

An Earthquake Coming.

A CALIFORNIA SAVANT PREDICTS A HEAVY SHAKING OF THINGS IN SEPTEMBER OR OCTOBER.

The San Francisco Chronicle publishes the following prediction, made by a local philosopher, W. Frank Stewart:

During the past eighteen months the earth and other planets completed the most remarkable conjunction which has ever occurred; and on the night of the 14th of last November we again witnessed the grand thirty-four year star-swarm. Every intelligent person is aware that for a period of nearly two years our globe has been subjected to violent perturbations, such as have not before occurred for many centuries. These perturbations have been generally over the surface of the planet. Storms, typhoons, volcanoes, earthquakes, intense cold and scorching winds have alternately spent their fury upon the denizens of every hemisphere. By careful observations, astronomers have found that in a period of about seven years the sun turns towards us a remarkably spotted disc, and it has also been observed that any sudden changes of light and shade upon the sun during this spotted period instantly affects terrestrial magnetism. It is well known that in the autumn of 1859 one of these sun-spot perturbations was immediately followed by one of the most brilliant Auroras Borealis ever witnessed in the northern hemisphere; and still more surprising the magnetic effect of the aurora was so great that messages were freely sent over telegraphic lines without connection with the batteries and by means of the auroral current alone. Many additional facts, showing the connection of celestial with terrestrial magnetism, might be given, but I have neither time or room at present. Suffice it to say, that as the earth's magnetic forces are now, and for many months have been, greatly disturbed by cosmic influences; and as we have recently made our annual transit through the nebulous belt; and as the sun's surface is at this moment disfigured by an unusual number of spots; and as the moon on the 7th ultimo passed between us and the sun, thereby causing an additional magnetic disturbance upon the earth; and as we on the Pacific coast are now experiencing an unusually protracted dry season, the inevitable precursor of temblors in this part of the world, for the foregoing and many other potent reasons, I predict a heavy earthquake to take place early next autumn, as soon as moist clouds pour into the dry, vaporous atmosphere.

Commenting upon the recent proceedings of a public meeting at Union City, which can be found elsewhere in our paper, the Times says:

We invite the special attention of the press of the State of South Carolina, to the resolutions adopted by a public meeting of our citizens on Monday last. Perhaps they will do no good, but we think they will, if properly treated by the newspapers of the State. The Republic party represents a very small portion of the taxpayers, and the members of that party care very little how much tax is extorted from the purses of those whom they have not the honor to represent.

Let Wall street and the commercial world understand, from the outspoken declarations of all persons who have the States' interest at heart, that they do not feel a moral obligation to pay these bonds resting upon them, and the bonds will be an incubus upon the market, with no buying rates, and very low selling ones. Let them go forth dependent upon the solvency of an unconstructed railroad, and contingent upon the continuance in offices of non-tax-payers, as a class, and not even the financial ability of that rising financial light, who assists Governor Scott in the manipulation of South Carolina finances in New York, be able to put them above twenty five cents in the dollar.

Just here is the proper place for the voter, that we are endeavoring to depreciate South Carolina bonds. Not so; we wish our people to publish to the world that they are not South Carolina bonds. If Governor Scott, and Republican legislators, unmindful of their trusts, legislate by bribery and vote as they are paid, feeling no interest in the future payments of liabilities now incurred, surely they, who do feel an interest, should properly assert and proclaim to the world in advance, that these letters of corruption and extravagance will not be paid if we can help it.

Rest assured that such a voice would be repeated, and its depreciating influence upon the anticipated bonds would vary them forever.

