REASONS WHY THE

EQUITABLE

SOCIETY

Of the UNITED STATES, No. 92 Broadway, New-York,

is the hest Company in which to INSURE YOUR LIFE, or PROCURE AN EN-DOWMENT POLICY FOR YOUR OWN BENEFIT if you survive, or for the benefit of your representatives in case of your early death.

It is secure beyond question, having Cash Assets. - \$5,000,000 Which are being rapidly augmented by its Annual Cash Income. - \$3,000,000

IT IS PURELY MUTUAL, dividing all profits among its Policy-Holders every year, on the first day of February, applying such profits as cash on the settlement of the next annual premium. The profits so divided among Policy Holders last year amounted to the magnificent sum of

Six Hundred Thousand Dollars

It is anticipated that the dividend on the first day of February next will eclipse all former dividends. All persons securing policies in this Society previous to that day will benefit in full by that dividend. Policies issued on a single life for any amount from \$250 to \$25 000. The concessions as to the choice of applying dividends are made by NO OTHER COMPANY. The Society,

Largest Mutual Life Insurance Company in the World!

As well as the most successful one. The profits realized by the Society, during its eight years of business, have been all divided among its members, and have yielded them an average CASH RETURN, on every dollar of annual premium paid, of More than Forty Per Cent

per Annum! This is believed to be the largest result ever arrived at by any Life Insurance Company in the world during the same space of time.

Persons insuring in this Society enjoy advantages of a SPECIAL character because, aside from its immense wealth and rapid progress, ALL its Policies are comparatively NEW, and therefore it is carrying but very few impaired risks. Its per ceutage of Loss to Amount at Risk is less than that of any of the older companies, and its percentage of Total Out-go to Cash Premium Receipts IS LESS THAN THAT OF ANY OTHER COMPANY WHA SOEVER.

It is proved that capitalists assure, for investment, in the Equitable Life Assurance Society in preference to any other company, by the fact that

Its Policies Average Larger in Amount than those of any other Company,

And it is so reported by the Superintendent of the New York Insurance Department to the Legislature of that State. All persons desirons of securing Policies in the Equitable Life Assurance Society are requested to communicate by mail or in
