Notice.
In consequence of the Vulcanite Company's demanding such an exorbitant price for their license, I was forced to make other arrangements for plate work.
I have made arrangements with a large firm in Philadelphia, where I can have your plate work done by the best workmen in the United States at a much less cost to you than it possibly can be done in this country.
All that has to be done is to call and let me take your impression, and get a set of teeth made by the best workmen.

The assets of the partnership remain in the hands of Herman C. Wiseman, to meet all bills which are authorized to use the name of the late firm in liquidation, and for that alone.