A Good Reason. The citizens and merchants of Blackville, S. C., and the planters of the vicinity, held a meeting on Tuesday, 31st ultimo, at which it was agreed not to purchase cotton or other produce between the hours of 8 o'clock at night and daylight in the morning. This action has been made necessary from the great and increasing evil to which planters and others are subjected by thieves, who plunder their fields and gin-houses of cotton and other produce, and dispose of their ill-gotten gains to dishonest white men between two lights. It is in the highest degree commendable that the merchants and dealers in Blackville have so generally resolved to lend their assistance in the abatement of this glaring evil, which is no more apparent in that section than in other communities of our State, of which might well assist to break up, to a considerable extent, this vile practice of mid-night thieving by a similar concert of action among honest merchants to adhere to similar regulations, and a fixed purpose to discover and expose all persons who make themselves parties to the continuation and encouragement of illicit traffic. We regard this as a most important matter in the protection of the planter, and one in which the merchants of cities, towns, villages, and communities should combine to promote. —Augusta Constitutional.

Honey-moon. The ladies we feel sure, will read with special interest the following account of the origin and significance of the honeymoon which we extract from one of our magazine exchanges: "Among the ancients, a beverage prepared with honey, such as that known as mead, and as metheglin in England, was a luxurious drink. It was a custom to drink of diluted honey for thirty days or a month's age, after a wedding feast, and hence arose the term honey-moon, or Troimic origin. At the 'Seigneur of God,' who waged nearly all Europe, drank it, it is said, so freely of hydromel on his marriage day that he died in the night from suffocation, 453 A. D.

Public Meeting.

A meeting of the citizens of Union County was held at Union Court House, on Monday, September 6. Maj. Benj. Kennedy was called to the chair, and K. A. McKnight, Esq., was appointed secretary.

Maj. B. H. Rice offered the following preamble and resolutions, with a few appropriate remarks: Whereas the enormous taxation imposed by the present State government, and their wasteful expenditure and reckless issuing of bonds excite alarm in the minds of those whose capital and labor stand pledged, without their voice or consent, to the redemption of the same; and, whereas, it is deemed just to ourselves, as also an act of good faith, to give to the world notice of our intention to use every means to avoid the payment of these obligations; therefore,

Resolved, That we declare and publish, without delay, to all concerned, our indisposition and inability to pay the monstrous bonded debt raised and being raised in the name of South Carolina, and our solemn caveat against the purchase of, or advance of money on, such bonds, for any consideration created since 1865, as it is the unalterable purpose of the capital and labor of this State never to pay them.

Resolved, That we are willing to pay all the legitimate expenses of civil government, and all the obligations of the State, principal and interest, created by her representatives in good faith, previous to the war.

Resolved, That the natives, and bona fide citizens of whatever nativity or color, have with us a common interest and the same necessity for the speedy restoration of honest civil rule, and the "preservation of life, liberty and property" in an afflicted commonwealth.

Resolved, That in view of these grievances stated, we hereby place on record our opposition thereto, and invite our fellow sufferers of every County in the State, to meet with us by their representatives in Columbia, on Wednesday, the 10th day of November next, to take counsel together, and to adopt such measures as may be proper for security and relief.

After discussion, they were unanimously adopted. On motion, it was Resolved, That the Charleston News, Columbia Phoenix, and papers of the State generally, be requested to publish a copy of the resolutions.

The meeting adjourned to meet again on the first Monday in October. [Unionville Times.]

THE AMERICAN STOCK JOURNAL for September, contains the usual variety of interesting articles, also a new Premium List for 1870, offering a large variety of useful articles to all who get up clubs. Specimen Copies, Show Bills, &c. sent free. Address N. P. Boyer & Co., Publishers, Charleston, S. C.

THE MISSISSIPPI VALLEY CONVENTION. — KICKED, September 10.—The Commercial Convention has adjourned. The resolutions demand a full share of diplomatic appointments; ask aid from cities and towns on the Mississippi and its tributaries for the establishment of an emigrant depot at New Orleans; ask a subsidy for mail steamers from New Orleans to foreign ports, and favor the removal of the national capital.

SHALL WE GIVE IT UP.—The proposed District Agricultural Society, for Laurens promises to be not a success. Our people are not gregarious. A Bank said of the Union, we are inclined to wards this thing, thusly:—To let it slide. Our columns are open to any body who desires a say on the subject. [Laurenville Herald.]

