia. They express the hope that this address may be a simple appeal to the white people of the North to save them from negro supremacy—unmixed with any constitutional or other issues—and they declare their belief that the whole North will rise en masse and rally to their rescue. The Radicals, on the other hand, defiantly declare their purpose to stand firm in defence and prosecution of their plan for Africanizing the Southern States, and the outside impression in Washington is that Congress will not vary its policy one iota.

Newberry College. Messrs. Editors—Those who are interested in the welfare of Newberry College, will see by the publications in reference to the Scholarships of said College, what the Board of Trustees have deemed it necessary to do. Such has been the desolation which has swept over the country of the whole South, that nothing scarcely is left to the people. They have but little property, and the prospect of making money which presents itself to the most sanguine of men, is, at this time, gloomy indeed. Though this despondency may take hold of the minds of many of our people, yet this is not the time to despair. In the midst of this gloom a noble spirit will not abandon hope. They will look around and see whether there is not something which may yet be done to contribute to the restoration of confidence, and to securing some measure of confidence to the people.

The people of the whole South must make up their minds that all that is desirable of accomplishment on their part, can only be done by hard work, and indomitable energy and unflinching perseverance. It is sheer folly to expect to realize anything substantial, unless they toil for it. Every person must put his shoulder to the wheel, and by this means the gain of improvement will be moved forward.

These remarks are applicable to the present condition of Newberry College; and it is particularly a matter of importance to the citizens of the Town of Newberry. It is really important to the patrons of the College. If any patron wishes to see of what advantage it is to have the Institution continued in the Town, let him make the calculation of the cost of boarding and tuition of his son away from home, and it will require but little effort on his part, to see and feel the force of what is urged.

A word to the merchants. Are they willing that the College should be removed from the place? Let them fold their hands and show too great a degree of indifference to the institution, and they may find, when too late, that this Institution of learning will be removed. Have the people forgotten the interest they felt in the enterprise when the proposition of locating the institution was made, and they put forth their energies to secure its location here?

We shall endeavor at a future time, to present some considerations to induce not only the people of the Town but of the District to sustain this Institution, and do what they can to retain it in their midst.

A FRIEND TO THE COLLEGE. Editors and planters in Louisiana are cringing each other. The planter charges the factor with being a shlyok; and the factor says that the planter, after obtaining advances on the crop, disposes of the cotton to other parties. And, isn't it!

The matrimonial market increases in interest both in San Francisco and Australia. Shipments of Eastern women to the Pacific coast, result in the building up of thousands of households.

It is urged upon the President that women, heretofore applying for consoling, and offices of profit and emolument, shall receive the same deference as is extended to men.

The messenger of the Bank of New York was beaten and robbed of \$4,000,000 worth of checks the other day in Wall St., at noon. Payment was stopped of course.

About a million children are said to gather weekly in the Methodist Sunday Schools in the United States, under the instruction of 180,000 teachers.

A young lady won a prize for target shooting in Chicago—pretty good for a Miss.

Gen. Hancock has repealed Sheridan's jury order. The president has complimented Gen. Hancock.

Nat. Frazier, for the murder of young Hunsicker, was executed at Pickens on the 4th.

Winter has set in North with sudden severity, and fifty thousand persons are without employment in New York City.

If you can say nothing good of one, say nothing at all.

Dellinger, now in search of her, or will communicate with the undersigned at Columbia, S. C. JAS. C. MOORE, Chief Eng. Columbia & A. R. R. Dec 25 1/2.

REASONS WHY THE EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES, No. 92 Broadway, New-York. is the best Company in which to INSURE YOUR LIFE, or PROVIDE AN ENDOWMENT POLICY FOR YOUR OWN BENEFIT if you survive, or for the benefit of your representatives in case of your early death. It is secure beyond question, having Cash Assets, \$5,000,000 Which are being rapidly augmented by its Annual Cash Income, \$3,000,000. IT IS PURELY MUTUAL, dividing all profits among its Policy-Holders every year on the first day of February, applying such profits as cash on the settlement of the next annual premium. The profits so divided among Policy Holders last year amounted to the magnificent sum of Six Hundred Thousand Dollars.

It is anticipated that the dividend on the first day of February next will eclipse all former dividends. All persons securing policies in this Society previous to that day will benefit in full by that dividend. Policies issued on a single life for any amount from \$250 to \$25,000. The concessions are made by NO OTHER COMPANY. The Society, considering its age, is the Largest Mutual Life Insurance Company in the World!

As well as the most successful one. The profits realized by the Society, during its eight years of business, have been all divided among its members, and have yielded them an average CASH RETURN, on every dollar of annual premium paid, of More than Forty Per Cent per Annum!

This is believed to be the largest result ever arrived at by any Life Insurance Company in the world during the same space of time.

Persons insuring in this Society enjoy advantages of a SPECIAL character, because, aside from its immense wealth and rapid progress, ALL its policies are comparatively NEW, and therefore it is carrying but very few impaired risks. Its per cent of Loss to AMOUNT AT RISK is less than that of any of the other companies, and its percentage of TOTAL ODDS TO CASH PREMIUM RECEIVED IS LESS THAN THAT OF ANY OTHER COMPANY WHATSOEVER.

It is proved that capitalists assure, for investment, in the Equitable Life Assurance Society in preference to any other company, by the fact that Its Policies Average Larger in Amount than those of any other Company,

And it is so reported by the Superintendent of the New York Insurance Department to the Legislature of that State. All persons desirous of securing Policies in the Equitable Life Assurance Society are requested to communicate by mail or in person to Silas Johnstone & Wm. F. Nance, Agents at Newberry C. H., S. C. Refer to Messrs. Carlisle & McCaughrin. William C. Alexander, President; Henry B. Hyde, Vice President; George W. Phillips, Actuary; James W. Alexander, Secretary; Edward W. Lambert, M. D., Medical Examiner; Willard Parker, M. D., Consulting Physician; Henry Day, Attorney; Daniel Lord, Counsel.
