If we knew the baby fingers Pressed against the window pane, Would be cold and stiff to-morrow-Never trouble us again-Would the bright eyes of our darling Catch the frown upon our brow; Would the print of rosy fingers Vex us then as they do now ?

Ah, these little ice-cold fingers, How they point out memories back To the hasty words and actions Strewn along our backward track! How these little hands remind us, As in snowy grace they lie, Not to scatter thorns-but roses-For our reaping by-and-by!

Strange we never prize the music Till the sweet-voiced bird has flown; Strange that we should slight the violets Till the lovely flowers are gone; Strange that summer skies and sunshine Never seem one-half so fair As when winter's snowy pinions Shake their .. nite down in the air.

Lips from which the seal of silence None but God can roll away, Never blossomed in such beauty As adorns the mouth to-day; And sweet words that freight our memory, With their beautiful perfume, Come to us in sweeter accents, Through the portals of the tomb.

Let us gather up the sunbeams Lying all around our path; Let us keep the wheat and roses, Casting out the thorns and chaff; Let us find our sweetest comfort In the blessings of to-day, With a patient hand removing All the briars from our way.

We copy the following notice given by the property owners of New Orleans, as bearing on this vexed question :

New ORLEANS, March 18, 1871. "The undersigned property-owners and tax-payers of the City of New Orleans, satisfied that the State Legislature has, at its last session, exceeded its power in the loans, endorsement and other obligations and grants authorized on the part of the State, the total amount of which is limited, by the recent amendment to the constitution, to \$5,000,000 (incurred already) as shown by the annexed official statement of the auditor, take this early opportunity of notifying bankers, brokers and dealers in securities, in this country and Europe, that they consider all such loans, endorsements and pleages as null and of no value; that they will sustain the auworthes in resisting their issue, and if issued, will, by every legal means, en-deavor to prevent the payment of any interest or principal, or of any tex levied for that purpose. They only recognize rice State debt proper, amounting to \$25,021,734 40, as shown in the acco panying exhibit of the secitor, and they class the 'accruing deat' with the illegal legislation previously referred to."

BURNED TO DEATH. - We regret to learn that a little daughter of Mr. Welsh, of this County, was burned to death last week. The child, as we understand, was playing in a sedge field, when fire was communicated to it. The flames spread with such rapidity that the child was unable to make its escape.

The Air-line Railroad, near Greenville, is soon to be graded. The Mountaineer says that the contracts provide for the completion of said work prior to Junnary of next year. The Sumter News also states that Treasurer Perronneau is authorized to contract for grading the whole line of road from Samter to the North-eastern connection.

L. E. Bigger, a carpet-bag merchant of Clarendon, was taken from his store by a party of disguised men on Wednesday last, carried to a wood, bucked, gagged and tied to a tree, and his house burned. Under penalty of death he was made to quit the country. He was of the mannet stripe, and the try. He was of the meanest stripe, and the papers state that he richly merited what he received. He is the same individual who tried to get a \$12,000 imaginary claim out of the Legislature.

DR. TUTT'S EXPECTORANT

Coughs, Colds, &c. For the Speedy Relief AND PERMANENT CURE OF

CONSUMPTION, BRONCHITIS, ASTHMA COLDS, Lungs, Chest, or Throat!

THE EXPECTORANT is composed exclusive-ly of Herbal and Mucilaginous products.

Permeate the very Substance of the Lungs, causing them to throw off the scrid matter which collects in the Bronchial Tubes, and at the same time forms a soothing coating, relieving the irritation which produces the cough.

The object to be obtained is to cleanse the organ of all impurities; to nearish and strengthen it when it has become impaired and enfeebled by disease; to renew and invigorate the circulation of the blood, and strengthen the nervous organization. The EXPECTORANT does this to an astonishing degree. It is active but mild and congenial, imparting functional energy and natural strength. It affords Oxygen to vitalize the blood, and Nitrogen to assimilate the matter—
It equalizes the "nervous influence," It equalizes the "nervous influence,"

TO CONSUMPTIVES It is invaluable, as it immediately relieves the difficult breathing and harassing cough which attends that disease.

producing quiet and composure.

FOR ASTHMA It is a specific—one dose often relieving the distressing choking, and producing calm and pleusant repose.

FOR CROUP

No mother should ever be without a bottle of the EXPECTORANT in the house. We have numerous certificates of its having relieved, almost instantly, the little sufferer, when death appeared almost inevitable. MOTHERS BE ADVISED!

Keep it on Hand! This dread disease requires prompt action; as soon as the hourse, hollow cough is heard, apply the remedy, and it is easily subdued;

BUT DELAY IS DANGEROUS! The properties of the EXPECTORANT are demulcent, nutritive, balsamic, southing, and healing. It braces the nervous system and produces pleasant and refreshing sleep. IT EXHILIRATES AND RELIEVES GLOOM-INESS AND DEPRESSION.

Containing all these qualities in a convenien and concentrated form it has proven to be the Most Valuable Lung Balsam ever offered to sufferers from Pulmonary disl'repared by

Hair Vigor, For restoring Gray Hair to its natural Vitality and Color.

Ayer's

A dressing which is at ence agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color,

ened, falling bair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor care only benefit but not harm it. If wanted merely for a