FIRST FROST IN SPARTANBURG.—The Spartan says: "The effects of frost were seen in the northern part of this district during the cold 'snap' which was felt here last week. The frost was light, and the damage scarcely perceptible. We seldom have frost here earlier than the middle of October."

DEATH OF A CAMDEN PHYSICIAN.—A private letter from Camden received by a gentleman in this city under date of September 1st, says: "We lost our most prominent physician, Dr. T. W. Salmon, yesterday; and I fear Dr. T. S. Worsman will not probably live through the night." —Charleston Courier.

LOXDOX, September 10.—The Pope and the negro.—The Pope, says the Morning Post, is about to make a great effort to convert the American negroes. Ten hundred of them are now studying for the priesthood.

We are pleased to announce that the Chamber of Commerce, at the meeting held last night, passed a resolution of referring a silver goblet to the State Agricultural Society, to be given as a premium for the best ten bales of upland cotton. —Charleston News.

NEWBERRY.—Dr. Mayer is the Chief Editor of the Newberry Herald. It is Problem No. 7. (Herald September 8.) "White is to play and mate in four moves," and we doubt not, under favorable auspices, (i. e. caesa volante,) will do it.—Charleston Courier.

NEWBERRY:

Wednesday Morning, Sept'ber 15. 1869.

COKEBURY DISTRICT CONFERENCE. This Conference assembled in Laurens, Sep. 9th, Bishop Wightman presiding. About eighty ministerial and lay delegates were present. The Conference was opened with an able and eloquent sermon, by Rev. Wm. H. Fleming, Presiding Elder of the District. Committees were appointed on Church Extension, Education, Religious Literature, Sunday Schools, Family Worship, Temperance, Parsonages and Church Music. The reports of these Committees elicited discussions of much interest. The tidings from the Churches, showed the condition of the District to be better both religiously and financially than at any time since the war.

The village was thronged with visitors, and the churches were crowded. Bishop Wightman preached with wonderful power; entrancing his congregation by his depth of thought, clearness of argument, and overwhelming eloquence.

The hospitality of the citizens was elegant, and touched the hearts of those who enjoyed it.

EDUCATIONAL.—It will be remembered that Professor Pifer's English and Classical School opens 1st October.

Dr. Harter's Fever and Ague and Neuralgia Specific can be had at Pratt & Fant's. It is said to be a good remedy for chills.

KICKED.—A little negro boy received a severe kick in the face from a mule a few mornings since, and although one cheek was laid open, the sufferer sustained no further injury, and he is now doing well.

We invite attention to card in to-day's paper, of Mrs. Edward S. White's Boarding and Day School for young ladies, No. 53 West 42nd street, New York City, between 5th and 6th Avenues, opposite Reservoir Park. Mrs. White's abilities as an instructor in the Classics, and in English and modern languages, music, drawing, &c., are eminent, while her rigid discipline in all that pertains to the grace and polite accomplishment of her pupils cannot be surpassed. Her references, from the most distinguished gentlemen North and South, are numerous.

A BEAUTIFUL CAKE.—Ye local says that it afforded him pleasure to watch the manipulation necessary to the completion of a handsome cake: said cake was made by Mrs. Shodair, and is to grace the table of a lovely young bride. The cake is 2 1/2 feet high. An elaborate Gothic steeple, surmounted by a flower vase of artistic finish, renders it highly unique and ornamental. It is beautifully made of sugar, complete the table ornamentation.

PERSONAL.—We had the pleasure during the past week to meet Mr. B. G. Heriot of Charleston, Gen. Agrt. of the Equality Life Insurance Co. of Richmond, Va. Mr. Heriot is devoted to the great business of insurance, having made it a specialty, or upwards of eighteen years.

Mr. R. Hamilton, the genial-hearted sup't of the pleasant "Pavilion" of Charleston, has spent a few moments in our sanctum the other morning. Those visiting the "aside city, and who have an eye to maximum comfort at minimum cost, should stop at the Pavilion Hotel.

