Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

and Consumption.

Probably never before in the whole history of medicine, has any thing won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and nigher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to nilder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient constunption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it. Asthma is always relieved and often wholly Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses. So generally are its virtues known, that we need not publish the certificates of them here, or do more than assure the public that its qualities

are fully maintained. Ayer's Ague Cure For Fever and Ague, Intermittent Fever, Chill Fever, itemittent Fever, Dumb Ague, Periodical or Edious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic

As its name implies, it does Cure, and does not fail. Containing peither Asserted As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in towise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the Astory of Ague medicine. Our pride is gratified by the arknowledgments we receive of the radical cures

of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly is an excellent remedy, producing many truly remarkable cures, where other medicines had Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.