Now that the traveling season begins, we invite attention to the following hotel cards in to-day's paper: First of all, the goody Pavilion, under the very able management of Mrs. H. L. Butterfield, who is so efficiently assisted by that prince of hotel managers, Mr. R. Hamilton. The Pavilion is elegantly appointed. If Charleston is the Queen City, the Pavilion is its hotel.

The "National" of Columbia, within a stone's throw of the S. C. & G. C. R. R., has many attractions for the weary traveler and business man. R. Joyner, Proprietor.

Then comes the "Continental," of the little city of Laurens, by Capt. J. Y. H. Williams, who has recently put his house in perfect order. A well furnished bar and barber shop have been added to the house. The table of the Continental is supplied with the best the market affords; the servants are polite and attentive, and serenity prevails.

Last, but by no means least, appears the Newberry hotel—the famous brick hotel—by Jordan P. Pool, Esq. Eligibility, good fare, comfort and convenience are the distinctive features of this well-kept house.

"PETERS' MUSICAL MONTHLY," for September, is well worth the price of a year's subscription. It contains, besides interesting reading matter, the following pieces of music: "Je-sie," (Song); "Down in the Valley," (Song); "The Green Grass Grows Quick," (Song); "At Home Thon Art Remembered Still," (Answer to "Do They Think of Me at Home?"); "The Flower of Marblehead," (Song); "Drum a D File," (Fantasia); "Military March"; "Congenial Gears," (Mazurka); "Morning Glory Mazurka"; "Holy, Holy, Holy"; "God our Lord," (Quartet); "A Mother's Group, or a Row of Little Faces by the Bed," (Quartet); "Some Thon Fount of Every Blessing"; "This World is Full of Sirens"; "Oh! Where's My Rest to Found." Address J. L. Peters, Publisher, No. 198 Broadway, New York. Terms \$3 per annum, or 30 cents for a single copy.

A VALUABLE WORK.—The September number of the Carolina Farmer is received. It fully sustains its reputation as one of the best agricultural journals of the country. The next (October) number will close the monthly series; and on the 1st of November it will appear as an eight-page Agricultural and Family Weekly. In its new form it will give twice as much agricultural matter as at present, besides a great variety of miscellaneous and general reading. The price will remain at \$2.00 per year, in advance. Address, Wm. H. Bernard, Wilmington, N. C.

By the burning of a coal breaker at Avondale Mills, Plymouth Pa., nearly two hundred lives were lost. This is dreadful calamity has made six hundred widows and orphans.

Immigration Society of Newberry.

The Immigration Society of Newberry, S. C., is prepared to furnish the country with field laborers and mechanics; requiring their travelling expenses, etc., to be paid in advance, and desiring recommendations from such persons as are unknown to the Society. Single female servants cannot be obtained.

The Society can promise with certainty to fill, between the 15th of November, 1869, and the 15th of March, 1870; only the first 50 orders, therefore it behooves those who really desire to obtain laborers to send their orders as soon as possible.

The money, to be advanced, which must, without fail, accompany the order, is \$25.00 for a single laborer, and \$60.00 for a family.

The actual expenses of travelling from New York to any point on the South Carolina and Greenville and Columbia Railroad—\$16.00 for a grown person, \$8.00 for children between three and twelve years old, (nothing for children under three years)—will be repaid from the wages of the immigrant.

The Society will charge, for contingent expenses \$4.00 for a single laborer, and \$6.00 for a family. Besides this, the Society will set aside from the money advanced \$5.00 from each order—whether for a single laborer or family—to establish a fund to secure from loss, resulting from failure of the immigrant to embark, after his passage has been paid, etc. This fund is also for the purpose of reimbursing any employer who can satisfactorily show that a laborer has left him before he could refund the money prepaid for his travelling expenses.

The contribution for contingent expenses is not included in this fund.

Any amount of the fund remaining at the end of the year 1870, will be returned to employer in proportion to what they have paid.

The contingent expenses and the contribution for the fund against losses, which the Society might sustain, must be paid by the employer and not be deducted from the wages of the employe.

If the Society fails to fill an order, it will return the money advanced, deducting only the postage.

The Society has appointed Agents only at Charleston, Columbia and Newberry, if, however the orderer desires Immigrants to be forwarded to other points, he must appoint some one at such place, to take charge of them and the name of such person must be communicated to the subscriber.

The Society pays the travelling expenses only to stations along the South Carolina and Greenville and Columbia Railroad, and will not be responsible for expenses incurred on other Railroad.

Upon the arrival of the immigrant, the Society will make out a bill of all expenses and present to the person ordering for settlement.

The wages of the immigrants will be fixed as follows, unless a laborer consents to a reduction:

FIELD-LABORERS. 1st. SINGLE LABORER.—\$10.00 monthly, with board, lodging and washing. (Not required to do his own cooking.) 2d. FAMILIES.—For a man \$10.00 monthly, for a working woman \$5.00, with provisions. The employer can either have the cooking done, or he can give them rations and allow the wife time to cook.

The following rations have been proven by last year's experience, to be sufficient: For a man; 6 quarts corn meal, 3 1/2 pounds wheat flour, 3 1/2 pounds meat, 1 1/2 pound coffee, 1 1/2 quarts molasses a week, and some milk daily. For a woman; 4 quarts corn meal, 2 pounds wheat flour, 2 pounds meat, 1 1/2 pound coffee, 1 quart molasses a week, and some milk daily.

Should the employer prefer giving the family money with which to procure provisions, the amount fixed upon is about \$6.50 a month for a man, and \$4.00 for a woman, with a small garden, which must be worked only in spare time.

CHILDREN, capable of work, must be paid according to their services; and the wages must be arranged between the employer and their parents.

MECHANICS. All persons desiring mechanics must define what wages and conditions they are willing to enter into with employes. Unless differently expressed in the order, all immigrants will consider themselves engaged until Christmas, 1870.

The immigrant, in cases of disagreement with his employer, shall always be allowed to make his appeal to the Society, which, if the complaint is well founded and cannot be adjusted, will proceed to obtain him another place.

Employers would do well, not to excite expectations by making the immigrants any promises, about the fulfillment of which there can be any doubt, and thus avoid one great cause of discontent.

It is advisable, the Society thinks, to place the laborer at the very commencement of his service upon the very work he is to do; and to see that he does it properly. This would do much towards securing a good and faithful laborer.

All letters, remittances, etc., must be directed to the subscriber; and written in a legible hand. All orders must be given before the 20th of October, 1869. Newberry C. H., S. C., Sep. 6, 1869. E. W. BRUGGEMANN, General Agent of the Immigration Society of Newberry. REV. T. S. BAINEST, Pres't. S. L. MCCATGHERN, Sec'y.

Mr. Editor: There was a large Sunday School Celebration at St. Luke's Church last Friday, the 10th inst. St. Luke, Zion, Ebenezer, Prosperity, Newville, New Chapel, and Colony Sunday Schools were represented on the occasion. The scholars and teachers together numbered over three hundred, and made an imposing sight as they marched in procession, singing as they marched, to their places in the church. The exercises of the day were alternated with songs and addresses. "Happy Greeting," the song of welcome, was sung with remarkable harmony and good effect; and the subsequent selections added much to the interest of the day. It was delightful indeed to listen to these sweet songs, and be lost, as you listened, in the most hopeful anticipations about the glorious institution, the Sunday School, and its direct and positive benefits to those who were there connected with it. The addresses of the forenoon were made by the Revs. J. C. Eoyd and Jacob Hawkins; those of the afternoon by the Rev. J. A. Sligh and Mr. Thomas S. Moorman. The kindest attention was given to the speakers, and it is to be hoped that their earnest efforts to promote the Sunday School cause had the desired effect. The abundant dinner, amply supplied the large number in attendance, about fifteen hundred, whose hearts were much affected, if it be true that "the nearest way to the heart is down the throat."

"The utmost quiet and good order prevailed during the entire day, to the pleasure of all, and no doubt to the great satisfaction of Mr. John A. Bedenbaugh and his esteemed brethren, who labored to make the day an agreeable one. It was a glad time. May the Sunday Schools and communities represented on that day have full many a happy time like this. Yours truly, T. S. M.

Solution to Problem No. 7. White, Black, Q. to K's 6th check. P. takes K. P. disc'd check. K. to K. 2nd B. P. takes R. disc'd check. K. to Q. sq P. takes K. queen's and mates.

Problem No. 8. BY A. J. MCCAUGHRIN. White. Black to play and mate in three moves.

OBITUARY. Departed this life, in the seventy-first year of his age, at his residence, Newberry C. H., South Carolina, on the 21st of August, 1869, Mr. ROBERT STRAW, known for forty-two years as a prominent merchant of that place. In the community where he spent the greater portion of his life, he held a high position among commercial men. His striking characteristics were a quick judgment of men and things, remarkable energy and perseverance, indomitable purpose, great decision and firmness, and entire devotion to business.

By his industry he had accumulated a handsome property. He contributed to charitable objects, and usually in so unobtrusive a manner, that his deeds of generosity were known only to the recipients of his favors.

He was disposed to keep out of public life, but without any solicitation on his part, he was elected to the Legislature for two successive terms. He discharged his duties in this capacity with fidelity and to the satisfaction of his constituents. He was also a member of the Convention, which adopted the present Constitution of the State.

From the very beginning of the enterprise, his energies were enlisted in the Greenville and Columbia Railroad. Upon the organization of the Board, he was chosen a Director, and continued to serve until a few months before his death, when he was compelled to resign on account of ill health.

For many, many weary months, he seemed, humanly speaking, to be kept alive, and kept only by his strong will. In his sickness without murmur or complaint.

In the year 1825, he married Eliza R. daughter of Samuel Ward, of Laurens District. The memory of those years of wedded life, with his joys and sorrows, will, as a sacred lamp within a sepulchre, burn evermore in her widowed heart. The nine children vouchsafed them by Providence, have all, by the same Hand which gave, been taken away. And nought remains to comfort the desolate heart, but the hope of a joyful reunion beyond the grave, where there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain.

Funeral services were held at Newberry on Wednesday, the 24th inst. The interment was in the cemetery near the residence of the deceased.

SPECIAL NOTICES. A WONDERFUL DISCOVERY.—In the South where Liver Complaint and Biliousness prevail to so great an extent, there has long been a need of a medicine that would act specifically and promptly on the Liver, restoring it to its normal functions, and at the same time be safe from after effects, and yet so simple that it might be used by any one. LIVER PILLS supplies this want. They set directly on the Liver; their constant use will gradually and in the slightest degree the most delicate constitution on females at any period may use them with great benefit, and realize great relief from the distressing ailments which they experience at certain times. The pills are not recommended as a universal cure-all, but simply for diseased Liver, and those ailments which follow the derangement of that important organ, such as Dyspepsia, Sick Headache, Indigestion, Loss of Appetite, Constipation, Dropsy, Liver Swelling, Biliousness, Cholera, and Fever. Full Breaths, Restlessness at night, and Flatulency. These invaluable pills may be found in every Drug Store of any note in the South at 25 Cts. per box.

A HANDSOME INDUCEMENT.—Every person who sends \$3.50 to the "XIX Century" Magazine Co., at Charleston, S. C., receives that superb Magazine for one year, and a copy of either of the Varney Novels or the works of Charles Dickens that may be desired.—Specimen numbers with Premium List 35 cents. Sep. 15 36 3m.

THE "XIX CENTURY" Magazine, published at Charleston, has been so successful in literary enterprise that they are circulating hundreds of copies of their works free to the purchasers of the Magazine. Ask for it at Chapman's Book Store. Sep. 15 36 3m.

MONTREAL, September 9.—An interesting case involving much property has been decided by the Supreme Court. The Court decides that marriage with an Indian woman is legal and legitimates her children. The children of a subsequent white wife are illegitimate. Leave is given defendants to appeal to England.

More deaths by drowning from surf-bathing have been reported this year than ever before.
